Tentative Program

7th International Conference on Material Science and Engineering

September 23-24, 2022
Osaka, Japan

https://www.meetingsint.com/conferences/materialscience

Dear Colleagues

Meetings International extends its welcome to "**7th International Conference on Material Science and Engineering**" scheduled on **September 23-24, 2022 at Osaka, Japan** with the theme of "**MATERIALS SCIENCE AND ENGINEERING AS A MULTIDISCIPLINE**".

MATERIALSCIENCE-2022 will be a platform for plenary speakers, Keynote speakers, Invited speakers and Young Researchers as well as for the youth generation. The summit will work as a discussion point for researchers and experts from all around the world to discuss their experiences and research results on all aspects Material Science and its development

Conference Highlights :

- Computational materials science
- Nano technology in material science
- Smart biomaterials
- Metallurgy, Corrosion and Mining
- Hybrid polymer-based materials
- Piezoelectric materials
- Emerging Smart Materials
- Energy materials
- Material physics and material chemistry
- Graphene and 2D Materials
- Ceramics and composite materials
- Applications in material science and engineering
- Catalytic Materials & Green Chemistry

Day-1	
Registration	08:00-09:00
Session Introduction	09:00-09:15
Keynote/ Plenary Sessions	
Plenary/Keynote-1 (Academia)	09:15-09:45

About Osaka, Japan

Osaka is Japan's second-largest metropolitan area after Tokyo. It has been the economic powerhouse of the Kansai Region for many centuries. Osaka was previously known as Naniwa. Before the Nara Period, whilst the capital was moved with the reign of each new emperor, Naniwa was once Japan's capital town, the first one ever known. In the 16th century, Toyotomi Hideyoshi chose Osaka as the place for his castle, and the city may have emerged as Japan's political capital if Tokugawa leyasu had now no longer terminated the Toyotomi lineage after Hideyoshi's death and moved his government to remote Edo (Tokyo). Osaka is a large port city and commercial center on the Japanese island of Honshu. It's recognized for its modern architecture, nightlife, and hearty street food. The 16th-century shogunate Osaka Castle, which has undergone several restorations, is its major ancient landmark. It's surrounded by a moat and park with plum, peach, and cherry blossom trees. Sumiyoshi-Taisha is among Japan's oldest Shinto shrines.
