15TH INTERNATIONAL CONGRESS ON

LASER ADVANCED MATERIALS PROCESSING

JUNE 22-23, 2020 | OSAKA, JAPAN

Materials Processing 2020

Invitation

Materials Processing 2020

Dear Attendees,

Meetings International proudly announces the 15th International Congress on Laser Advanced Materials Processing scheduled duringJune 22-23, 2020 at Osaka, Japan. The conference emphasizes the theme “Estimating future advancements to be created andthe future laser marketing”.

At the ‘Laser Advanced Materials Processing’, Meetings International promotes broad scope research and peer review at a wide range of specialists around the world. The key strategic objective of Meetings Int. is to communicate science and medical research between academia, and industry. Through inspiring sessions and tons of networking, you will learn to be even more audacious and bold than you are now and free to grow your mind, grow your business, and grow your bottom-line. We can relieve you of the time and resource draining elements of the events that you plan to hold. From planning to coordinating, start to finish; we will be there to ensure you take the accolades for yet another brilliant program.

Sincerely,

Operating Committee

Conference Highlights

Materials Processing 2020

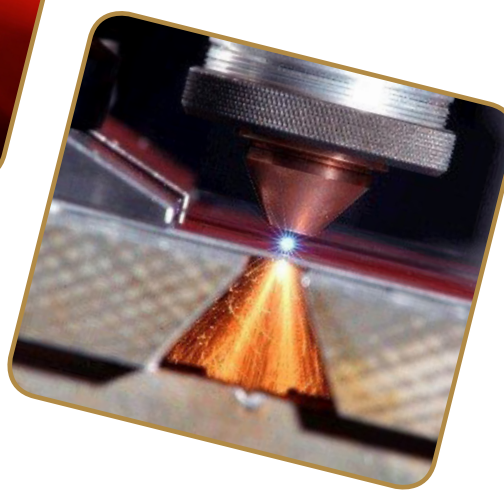

- Laser & Optics
- Advanced Laser Processing
- Advanced Optical and Magnetic Material
- Advanced Materials & Functional Devices
- Micro patterning and Nano processing
- Gas, solid and diode laser
- Beam delivery system
- Micro and remote welding
- Laser detectors
- Drilling, Brazing and Soldering
- Laser device in Medical
- Industrial application of Laser
- Laser Safety and environmental aspects
- Advanced Nanomaterials- production, Synthesis and Processing
- Advancement in Nanomaterials Science & Nanotechnology

To identify the future directions of research

Peer review and high quality publication

Quality research

Explore Osaka

Osaka, Japan's second largest city is known for its nightlife and foodie, but with the flourishing crowd and the twin tower make this a lively, fun place to visit or live. It is located in the humid subtropical climate zone with 4 different seasons. The month of May witnesses the beautiful winters, which offers wide variety of flowers. The region is well known for lavender which attracts tourists during summer. Osaka was Japan's first industrial and commercial hub until 20th century. The groomed shiny skyscrapers are the best scenery from above. Osaka Castle, Dotonbori, Shinsaibashi, Kuromon Ichiba Market, Universal Studio, Hozenji Temple, Shitennoji Temple, Osaka Aquarium Kaiyukan, Umeda Sky Building, Winter Ski & Snowboarding are some of the tourist's spots while visiting Osaka.
