Meetings International

20th International Conference on

Materials Engineering and Nanotechnology Conference

November 25-26, 2020 | Singapore City, Singapore

Materials Engineering 2020

Invitation

Materials Engineering 2020

Dear Attendees,

Meetings International proudly announces the **20th Materials Engineering and Nanotechnology** Conference during **November 25-26, 2020, in Singapore City, Singapore**. This conference emphasizes the theme Advancing The research & innovation on Materials Engineering & Nanotechnology

At the 'World Congress on Materials Engineering', Meetings International promotes broad scope research and peer review at a wide range of specialists around the world. The key strategic objective of Meetings Int. is to communicate science and medical research between academia, and industry. Through inspiring sessions and tons of networking, you will learn to be even more audacious and bold than you are now and free to grow your mind, grow your business, and grow your bottom-line. We can relieve you of the time and resource draining elements of the events that you plan to hold. From planning to coordinating, start to finish; we will be there to ensure you take the accolades for yet another brilliant program. by attending Materials Engineering 2020

Sincerely,

Operating Committee

Conference Highlights

Materials Engineering 2020

- Materials Engineering and Technology
- Advanced Materials Devices
- Advanced Biomaterials and bio devices
- Graphene and 2D Materials
- Emerging Smart Materials
- Polymer Science & Engineering
- Biosensors and Bioelectronic Materials
- Materials for Green Technology
- Nanotechnology
- Carbon Nanostructures & Graphene
- Sustainable Energy and Development
- Fiber and Composites
- 3D printing materials
- Advanced Ceramics & Composite Materials
- Optical, Magnetic and Electronic Materials

To identify the future directions of research

Peer review and high quality publication

Quality research

Explore Singapore

Singapore has reinvented itself as one of the world's best destinations. With sharp and constant contrasts all over this area you will struggle to find a more diverse and vibrant holiday experience anywhere else. The phrase 'City in a Garden' has been used to describe this magical location in which ancient forests and contemporary architecture blend into one. Old school jungle huts, chic cocktail bars and everything inbetween, Singapore is a city of riches both natural and man-made. Singapore offers travelers so much more than just a stop-over destination, there is a wealth of culture and fun just waiting to be discovered
