Invitation

Dear Attendees

Meetings International proudly announces the ***20th World Congress on Material Chemistry & Nano Materials*** scheduled during ***December 08-09,2021 in Dubai, UAE.***

The conference emphasizes the theme "***Discovering the challenges in Material Chemistry and Advancements in Nano Materials***".

The Material Chemistry 2021 gathering gives a mind-blowing opportunity to discuss the latest progressions inside the field. This conference brings together the innovations in Material Chemistry & Nano Materials and brings the key opinion leaders and thought leaders in the field from around the world for two intensive days of scientific presentations, networking as well as engagement with companies developing innovations in tools and technologies in this space. The purpose of Material Chemistry 2021 is to provide an international technical forum to showcase recent advances in Material Chemistry & Nano Materials and Polymer Chemistry & Advanced Materials,Smart Materials,Chemical Education& Chemical Engineering, Molecular Modelling & Nanotechnology. Material Chemistry & Nano Materials conference operation committee is providing a platform for all the budding young researchers, young investigators to showcase their research and innovation.

Sincerely,

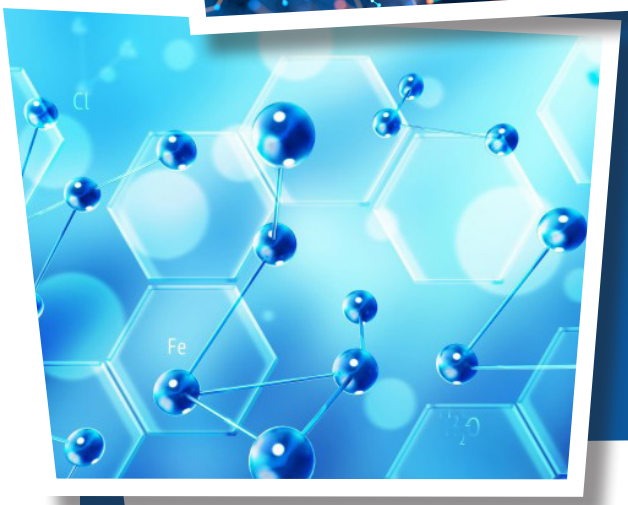

Operating Committee

Material Chemistry 2021

Conference Highlights

- Polymer & Analytical Chemistry
- Chemical Education& Chemical Engineering
- Molecular Modelling & Nano-technology
- Material Science & Inorganic Chemistry
- Smart Materials
- Nano Polymers, Nanotubes & Nanoporous Materials
- Advanced Materials
- Bio-Chemistry & Bio-Technology
- Agricultural Chemistry & Environmental Chemistry
- Drug Delivery & Toxicology
- Nanotechnology &Tissue engineering
- Polymer Science & Applications

- To identify the future directions of research
- Peer review and high quality publication
- Quality research

Dubai Attractions

Explore Dubai

Dubai is emirate of the United Arab Emirates. The second generally crowded and second biggest condition of the alliance .It is generally rectangular, with a façade of around 45 miles on the Persian Gulf. The city is arranged on a little creek in the upper east aspect of the state. More than nine-tenths of the emirate's populace lives in the capital and firmly developed segments. Dubai is encircled by Abu Dhabi on the south and west and by Al-Sharqiyah on the east and upper east. Also, the little exclave of Al-Ḥajarayn in the Wadi Hatta, in excess of 25 miles from the closest domain of Dubai legitimate, has a place with the state.

The settlement of Dubai city is perceived from 1799. The sheik of the emirate, at that point a minor, marked the British-supported General Treaty of Peace (1820), yet the territory was evidently reliant on Abu Dhabi until 1833.

The Emirate of Dubai is the second biggest of the seven United Arab Emirates yet has the significant populace at over 2.1 million individuals.

Venue

Dubai, UAE
