Webinar on

Material Technology

https://www.meetingsint.com/webinars/materialstech

Invitation

Invitation to attend ***International webinar on Materials & Technology*** scheduled during **September 20th,2021.**

The conference emphasizes the theme

"Advancing the research & innovation on Materials Engineering"

The Materials Technology 2021 gathering gives a mind-blowing opportunity to discuss the latest progressions inside the field. This conference brings together the innovations in Materials Technology and brings the key opinion leaders and thought leaders in the field from around the world for

twointensivedaysofscientificpresentations, networking as well as engagement with companies developing innovations in tools and technologies in this space. The purpose of Materials Technology 2021 is to provide an international technical forum to showcase recent advances in Materials Technology & Nano Materials and Polymer Chemistry & Advanced Materials, Smart Materials, Chemical Education& Chemical Engineering, Molecular Modeling & Nanotechnology. Material Chemistry & Nano Materials conference operation committee is providing a platform for all the budding young researchers, young investigators to showcase their research and innovation.

Sincerely,

Operating Committee

Materials Technology 2021

Conference Highlights

Sustainable Energy and Development

- Materials & Mechanism of material
- Engineering Materials & Composite Materials
- Advanced Bio-Materials & Bio-Devices
- Nano Technology
- Analytical Techniques and Instrumentation
- Piezoelectric Materials and 3-D Printing
- Ceramics & Composite material
- Materials Science and Metallurgy
- Optical, Magnetic and Electronic Materials
- Cluster Science & Nano-Toxicology

- To identify the future directions of research
- Peer review and high quality publi-cation
- Quality research
