Welcome Message

Meetings International proudly announces the Global Experts Meeting on Microbiology scheduled during May 21-22, 2018 in Singapore. The conference emphasizes the theme "Magnifying and researching on microbes to eliminate health disparities".

Meetings International provides an international dais for therapeutic and medical care Professionals to Exchange Ideas, Knowledge and Networking at its 1000+ International Conferences.

The global clinical microbiology market is projected to reach USD 5.77 Billion by 2021 from USD 3.35 Billion in 2016, growing at a CAGR of 11.5% from 2016 to 2021. In 2016, Europe is expected to be the mature markets for clinical microbiology products. However, emerging regions such as Asia-Pacific (including Japan, China, and India) are expected to become the new revenue-generating pockets in the market in the next five years.

Europe is expected to hold the second-largest share of the global clinical microbiology market in 2016. This prominent market position of the European market is due to factors such as rising acceptance of genome-based diagnostic techniques by healthcare professionals, supportive government policies that ease public accessibility to diagnostic assay procedures (including clinical microbiology), large number of clinical microbiology procedures performed annually across the region, presence of a large number of biotechnology and molecular diagnostic companies, rapid growth in the aging population, and growing incidence of infectious diseases.

Microbiology meeting-2018 will bring together key decision makers and innovators within this rapidly growing field. This intensive 2-Day program will focus on various fields of Microbiology.

Meetings International - Microbiology meeting-2018 will offer you an unmatched attendee experience. In addition to the many scientific sessions and take-home case study examples, you will leave this event with many other novel development strategies. We hope you will join us in Singapore this April, 2018.

Sincerely,

Operating Committee

CEO and Founder

Meetings International PTE LTD.

Who Should Attend?

- Medical colleges
- Training Institute
- Medical & Pharmacy Companies
- Microbiologists
- Scientists
- Research Scholars
- Students
- Technologists

Why Attend?

- 10+Keynote Speaker Session
- 50+speaker faculty over 2 full days sharing innovative drug development take
- Home Strategies
- 5+ Workshops
- 13 Interactive Sessions
- Mixture of Industry and Academia Delegates
- Networking
- Exhibit hall with leading specialty manufacturing, instrumentation and development providers

Conference Highlights

- Trends in cellular microbiology and generation microbiology
- Innovation in bacteriology and virology
- Renovation in mycology and parasitology
- Advancement in phycology
- Nematology and protozoology
- Advancements in food and industrial microbiology
- Environmental microbiology
- Microbial genomics and molecular microbiology
- Microbial pathogenesis
- Petroleum microbiology
- Medical and clinical microbiology
- Diseases,diagnosis and treatment of microbial infections
- Infections and immunity
- Vaccines and vaccinations
- Bioinformatics
- Astro,nano and predictive microbiology
- Veterinary microbiology
- Aero microbiology
- Biotechnology
- Microbial biofilms

Event at a Glance

Day-01 | May 21, 2018	
Time	Session
08:30-09:30	Registrations
09:30-11:30	Keynote Forum
Group Photo	
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Trends in cellular microbiology and generation microbiology/ Advancements in food and industrial microbiology
13:00-13:45	Lunch Break**
13:45-16:00	Innovation in bacteriology and virology/ Environmental microbiology/ Medical and clinical microbiology
16:00-16:15	Microbial genomics and molecular microbiology/ Microbial pathogenesis
16:15-18:00	Mycology and Parasitology/ Phycolcogy/ Nematology and Protozoology
Day Concludes	
Day-02 | May 22, 2018	
08:30-09:30	Registrations
09:30-10:30	Keynote Forum
10:30-11:30	Diseases,diagnosis and treatment of microbial infections/ Infections and immunity/ Vaccines and vaccinations
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Bioinformatics/ Veterinary microbiology/ biotechnology
13:00-13:45	Lunch Break**
13:45-16:00	Astro,nano and predictive microbiology/ microbial biofilms/ Aero microbiology
16:00-16:15	Petroleum microbiology/ Medical and clinical microbiology/ Environmental microbiology
16:15-18:00	Poster Presentations
Day Concludes	
Award Ceremony	
Conference Concludes	

Editorial Board Members

Akira Kaji
University of Pennsylvania School of Medicine
USA

Naveen Patil
Arkansas Department of Health, USA

Angela Cunha
University of Aveiro, Portugal

Akikazu Sakudo
University of the Ryukyus, Japan

Godfred Antony Menezes
Hail University, Saudi Arabia

Ahmed Mohamed Morad Asaad
College of Medicine, Najran University, Saudi Arabia

Maulin Pramod Shah
Division of Applied & Environmental Microbiology Enviro Technology Limited, India

Boukhatem Mohamed Nadjib
University of Blida ,Algeria

Subbiah Poopathi
Indian Council of Medical Research, India

Journals

Selected contributions will be published in following supporting international Journals

Research & Reviews:
Journal on Applied Microbiology
(https://www.omicsonline.org/applied-microbiology.php)

Archives of Clinical Microbiology

Sponsorship and Exhibiting Opportunities

Supporting our events as a sponsor is an excellent promotional tool for your company/organization and a fantastic way of achieving several marketing and sales goals all in the space of 3 valuable full days. Our attendees are actively seeking and researching solutions to their business problems, you can save yourself a lot of time and money throughout the year by simply being a sponsor and do more in those intense 3 days for your company than the whole year! Whether the goal is to increase brand aware-ness and credibility, getnerate new sales leads or maintain & expand existing relationships, we have the right sponsorship to broaden your competitive advantage in the market-place and attract your target market.

Want to find out some more about the sponsorship opportunities we have available?

Call Program Manager on 800-101-2526 (or)

email him at microbiology@microbiologymeetings.com; microbiology@meetingseries.com with "Sponsorship Enquiry" in the subject line. (* Please note that sponsorship opportunities are limited due to the educational-led focus of this event. Please enquire for availability.

http://www.meetingsint.com/microbiology-conferences/microbiology

Why Sponsor Our Event?

- Opportunity to meet new business partners enhance customer relationships
- International exposure through promotions
- Increase brand name by partnering
- Reevaluate market position as thought leader
- Ensure market presence with a speaking slot
- Raise your profile and shape your corporate image with logo placement
- Develop new client relationships and affirm existing ones
- Your product/services gets good recognition and remuneration in the world

Sponsorship Packages

- Diamond Sponsor
- Gold Sponsor
- Silver Sponsor
- Bronze Sponsor
- Exhibition

For any other and customized packages, write to Program Manager.

About Singapore

Singapore officially the Republic of Singapore, and often referred to as the Lion City or the Little Red Dot, is a sovereign city-state in Southeast Asia, and the world's only island city-state. Singapore is a global commerce, finance and transport hub. Its standings include: the most "technology ready" nation (WEF), top International-meetings city (UIA), city with "best investment potential" (BERI), second-most competitive country, third-largest foreign exchange market, third-largest financial centre, third-largest oil refining and trading centre, and the second-busiest container port. Singapore is a major international transport hub, prospered as an important point for land and water transportation as well as a commercial city. Singapore's territory consists of a diamond-shaped main island along with 62 other islets and its greening policy has covered the densely populated island with tropical flora, parks and gardens. Singapore consists of 63 islands, including the main island, Pulau Ujong. There are two man-made connections to Johor, Malaysia: the Johor–Singapore Causeway in the north and the Tuas Second Link in the west. Jurong Island, Pulau Tekong, Pulau Ubin and Sentosa are the largest of Singapore's smaller islands. Gardens by the Bay is a surreal green oasis in the heart of Singapore. It brings plants to life in a way you've never seen before. There you are surrounded by nature whilst feeling like you have stepped into the Avatar movie. This huge, colourful, futuristic park is famous for its high-tech Super tree Grove – a collection of magical giant trees – as well as Cloud Forest and Flower Dome. One of the attractions at Marina Bay Sands, the Art Science Museum is the world's first Art Science museum, opened on 17 February 2011. This unique building is shaped like a lotus flower in bloom, and is anchored by a round base in the middle, with ten extensions referred to as "fingers", designed to be a symbolic gesture of welcome to guests from across the globe.

It's easy to get around when you're in Singapore. Taxis are easy to find as well as buses that are convenient, safe and inexpensive. Singapore's well-connected public transportation system ensures you will always travel effortlessly from one place to another.
