15th International Conference on

Materials Science & Technology

February 23-24, 2022 | Paris, France

https://www.meetingsint.com/conferences/materials-technology

Invitation

Dear Attendees,

Meetings International proudly announces the ***15 th International Conference on Materials Science & Technology*** scheduled during ***February 23-24, 2022 | Paris, France***

The conference emphasizes the theme "MATERIAL SCIENCE OF TODAY IS THE INNOVATION OF TOMORROW".

The Materials Science 2022 gathering gives a mind-blowing opportunity to discuss the latest progressions inside the field. It will give an overall stage to look at about the present and future troubles in Materials Science guidance, continuing with preparing, Engineering , center around points. With huge delight, Hematology and Education alongside the Organizing Committee Members welcome every one of the members from all over the globe to attend the conference. It provides a great opportunity for establishing strong relations between the Materials Science Professors, Researchers, the general public, and government so that they can work together to achieve healthier mouths and happier lives. Materials Science 2022 focuses mainly on Material Science and Technology, Advanced Materials, Nano Technology Ceramics and Composite Materials, Metals and Metallurgy, Biomaterials and Biodevices. Materials Science 2022 conference operation committee is providing a platform for all the budding young researchers, young investigators, postgraduate/ Master students, PhD. students and trainees to showcase their research and innovation. Sincerely

Sincerely,

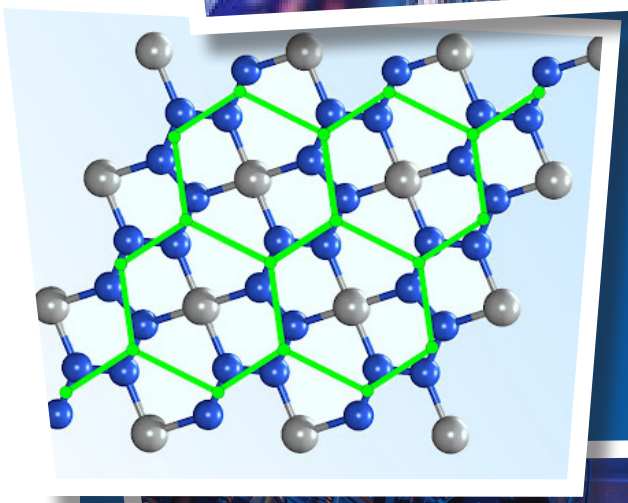

Operating Committee

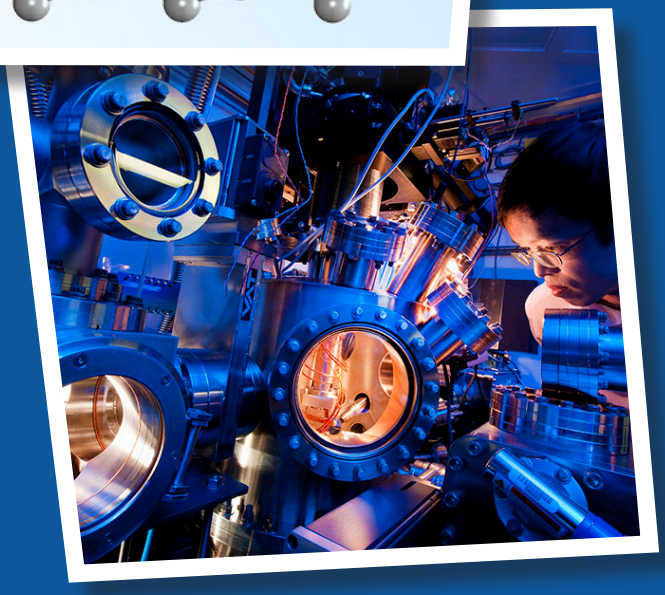

Materials Science 2022

Conference Highlights

- Material Science and Technology
- Advanced Materials
- Nano Technology
- Ceramics and Composite Materials
- Metals and Metallurgy
- Biomaterials and Biodevices
- Materials Chemistry
- Optical Materials
- Electronic Materials
- Graphene and 2D Materials

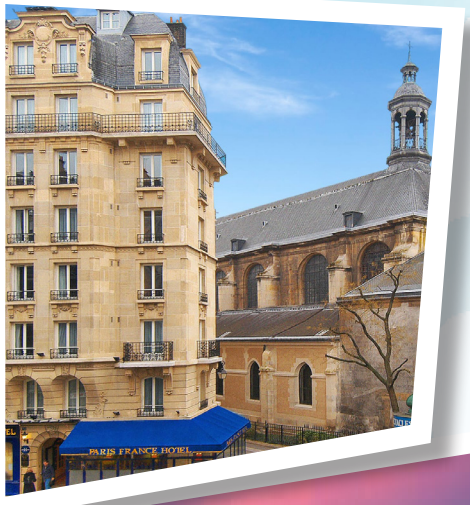

Paris Attractions

Explore Paris

Paris, city and capital of France, situated in the north-central part of the country. People were living on the site of the present-day city, located along the Seine River some 233 miles (375 km) upstream from the river's mouth on the English Channel (La Manche), by about 7600 BCE. The modern city has spread from the island (the Île de la Cité) and far beyond both banks of the Seine.

Paris occupies a central position in the rich agricultural region known as the Paris Basin, and it constitutes one of eight départements of the Île-de-France administrative region. It is by far the country's most important centre of commerce and culture. Area city, 41 square miles (105 square km); metropolitan area, 890 square miles (2,300 square km). Pop. (2012) city, 2,265,886; (2015 est.) urban agglomeration, 10,858,000

Venue
Paris, France

Important Dates

Early Bird:***October 31, 2021***
On Spot Registration: ***February 22, 2022***
Abstract Submission Deadline: ***February 20, 2022***
