17TH INTERNATIONAL CONFERENCE ON

MATERIAL SCIENCE AND ENGINEERING

NOV 25-26, 2020 | SINGAPORE CITY,SINGAPORE

Material Science and Engineering 2020

Invitation

Material Science and Engineering 2020

Dear Attendees,

Meetings International proudly announces the 17th International Conference on Materials Science and Engineering scheduled during November 25-26, 2020, Singapore City, Singapore. The conference emphasizes the theme "MATERIALS SCIENCE AND ENGINEERING AS A MULTIDISCIPLINE".

Materials Science and Engineering Conference 2019 was one of the most successful conferences in the past and now we again give you people the opportunity to be a part of this conference and share your knowledge cordially, contributing towards the success of the conference in 2019. So, we delightfully invite you to joins us again for Material Science 2020 and share your knowledge and experience on our global platform. It is a study of application of material manufacture or construction. The knowledge domain field of materials science, additionally termed materials science and engineering, is that the style and discovery of latest materials, significantly solids. Materials science still incorporates components of physics, chemistry, and engineering.

Sincerely,

Operating Committee

Conference Highlights

Material Science and Engineering 2020

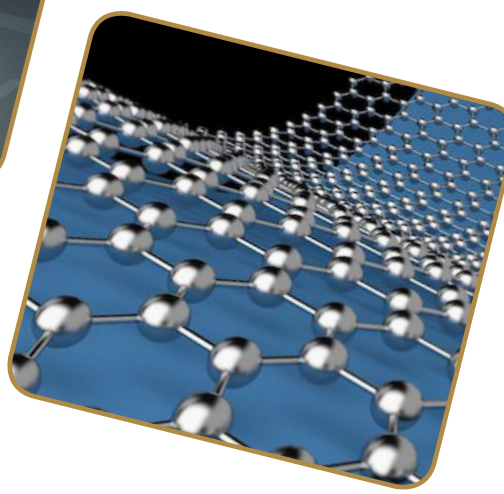

- Computational materials science
- Nano techonology in material science
- Hybrid polymer-based materials
- Smart biomaterials
- Piezoelectric materials
- Emerging Smart Materials
- Energy materials
- Material physics and material chemistry
- Ceramics and composite materials
- Graphene and 2D Materials
- Appilications in material science and engineering

To identify the future directions of research

Peer review and high quality publication

Quality research

Head Management/CEO/Manager

Dean

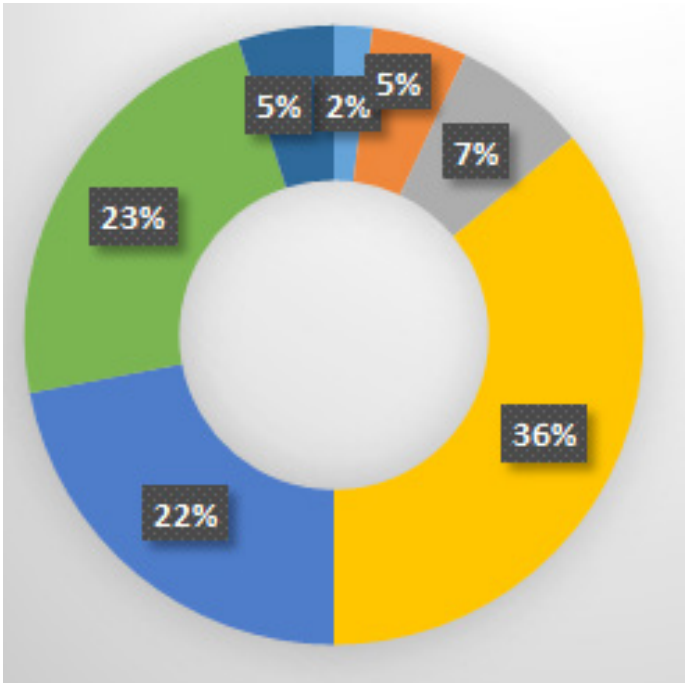

Director

Professor

Students

Research Scolars

Business Enterprenures

Explore Singapore

Singapore is profusely networked with each air and water making it the leading telecommunication hub in the Asiatic region. Its geostrategic role makes it greater plausible to the global market boards ensuing speedy step up for the socio-economic condition. Singapore, an island city-state off southern Malaysia, is a world economic hub centre of attention with a tropical atmosphere and multicultural popular. Changi International Airport is only 30 minutes from the city. As a smaller city, it is useful to motion round Singapore. Lodgings, eateries, scenes, shopping, and travelling spots are advantageously bunched in distinctneighbourhoods, such Marina Bay, Orchard Road, Changi and so on and are effortlessly open by means of means of Singapore's covered and solid open transportation framework. Other than a energetic eating, expressions and diversion scene, Singapore is home to endless key sights and an massive range of housing to swimsuit any economic plan.
