

EuroSciCon

10th Edition of International Conference on

Mass Spectrometry

June 17-18, 2020
Barcelona, Spain

Theme:

Scientific Breakthrough in Recent Technologies and Advancements in Mass Spectrometry

EuroSciCon

Mass Spectrometry

2020

Invitation

EuroSciCon extends an enthusiastic and sincere welcome to the 10th Edition of International Conference on Mass Spectrometry. The conference is will held on June 17-18,2020 in Barcelona, Spain. Theme: "*Scientific Breakthrough in Recent Technologies and Advancements in Mass Spectrometry*" Anticipating developing a close networking platform for the academic and industrial representatives from around the world, the theme of the conference is designed as such that it touches every nook and corner of the basic and advanced applications of Mass Spectrometry.

Mass Spectrometry 2020 aims to give a concrete base to your hi-tech visions by expecting participation of 150+ notable minds under one single roof. Here's where you can get thought inciting talks and exhibitions of knowledge from people having research experience worth a fortune.

Join us @ Barcelona - Mass Spectrometry 2020!!

Regards,

Mass Spectrometry 2020

EuroSciCon

EuroSciCon

Segments within the Congress

- A balanced mixture of Keynote speeches, Session talks and Poster presentations along with probable Exhibitions from industries will play quite a major role in assuring the attendees of a detailed discussion and justify the cause for which they will be in Barcelona.

June 17-18, 2020
Barcelona, Spain

EuroSciCon

Mass Spectrometry

2020

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ analytical chemists and drug analysts accessing the website, Mass Spectrometry 2020 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our speakers and committee members fuelling better outreach of the work and profile.

Mass spectrometry 2020 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

June 17-18, 2020
Barcelona, Spain

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Mass Spectrometry

2020

Conference Audience

10th Edition of International Conference on Mass Spectrometry, June 17-18, 2020 in Barcelona, Spain. Theme of the conference focuses “Scientific Breakthrough in Recent Technologies and Advancements in Mass Spectrometry”. Mass Spectrometry 2020 will provide an unprecedented opportunity for chemists of all stripes and colors to share their research with colleagues by discussing the latest advances in the field.

We invite directors, presidents & CEO’s from companies, chemists, academic groups, directors from pharmaceutical companies. Laboratory scientists who identifies, quantifies, analyzes or tests the chemical or biological properties of compounds or molecules or who manages these laboratory scientists’, chemical researcher, molecular diagnostics, clinical laboratories, health Care Industry, quantitative analysts, qualitative analysts, editorial board members, students, faculty members. chemical instrument vendors, professors and students from academia in the field of analytical and pharmaceutical sciences. Delegates from various pharma & instrumental companies from all over the world.

EuroSciCon is one among Europe’s largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 17 years of life science communication it focuses on to spearheading the transformation of medical research into knowledge through scientific gatherings and networking. Supporting the Rare Care UK Organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards scientific serendipity.

Exhibiting with Us…

We are providing the perfect business platform to promote your products and services as well, which will help in taking and generating new leads.

Why exhibit with us?

Best platform to develop new partnership & collaborations.

Best location to speed up your route into every territory in the World.

89% our conference attendees are the Key contact in their labs purchasing decisions.

Our exhibitor booths were visited 4-5 times by 80% of the attendees during the conference.

Past exhibitor's feedback reveals ample of enquiries perceived from the conference attendees.

Network development with both Academia and Business.

Exhibitor benefits

One exhibit booth (Size-3X3 sqm).

1-page publication of the exhibitor profile in the souvenir- Mass Spectrometry 2020.

Promotion through the conference website.

One complimentary scientific program registration.

Logo recognition in the Scientific program, Conference banner and flyer.

One A4 flyer insert in the conference kit.

Post conference -submission of the mailing list.

Getting Around Barcelona...

Barcelona is a city in Spain. It is capital and biggest city of the independent network of Catalonia, it is the second most crowded region of Spain. With a populace of 1.6 million inside city, its urban territory reaches out to various neighboring regions inside the Province of Barcelona and is home to around 4.8 million individuals, making it the 6th most crowded urban zone in the European Union after Paris, London, Madrid, the Ruhr zone and Milan. It is probably the biggest city on the Mediterranean Sea, located on the coast between the mouths of the waterways Llobregat and Besòs, and limited toward the west by the Serra de Collserola mountain go, the tallest apex of which is 512 meters (1,680 feet) high.

Barcelona is one of the world's leading vacationer, entertainment, trade fair and cultural centers, and education, sports, media, designs, science, and expressions of the human experience all add to its status as one of the major worldwide urban areas. It is a significant social and monetary focus in southwestern Europe, 24th in the world, and a financial center. In 2008, it was the 4th most economically powerful city by GDP in the European Union and 35th in the world with GDP amounting to €177 billion. In 2012, Barcelona had a GDP of $170 billion; and it was leading Spain in employment rate at that moment

In 2009 the city was positioned at Europe's third and one of the world's best city brands. In the same year the city was positioned Europe's fourth best city for business and quickest improving European city with development improved by 17% for every year, and the city has experiencing strong and renewed growth for the past three years. Since 2011 Barcelona has been a major smart city in Europe. Barcelona is a transport hub with the Port of Barcelona being one of Europe's essential seaports and as busiest European passenger port, an international airport, Barcelona–El Prat Airport, which handles more than 50 million travelers per year, a huge motorway network, and a fast railway with a link to France and the rest of Europe cites.
