19TH WORLD CONGRESS ON

MATERIAL CHEMISTR & NANO MATERIALS

AUGUST 26-27,2020 | DUBAI,UAE

Material Chemistry & Nano Materials 2020

Invitation

MaterialChemistry & Nano Materials 2020

Dear Attendees,

Meetings International proudly announces the 19th World Congress on Material Chemistry & Nano Material scheduled during August 26-27, 2020 in Dubai,UAE. The conference emphasizes the theme "An approach to the better understand the Material Chemistry & Nano Materials".

The purpose of this conference is to provide an international technical forum to showcase recent advances in Material chemistry, & Nano Materials systems have created a tremendous interest in many application fields, including life sciences, Point of care diagnostics, and environmental applications. The conference aims to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results on all aspects of Material Chemistry&Nano Materials and its development. There is an extensive international perspective at this conference with speakers, poster presenters, sponsors, and exhibitors from Europe, US, and Asia/Pacific.

Sincerely,

Operating Committee

Meetings International

Conference Highlights

MaterialChemistry & Nano Materials 2020

- Analytical Techniques and Instrumentation
- Nano materials
- Materials Synthesis and Characterization
- Materials Science and Engineering
- Materials Science and Engineering
- Applied Material Chemistry
- Polymer Science and Applications
- Polymer Science and Engineering
- Organic Materials Chemistry
- Science and Technology of Advanced Materials

To identify the future directions of research

Peer review and high quality publication

Quality research

Head Management/CEO/Manager

Dean

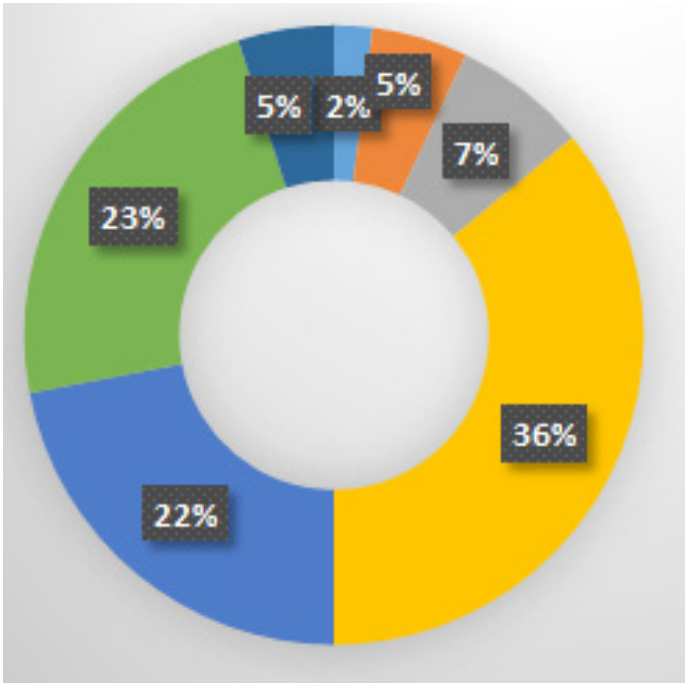

Director

Professor

Students

Research Scolars

Business Enterprenures

Explore Dubai

Dubai ascended as a worldwide city and business focus of the Middle East. It has starting late pulled in world consideration through numerous imaginative vast development tasks and sports occasions. The city has ended up being prominent for its elevated structures and lifted structures, explicitly the world's tallest building, the Burj Khalifa. As in 2012, Dubai was the 22nd most exorbitant city on earth and the most expensive city in the Middle East. In 2013, U.S. worldwide counseling firm Mercer assessed Dubai the best place to live in the Middle East. One of the world's quickest developing economies, Dubai's GDP is anticipated at US$107. Dubai has propelled a few noteworthy activities to help its economy and create diverse divisions. As Dubai's draw for voyagers, in 2013, Dubai was the seventh most visited city of the world dependent on air traffic.
