17TH INTERNATIONAL CONFERENCE ON

MATERIAL SCIENCE AND ENGINEERING

AUGUST 26-27,2020 | DUBAI, UAE

Material Science and Engineering 2020

Invitation

Material Science and Engineering 2020

Dear Attendees,

Meetings International proudly announces the 17th International Conference on Materials Science and Engineering scheduled during August 26-27,2020, Dubai, UAE. The conference emphasizes the theme "MATERIALS SCIENCE AND ENGINEERING AS A MULTIDISCIPLINE".

Materials Science and Engineering Conference 2019 was one of the most successful conferences in the past and now we again give you people the opportunity to be a part of this conference and share your knowledge cordially, contributing towards the success of the conference in 2019. So, we delightfully invite you to joins us again for Material Science 2020 and share your knowledge and experience on our global platform. It is a study of application of material manufacture or construction. The knowledge domain field of materials science, additionally termed materials science and engineering, is that the style and discovery of latest materials, significantly solids. Materials science still incorporates components of physics, chemistry, and engineering.

Sincerely,

Operating Committee

Meetings International

Conference Highlights

Material Science and Engineering 2020

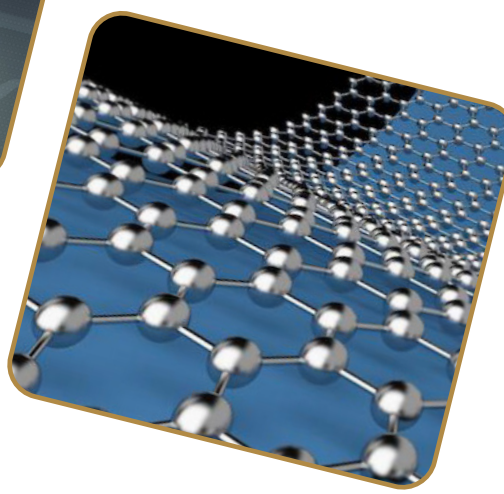

- Computational materials science
- Nano techonology in material science
- Hybrid polymer-based materials
- Smart biomaterials
- Piezoelectric materials
- Emerging Smart Materials
- Energy materials
- Material physics and material chemistry
- Ceramics and composite materials
- Graphene and 2D Materials
- Appilications in material science and engineering

To identify the future directions of research

Peer review and high quality publication

Quality research

Head Management/CEO/Manager

Dean

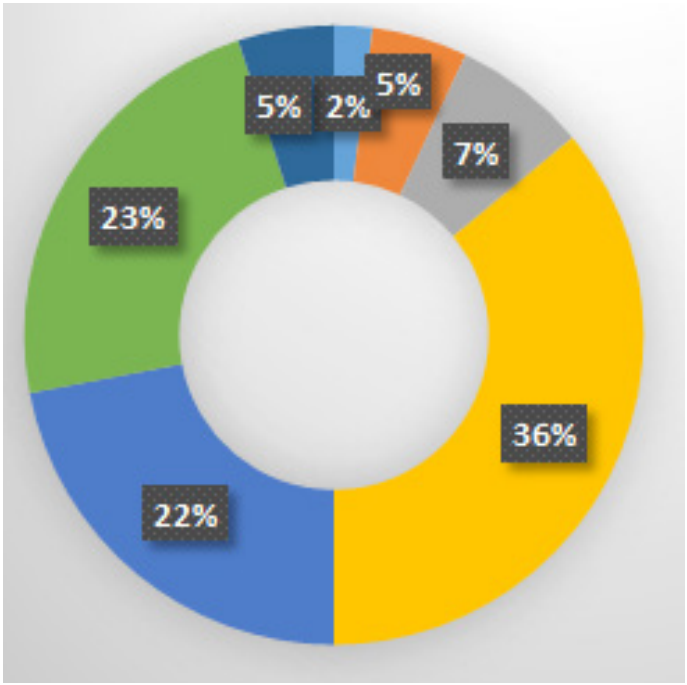

Director

Professor

Students

Research Scolars

Business Enterprenures

Explore Dubai

Dubai is the most beautiful city in the United Arab Emirates. Dubai was gaining popularity in recent years until the global economic crash of 2008. Dubai is essentially a desert city well with superb infrastructure, liberal policies (by regional standards), that became popular for its excellent tourist amenities. Just 5 h from Europe and 3 h from most parts of the Middle East, the Near East, and the subcontinent of India, Dubai makes a great short break for shopping, partying, sunbathing, fine dining, sporting events, and even a few sinful pleasures. It is a city of superlatives: for the fastest, biggest, tallest, largest and highest, Dubai is the destination. It has the largest immigrant population in the world.
