About Dubai

Dubai is the most beautiful city in the United Arab Emirates. Dubai was gaining popularity in recent years until the global economic crash of 2008. Dubai is essentially a desert city well with superb infrastructure, liberal policies (by regional standards), that became popular for its excellent tourist amenities. Just 5 h from Europe and 3 h from most parts of the Middle East, the Near East, and the subcontinent of India, Dubai makes a great short break for shopping, partying, sunbathing, fine dining, sporting events, and even a few sinful pleasures. It is a city of superlatives: for the fastest, biggest, tallest, largest and highest, Dubai is the destination. It has the largest immigrant population in the world.
