Tentative Program

Meetings International

Annual Conference on

Mechatronics, Systems Engineering and Automation

December 14-15,2020
Dubai, UAE

Theme: In automation and robotics enduring inclinations and leading edge development

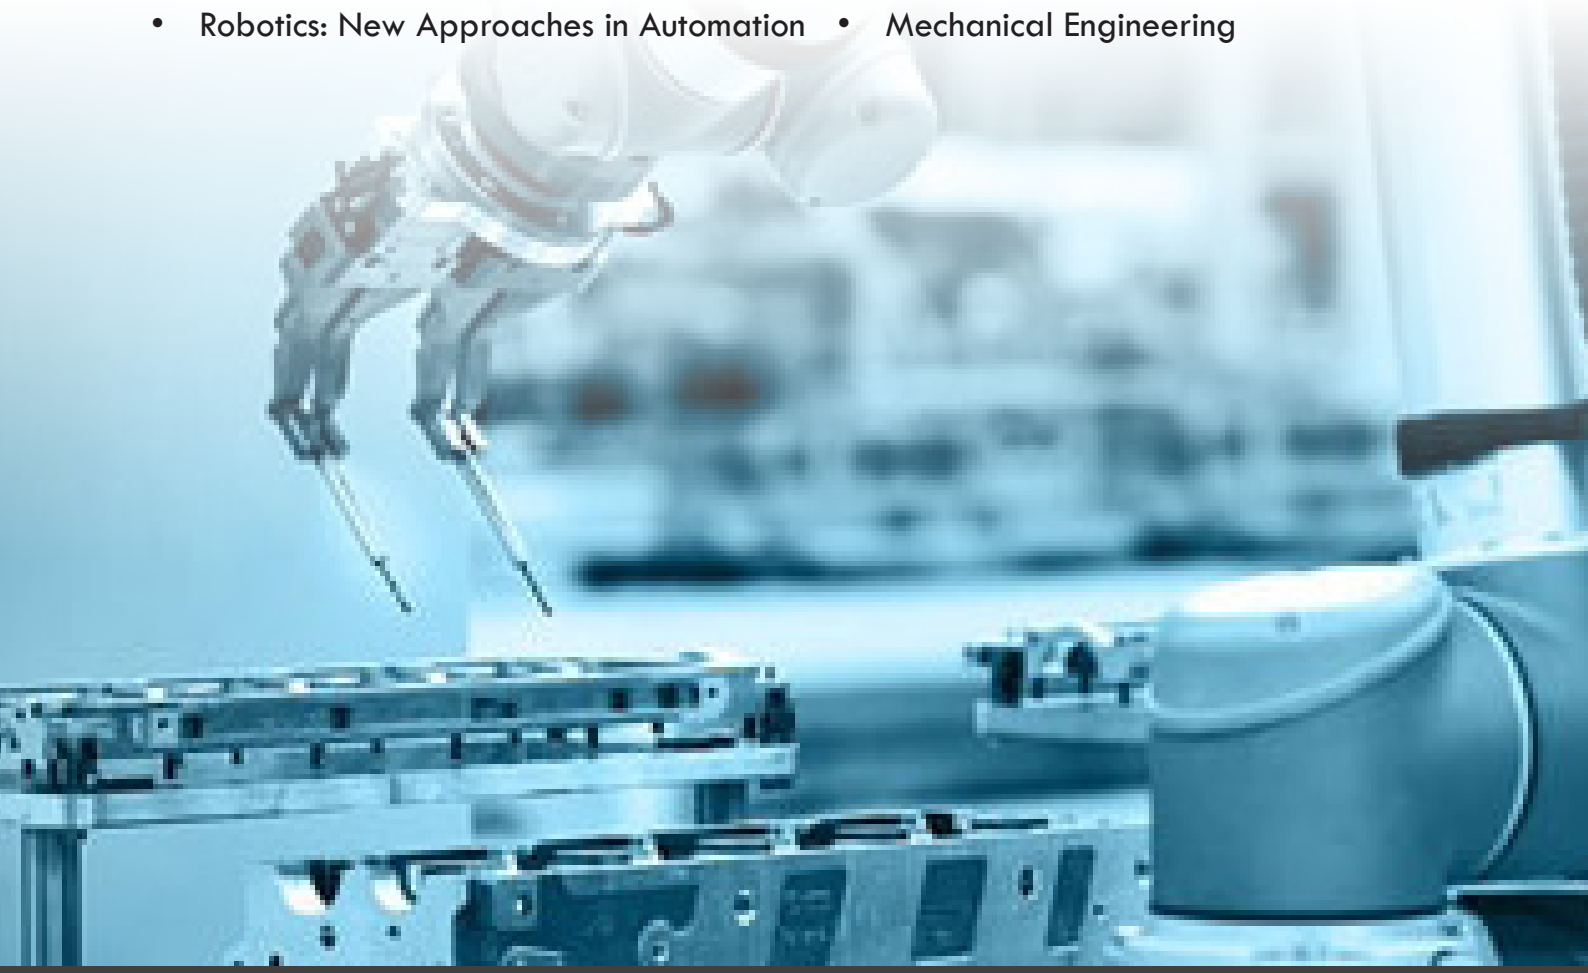

https://www.meetingsint.com/conferences/mech

Meetings International extends its welcome to "Annual Conference on Mechatronics ,Systems Engineering and Automation" scheduled on December 14-15,2020 in Dubai, UAE, with the theme of "In automation and robotics enduring inclinations and leading edge development".

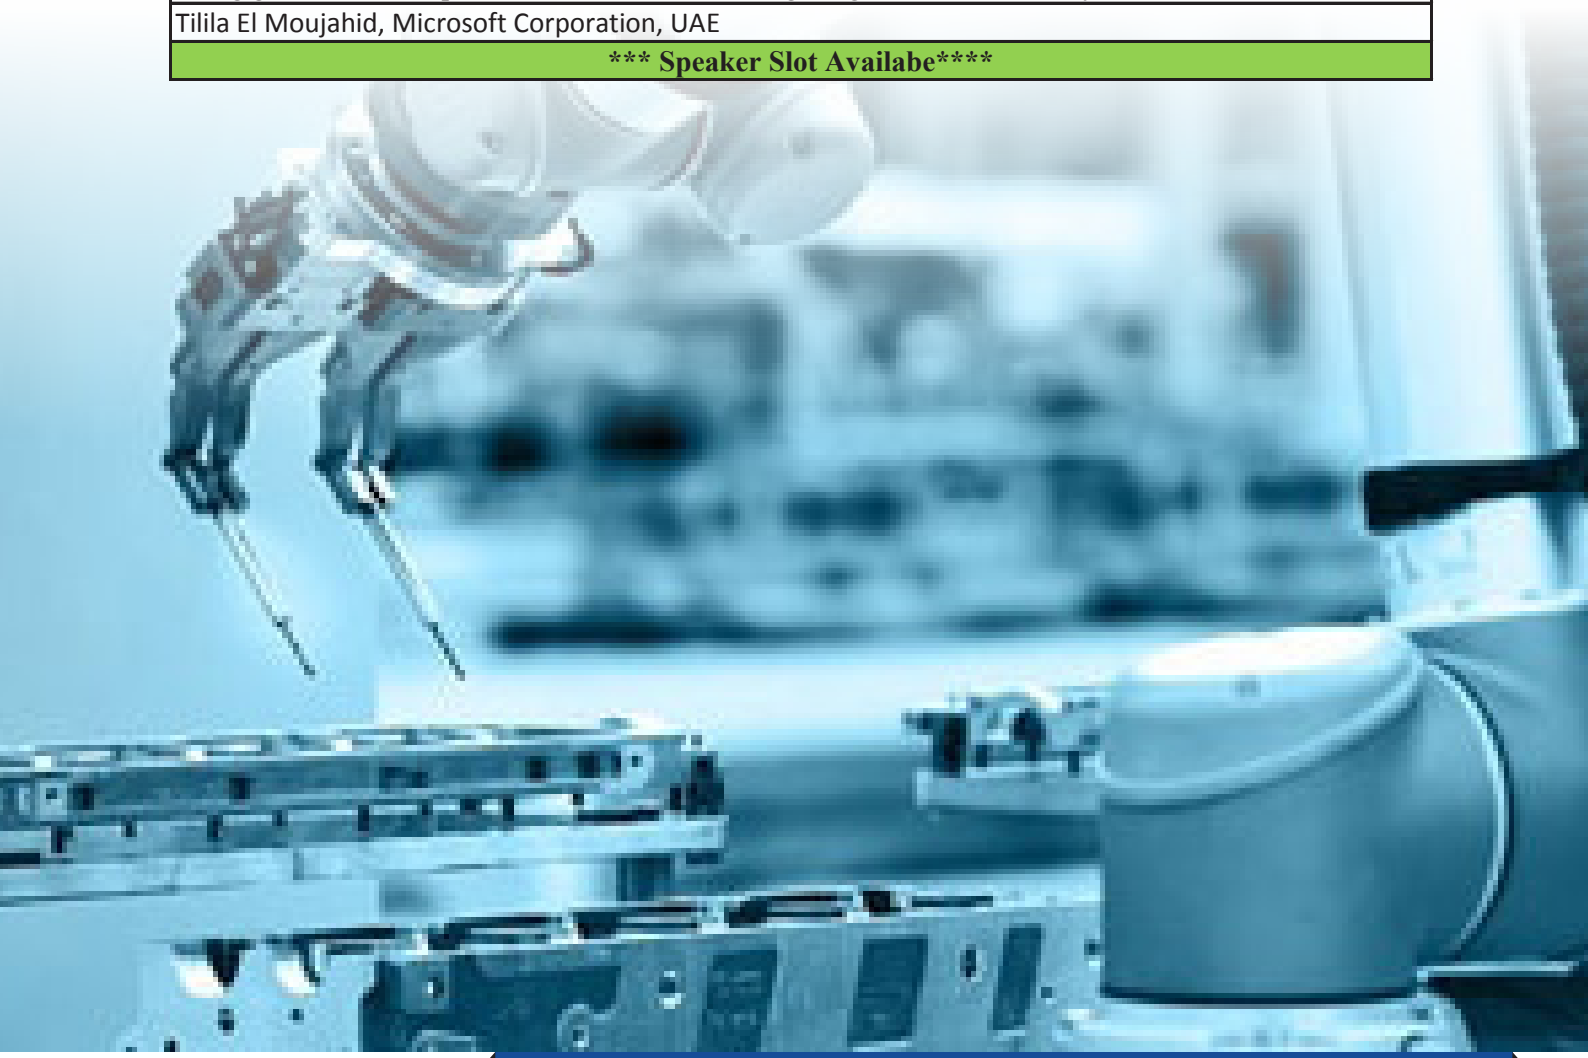

Mech 2020 will serve an excellent experience and opportunities to enhance one's career. Join us in Dubai. It is comprised of 12 tracks designed to offer comprehensive sessions that address current trends in Mechatronics, and many more. Mech 2020 composed of symposiums by world class researchers and experts.

Conference Highlights :

- Mechatronics
- System Engineering
- Microcontroller
- Opto mechatronics
- IOT (Internet Of Things)
- Robotics: New Approaches in Automation
- Autonomous Technology
- Machine Vision System
- Sensing and Control Systems
- Bio mechatronics
- Electrical Engineering
- Mechanical Engineering

Annual Conference on Mechatronics ,Systems Engineering and Automation, December 14-15,2020, Dubai,UAE
Tentative Agenda
Oral Presentations
Development of the laser-induced water bubble actuator
Shigeru Omori, Teikyo Heisei University, Japan
Adaptive control for high speed on/off valve to preserve dynamic performance
Qi Zhong, Zhejiang University, China
High power terahertz radiation emitter and terahertz imaging technology
Brahm Pal Singh, Panasonic Corporation, Japan
Polynomial matrix approach to the linear descriptor systems
Wataru Kase, Osaka Institute of Technology, Japan
Machine learning applications in credit card domain
Jayatu Sen Chaudhury, American Express, India
The advent of big data analytics in the world of ICT and digital
Niladri Shekhar Dutta, Ericsson, UAE
Using genomics cloud platform and machine learning for genome variant analysis
Tilila El Moujahid, Microsoft Corporation, UAE
***** Speaker Slot Availabe******

About Dubai

Dubai is the most crowded city in the United Arab Emirates (UAE) and the capital of the Emirate of Dubai. Located on the southeast shore of the Persian Gulf, Dubai is a worldwide city and the business center point of the Middle East. It is likewise a significant worldwide vehicle center for travelers and freight. Oil income quickened the advancement of the city, which was at that point a significant trade center point. Today, under 5% of the emirate's income originates from oil. An inside for territorial and worldwide exchange since the mid twentieth century, Dubai's economy depends on incomes from exchange, the travel industry, flight, land, and monetary assistance.
