

EuroSciCon

Medicinal Chemistry
2023

3rd International Conference on

Medicinal Chemistry

October 16-17, 2023 | Vancouver, Canada

Theme: Current innovation and expansion in Medicinal Chemistry

https://medicinalchemistry.euroscicon.com/

Invitation

We are glad to announce the 3rd International Conference on Medicinal Chemistry to be held in Vancouver, Canada from October 16-17, 2023 organized by EuroSciCon ltd, UK in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members.

Medicinal Chemistry, Medicinal Chemistry, Pharmaceutical Sciences, Pharmaceutical Chemistry, Drug Design and Drug Development, Computer Aided Drug Design, Analytical Chemistry, New Trends in Medicinal pharmacy, Nano Medicine and Nano Technology, Pharmaceutical Industry, Structural & Medicinal Biochemistry, Biological Drug Targets, Drug Delivery Techniques, Recent Advancements in Medicinal Pharma, Pediatric Medicine, Gynecological Drug Therapy, Diabetes Pharmacy and Diabetes Care

Life is about learning every day. Make it count in your professional life. Attend Medicinal Chemistry 2023 Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to personally welcoming you to Vancouver, Canada - October 16-17, 2023.

EuroSciCon

A Transformational Learning Experience

1. Curated to address the concerns of today's scientific world
2. Be inspired by some of the world's most renowned figures
3. Stimulate new ways of thinking and provoke action.
4. Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

With over 25000+ Practitioners and Educators accessing the website, Medicinal Chemistry 2023 is the most lucrative platform for Post Graduates and Graduates in Pharmaceutical sciences and Chemistry. Laboratory Chemists. Chemical Scientists working on Medicinal Chemistry. Experts in the development of Medicinal Chemistry their work in the field. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Medicinal Chemistry 2023 Salient Features:

In a world of information overload, we focus on the issues most relevant to space between todays and technical trends enabling our patrons to Congregate with most senior executives Nurture connexions Agenda format which incorporates ample Q&A time Partake in our revamped exhibitor expo sessions Meet and listen to the relevant clients Unprecedented growth creating an unparalleled market place

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

Who'd be attending?

3rd International Conference on Medicinal Chemistry Leading CEO's, Directors, Scientists, Post Graduates and Graduates in Pharmaceutical sciences and Chemistry. Laboratory Chemists. Chemical Scientists working on Medicinal Chemistry. Experts in the development of Medicinal Chemistry, Chemical company representatives,Researchers, Professors, Clinical Doctors and Medicinal Chemistry Associations, Medicinal Companies Medicinal Chemistry

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Medicinal Chemistry
- Pharmaceutical Sciences
- Pharmaceutical Chemistry
- Drug Design and Drug Development
- Computer Aided Drug Design
- Analytical Chemistry
- New Trends in Medicinal pharmacy
- Nano Medicine and Nano Technology
- Pharmaceutical Industry
- Structural & Medicinal Biochemistry
- Biological Drug Targets
- Drug Delivery Techniques
- Recent Advancements in Medicinal Pharma
- Pediatric Medicine
- Gynecological Drug Therapy
- Diabetes Pharmacy and Diabetes Care
-
- Non-steroidal anti-inflammatory drug
- ADME-Drug Chemistry
- Molecular and Cellular Pharmacology
- Anesthesia

About Destination Vancouver, Canada

In the Lower Mainland of British Columbia, Vancouver is a significant city in western Canada. The city has 662,248 residents according to the 2021 Canadian census, an increase from 631,486 in 2016. It was the province's most populous city. The Greater Vancouver region was the third-largest metropolitan area in Canada in 2021 with a population of 2.6 million. Vancouver, a bustling west coast seaport in British Columbia, is among Canada's densest, most ethnically diverse cities. A popular filming location, it's surrounded by mountains, and also has thriving art, theatre and music scenes. Vancouver Art Gallery is known for its works by regional artists, while the Museum of Anthropology houses preeminent First Nations collections.

Prominent theatre companies in Vancouver include the Arts Club Theatre Company on Granville Island and Bard on the Beach. Vancouver is home to Ballet BC, a ballet company whose principal venue is the Queen Elizabeth Theatre. The Vancouver Art Gallery has a permanent collection of nearly 10,000 items and is the home of a significant number of works by Emily Carr. Vancouver has a vibrant nightlife scene, whether it be food and dining, or bars and nightclubs. The Granville Entertainment District has the city's highest concentration of bars and nightclubs.
