Euroscicon Conference on

MEDICINAL CHEMISTRY AND BIOSIMILARS

March 25-26, 2019
Budapest, Hungary

EuroSciCon

https://medicinalchemistry.euroscicon.com/
https://biosimilars.euroscicon.com/

Agenda Day 1: March 25, 2019

09:00-09:30 Registrations

09:30-09:55 Opening Ceremony

09:55-10:00 Introduction

Session Start @ Strauss

Keynote Presentations

10:00-10:45 **Title: Addressing the opioid crisis with safer opioid pain relievers: Is it possible?**

Thomas D Bannister, The Scripps Research Institute, USA

10:45-11:30 **Title: Preclinical researches on tumor accumulative novel sugar dendritic Gd-DTPA complex MRI contrast agents and IER5/Cdc25B tageted novel phospha sugar molecular trgeted antitumor agents to innovate in cancer therapy**

Mitsuji Yamashita, Shizuoka University, Japan

Group Photo 11:30-11:35

Networking & Refreshments 11:35-11:50

11:50-12:35 **Title: Using SPOT™ and SLIM™ technology and upstream process modulation to reduce cost of goods of biosimilars**

MT Den Hartog, Bioceros BV, Netherlands

Sessions

Medicinal Chemistry | Drug Design and Drug Development | Pharmaceutical Chemistry | Computer Aided Drug Design (CADD) | Pharmaceutical Sciences | Molecular and Cellular Pharmacology | Novel Target Drugs to the Treatment of Cancer | Biosimilars Development Programme | Monoclonal Antibody Biosimilars | Globalization of Biosimilars

Session Chair: Thomas D Bannister, The Scripps Research Institute, USA

Session Co-Chair: Soliman Khatib , MIGAL-Galilee Research Institute, Israel

12:35-13:10 **Title: Biomimetic HPLC property measurements to estimate human *in vivo* distribution and tissue binding of drug discovery compounds**

Klara Valko, Bio-Mimetic Chromatography Ltd, UK

Lunch Break 13:10-14:10 @ Coté Jardin restaurant

14:10-14:45 **Title: SynSpace: A design platform to expand synthetically-enabled scaffold and lead analogue space for medicinal chemistry and AI-assisted drug discovery**

Gergely Makara , ChemPass Ltd, Hungary

14:45-15:20 **Title: Monoclonal antibodies: Their adverse effects and costs**

H Zafer Guney, Gazi University Medical School, Turkey

15:20-15:55 **Title: Reducing cardiovascular disease (CVD) risk using agents which elevate PON1 activity and improve HDL quality**

Soliman Khatib, MIGAL-Galilee Research Institute, Israel

Poster Presentation 15:55-16:10

PS-01 **Title: Structural physical analysis of the pseudoternary and nanoestrutured system composed of soybean phosphtyilcoline and hydrogenated castor oil**

Ligia de Souza Fernandes , Sao Paulo State University, Brazil

PS-02

Title: 3D-QSAR pharmacophore modeling, virtual screening and docking studies for lead discovery of novel scaffold for VEGFR 2 inhibitors: Design, synthesis and biological evaluation

Nahla A Farag , Misr International University, Egypt

Networking & Refreshments 16:10-16:30

Panel Discussion and Awards

Agenda Day 2: March 26, 2019

Networking and Panel Discussion

Lunch 13:00-14:00 @ Cote Jardin restaurant

Closing Ceremony

Mark your calender

International Conference on

Medicinal Chemistry
