Welcome Message

Meetings International proudly announces the 2nd International Experts Meeting on Advances in Materials Science Research and Nanotechnology (Materials Science 2018) scheduled during October 29-30 2018 at Osaka, Japan. With a theme of "Modernization of Materials Science and Nanotechnology". The conference provides a Global Platform for Pharma, Biotech, Medical and Healthcare Professionals to Exchange Ideas, Knowledge and Networking at its 100+ International Conferences.

Materials are chain-like molecules made up of repeating chemical blocks and can be very long in length. Depending on the nature of the repeating unit they are made of polysaccharides, proteins of amino acids, and nucleic acids of nucleotides. The studies are more concerned to Green Composites, Biopolymer Feed Stock Challenges & Microbial Cellulose, Biomaterials and Bio plastics. Advanced studies are being made to improvise developments in Biopolymer Technology, Waste Management, pharmaceutical and biomedical applications, Biodegrade ability, and many more.

Materials Science 2018 will bring together key decision makers and innovators within this rapidly growing field. This intensive 3-Day program will examine various Biopolymer strategies. The event will cover Materials Science, Polymers, Biopolymers, Advanced Biopolymers, Biodegradable Polymers, Bio Renewable Biopolymers, Biopolymers as Materials, Polymeric Biomaterials etc.

Sincerely,
Operating Committee
CEO and Founder
Meetings International PTE LTD.

http://www.materialsmeetings.com/

Who Should Attend?

Biopolymers and Polymer Chemistry, Biopolymer engineering and academic professionals specializing in:

- Eminent Scientists of Polymer Science & Chemical Engineering, Green Chemistry
- Polymer Research Professors and research fellows
- Students from Material science, Polymer Science and Technology & Chemical Engineering
- Directors of Polymer Manufacturing companies, Green Chemicals Companies
- Biopolymer Engineers, Polymer Science Engineers & Chemical Engineers
- Members of different Biopolymer, Waste Management, Chemistry, Chemical Engineering Associations.
- Nanotechnology

Why Attend?

- 10+ Keynote Speaker Session
- 50+ speaker faculty over 3 full days sharing innovative peptide drug development take-home strategies
- 5+ Workshops
- 13 Interactive sessions
- Mixture of Industry and Academia Delegates
- Networking
- Exhibit hall with leading specialty manufacturing, instrumentation and development providers

Conference Highlights

- Nanotechnology in Materials Science
- Bionanotechnology and Nanomedicine
- Materials Science & Engineering
- Materials in Industry
- Materials for Energy and Applications
- Materials Chemistry and Analysis
- Materials for Green Technology
- Nanotechnology in Polymers
- Nanostructures and Nanofabrications
- Nanotechnology for biological system
- Polymeric materials and Nano Robotics
- Nanotechnology in communications & Information Technology
- Metallurgy and Materials Science
- Biomaterials and Tissue Engineering
- Advances in Materials Science
- Nanoelectronic devices

Event at a Glance

Time	Session
Day-01 Thursday 12 October 2017	
08:30-09:30	Registrations
09:30-11:30	Keynote Forum
Group Photo	
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Nanotechnology in Materials Science | Bionanotechnology and Nanomedicine | Materials Science & Engineering
13:00-13:45	Lunch Break**
13:45-16:00	Materials in Industry | Materials for Energy and Applications | Materials Chemistry and Analysis
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Materials for Green Technology | Nanotechnology in Polymers | Nanostructures and Nanofabrications
Day Concludes	
Day-02 Friday 13 October 2017	
08:30-09:30	Registrations
09:30-10:30	Keynote Forum
10:30-11:30	Nanotechnology for biological system | Polymeric materials and Nano Robotics
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Nanotechnology in communications & Information Technology | Metallurgy and Materials Science
13:00-13:45	Lunch Break**
13:45-16:00	Biomaterials and Tissue Engineering | Mechanical application of Nanotechnology
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Poster Presentations
Conference Concludes	

Editorial Board Members

Dr. Rajesh R Wakaskar
Formulation Scientist at Insys Therapeutics

Dr. Farid MENAA
Fluorotronics & Co, USA

Dr. John X Wang
National Institute of
Quantum Computing (NIQC), USA

Dr. Raoul R. Nigmatullin
Professor of the Radio-electronics and Informative-Measurements Technics Department, Russian Federation

Dr. Donna Wang
Michigan State
University, USA

Dr. Anand Gadre
Stem Cell Instrumentation and Nanofabrication Facility, University of California, USA

Dr. Gregory Paul Nichols
Program Manager for Nanotechnology Studies at ORAU, USA

Dr S. Joseph Antony
University of Leeds, UK
Dr. Aman Ullah, Assistant Professor, University of Alberta, Edmonton, AB, Canada

Dr. Wafaa A. Khalil, Associate Professor of Endodontics, Department of Endodontics, Faculty of Dentistry, King Abdulaziz University, Saudi Arabia

Journals

Selected contributions will be published in following supporting international Journals

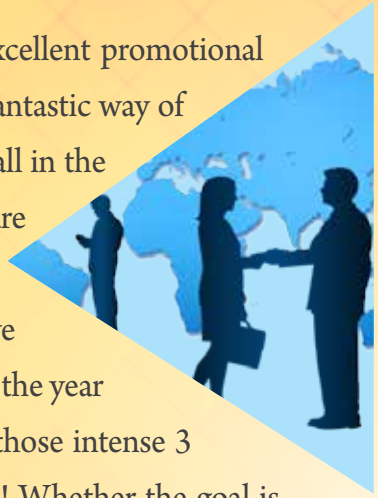

Research & Reviews: Journal of Material Sciences
http://www.rroij.com/material-sciences.php

International Journal of Innovative Research in Science, Engineering and Technology

Sponsorship and Exhibiting Opportunities

Supporting our events as a sponsor is an excellent promotional tool for your company/organization and a fantastic way of achieving several marketing and sales goals all in the space of 3 valuable full days. Our attendees are actively seeking and researching solutions to their business problems, you can save yourself a lot of time and money throughout the year by simply being a sponsor and do more in those intense 3 days for your company than the whole year! Whether the goal is to increase brand aware-ness and credibility, generate new sales leads or maintain & expand existing relationships, we have the right sponsorship to broaden your competitive advantage in the market-place and attract your target market.

Want to find out some more about the sponsorship opportunities we have available?

Call Program Manager on 800-101-2526 (or)

Email at : Biopolymers and Polymer Chemistry@engineeringmeetings.com with "Sponsorship Enquiry" in the subject line. (* Please note that sponsorship opportunities are limited due to the educational-led focus of this event. Please enquire for availability.

Why Sponsor Our Event?

- Opportunity to meet new business partners enhance customer relationships
- International exposure through promotions
- Increase brand name by partnering
- Re-evaluate market position as thought leader
- Ensure market presence with a speaking slot
- Raise your profile and shape your corporate image with logo placement
- Develop new client relationships and affirm existing ones
- Your product/services gets good recognition and remuneration in the world

Sponsorship Packages

- Diamond Sponsor
- Gold Sponsor
- Silver Sponsor
- Bronze Sponsor
- Exhibition

For any other and customized packages, write to Program Manager.

About Osaka

Japan is a world apart – a cultural Galápagos where a unique civilization blossomed, and today thrives in contrasts of traditional and modern. The Japanese spirit is strong, warm and incredibly welcoming. Japan is a leading nation in scientific research, particularly technology, machinery and biomedical research. Japan leads the world in robotics production and use.

Osaka is the second largest metropolitan area in Japan and serves a major economic hub. Historically a merchant city, Osaka has also been known as the "Nation's Kitchen". With a population of 2.5 million, Osaka is Japan's third largest and second most important city. It has been the economic powerhouse of the Kansai region for many centuries.

The city's west side has the main port as well as a tourist destination with attractions such as Kyocera Dome, Universal Studios Japan, Osaka aquarium, Minami, Osaka castle, Umeda sky building and the Tempozan Harbour Village. Osaka is known for its food, both in Japan and abroad. Author Michael Booth and food critic François Simon of Le Figaro have both suggested that Osaka is the food capital of the world. Osaka's culinary prevalence is the result of a location that has provided access to high quality ingredients, a high population of merchants, and close proximity to the ocean and waterway trade. In recent years, Osaka has started to garner more attention from foreigners with the increased popularity of cooking and dining in popular culture.

The National Museum of Art (NMAO) is a subterranean Japanese and international art museum, housing mainly collections from the post-war era and regularly welcoming temporary exhibitions. Osaka Science Museum is in a five storied building next to the National Museum of Art, with a planetarium and an OMNIMAX theatre. The Museum of Oriental Ceramics holds more than 2,000 pieces of ceramics, from China, Korea, Japan and Vietnam, featuring displays of some of their Korean celadon under natural light. The Osaka Museum of History, opened in 2001, is located in a 13-story modern building providing a view of Osaka Castle. Its exhibits cover the history of Osaka from pre-history to the present day. Osaka Museum of Natural History houses a collection related to natural history and life.

Registration/Sponsorship Application Form

PAYMENT INFORMATION

☐ Credit Card. Please debit my:

Card No: ☐ DISCOVER ☐ MasterCard ☐ VISA ☐ AMERICAN EXPRESS ☐ Others

☐☐☐☐ ☐☐☐☐ ☐☐☐☐ ☐☐☐☐

Expiry Date: .....CVV.....

Signature: .....

Credit Card billing address:

.....

.....

Contact name and number for card holder:

.....

.....

Please note that cards will be debited within 7 days of your registration.

☐ Yes I agree to the terms and conditions as stated on this form.

Delegates who do not pay their bookings are requested to provide a copy of bank transfer/credit card/cheque details to help payment allocation. Staff at the event will request a credit card guarantee for delegates without proof of payment.

Credit Card Payment:

We are accepting all major Credit Cards/Debit Cards including American Express, Discover, Master Card and Visa.

*Processing Charge: Visa: 2%, Master: 2%, Others: 2%
