

EuroSciCon

3rd Edition of International Conference on

Materials Technology and Manufacturing Innovations

May 18-19 ,2020

Amsterdam, Netherlands

Theme:

Fueling the Core of Innovations in Material Sciences

EuroSciCon

Materials Manufacturing

2020

Invitation

EuroSciCon is organizing meeting on 3rd Edition of International Conference on Materials Technology and Manufacturing Innovations is scheduled from May 18-19,2020 at Amsterdam, Netherlands. EuroSciCon is the UK based independent materials science Events Company with predominantly business and academic client base.

The 2020 meeting promises to be a dynamic and informative event and going to explore the issues on work related factors, innovations and integrated approaches towards materials technology, the speakers are a multidisciplinary gathering of globally perceived specialists that speak on the Materials-Manufacturing with a theme on ***Fueling the Core of Innovations in Material Sciences!!***

This is 2-day Meeting and you can participate in a number of educational formats including General Sessions, Poster Presentations, and Workshops/Symposium, Meet-the-Professor Sessions, Oral Presentations and other interactive and informal exchanges.

Topics will cover the latest advances in materials science and technology, Materials-Manufacturing , material science and manufacturing, Bioinspired Materials And Systems Electronics And Photonics Materials Surface Characterization Computational Materials Science and many more.....
Metallurgy and Materials Science,Methodology and measurement,Thermodynamics,Processing and manufacturing,Materials theory and culture,Electro chemistry,Polymer chemistry and many more.....
We trust you will discover the Meeting beneficial, enlightening and agreeable. We want to thank all EuroSciCon Members and participants whose commitments and cooperation have been basic to the accomplishment of the association!!

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

Amsterdam, Netherlands

EuroSciCon

Materials Manufacturing

2020

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Engineers, Scientists, Students Technologists accessing the website, EuroSciCon Materials-Manufacturing & Human Factors 2020 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Materials-Manufacturing 2020 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

May 18-19 ,2020

Amsterdam, Netherlands

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Materials Manufacturing

2020

Who'd be attending?

EuroSciCon Conference on 3rd Edition of International Conference on Materials Technology and Manufacturing Innovations plays host for the Multinational organizations, entrepreneurs across the globe, the researchers and academicians. Prominently Metallurgy, Engineers, Scientists, Students and others who stay plunged in learning and practice in theMaterial Science its technologies.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 19 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Energy Production And Storage Materials
- Electronics And Photonics Materials
- Bioinspired Materials And Systems
- Surface Characterization
- Computational Materials Science
- Optoelectronic And Magnetic Materials
- Structural Materials
- 3D- Printing
- Nanomaterials
- Graphene
- Electrode Materials
- Biomaterials
- Renewable And Alternative Energy
- Bioelectronics

Materials Manufacturing

2020

About Destination Amsterdam

With deep-rooted connections to the royals, Amsterdam is one of the most visited cities in the world. The commercial center of the Netherlands, the city, boasts of many historical monuments, art galleries, museums, and is also a hub for education among other things. Sightseeing in Amsterdam offers a look at the city's best and adds colors to one's experiences.

From shopping to various influential Amsterdam points of interest, the city has much to offer to everyone.

Places to Visit

With a bunch of historic and beautiful places to go in Amsterdam, one would never be perplexed with the question of "Where to go to Amsterdam?" ever. With wondrous sights, a beautiful cityscape, picturesque neighborhoods, and many parks, Amsterdam is a traveler's paradise.

Here are some of the best Amsterdam attractions for adults as well as kids:

1.The Old Church (Oude Kerk):

Located across the bridge to Zeedijk, this church is the oldest and one of the most magnificent piece of architecture in the city. The church has been standing proud since 1306 and has served as a model for various churches to be built after it. Including various chapels, the Iron Chapel, a massive carillon, which is considered as one of the finest in the country. It offers the best view of the city. This church is one of the primary Amsterdam attractions. Apart from this, the main feature of the church includes interiors from Reformation and three High Renaissance windows.

2.The Begijnhof:

The Begijnhof, one of the most visited Amsterdam tourist attractions, is a host of green, well-kept lawns and a collection of old houses. Most of the old houses of the area are inhabited. The beautiful and intricate lanes and pathways, are free for public access. A visit to Begijnhof would also offer a view of some of the oldest houses and the only wooden house in Amsterdam.
