18TH INTERNATIONAL CONFERENCE ON

MATERIALS RESEARCH AND TECHNOLOGY

MAY 27-28, 2020 | TOKYO, JAPAN

Material Research 2020

Invitation

Material Research 2020

Dear Attendees,

Meetings International proudly announces the 18th International Conference on Materials Research scheduled during May 27-28, 2020 Tokyo, Japan. The conference emphasizes the theme "Marerial research and engineering is proliferating the limitations of materials".

Material research area covers a wide range of growing markets, such as engineering resins, plastic alloys and blends, advanced batteries and fuel cells, and soon. The technological curriculum of Materials research 2020 is unprecedented, discussing structure, properties, storage and quality across the population of materials. Materials Technology 2020 brings together researchers, engineers, students, suppliers and business leaders to discuss current research and technical developments and shape the future of science and technology in materials.

Sincerely,

Operating Committee

Explore Tokyo

Material Research 2020

Tokyo, Japan's busy capital, mixes the ultramodern and the traditional, from neon-lit skyscrapers to historic temples. The opulent Meiji Shinto Shrine is known for its towering gate and surrounding woods. The Imperial Palace sits amid large public gardens. The city's many museums offer exhibits ranging from classical art (in the Tokyo National Museum) to a reconstructed kabuki theater (in the Edo-Tokyo Museum).
