15TH INTERNATIONAL CONGRESS ON

LASER ADVANCED MATERIALS PROCESSING

APRIL 27-28, 2020 | KYOTO, JAPAN

Materials Processing
2020

Invitation

Materials Processing 2020

Meetings International proudly announces the **15th International Congress on Laser Advanced Materials Processing** scheduled during **April 27-28, 2020** at **Kyoto, Japan**. The conference emphasizes the theme "**Estimating future advancements to be created and the future laser marketing**".

At the 'Laser Advanced Materials Processing', Meetings International promotes broad scope research and peer review at a wide range of specialists around the world. The key strategic objective of Meetings Int. is to communicate science and medical research between academia, and industry. Through inspiring sessions and tons of networking, you will learn to be even more audacious and bold than you are now and free to grow your mind, grow your business, and grow your bottom-line. We can relieve you of the time and resource draining elements of the events that you plan to hold. From planning to coordinating, start to finish; we will be there to ensure you take the accolades for yet another brilliant program.

Sincerely,
Operating Committee

Conference Highlights

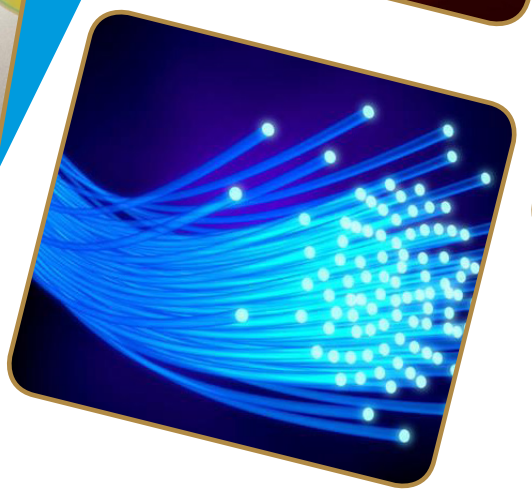

Materials Processing 2020

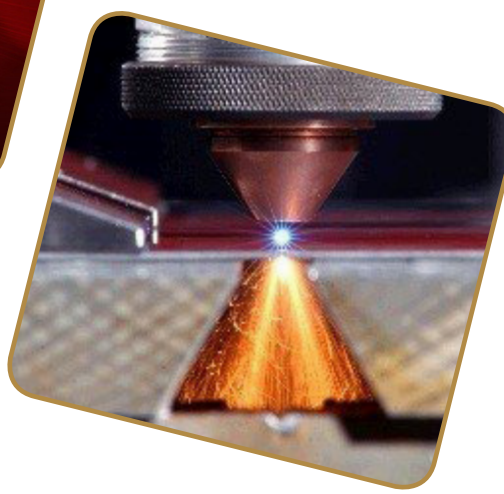

- Laser and Optics
- Advanced Laser Processing
- Micro Patterning and Nano processing
- Gas Solid and Diode Laser
- Beam Delivery System
- Micro and remote welding
- Glass and ceramic process
- VUV laser and X-ray processing
- Drilling Breezing and soldering
- Laser device in medical
- Industrial application of Laser
- Laser safety and environmental aspects

To identify the future directions of research

Peer review and high quality publication

Quality research

Explore Kyoto

Kyoto is former capital of Japan and for more than a thousand years the Centre of traditional Japanese culture and is still considered the Heart and Soul of traditional Japan. Kyoto is dedicated to preserving Japan's oldest traditions, yet it is also a dynamic, contemporary city. It is located 315 miles southwest of Tokyo and 25 miles east of Osaka. Several of the historic temples and gardens of Kyoto were collectively added as a UNESCO World Heritage site in 1994. Kyoto is a sophisticated blend of the ancient and the modern, an urban environment where museums, four star restaurants and active entertainment venues flourish alongside temples, small shops and quiet neighborhoods. Kyoto is what most travellers' dream of when envisioning Japan. This centre of innovation has a reputation for fostering leading research and the development of high technology firms. Kyoto has the highest percentage of academics per capita in Japan with over 40 universities and 50 research organizations.
