Invitation

Dear Attendees

Meetings International proudly announces the ***6th International Conference on Microfluidics*** scheduled during ***March 26 - 27, 2021 in Las Vegas, USA***.

The conference emphasizes the theme "***Microfluidics research trends and techniques***".

The Microfluidics 2021 gathering gives a mind-blowing opportunity to discuss the latest progressions inside the field. This conference brings together the innovations in microfluidics and brings the key opinion leaders and thought leaders in the field from around the world for two intensive days of scientific presentations, networking as well as engagement with companies developing innovations in tools and technologies in this space. The purpose of Microfluidics 2021 is to provide an international technical forum to showcase recent advances in microfluidics, Bio-MEMS, and medical microsystems. Microfluidics conference operation committee is providing a platform for all the budding young researchers, young investigators to showcase their research and innovation.

Sincerely,

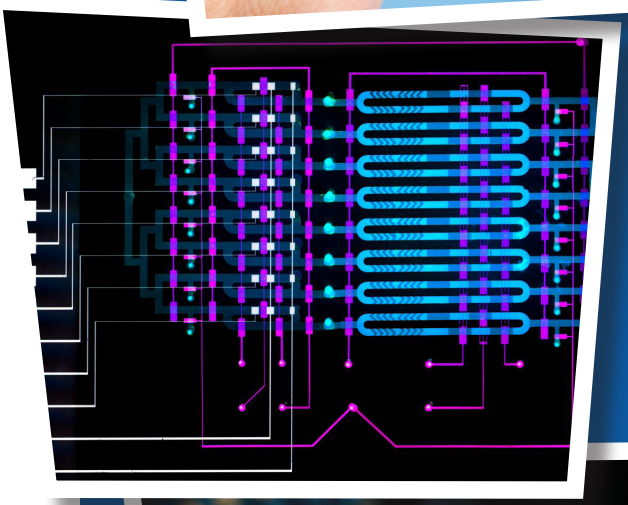

Operating Committee

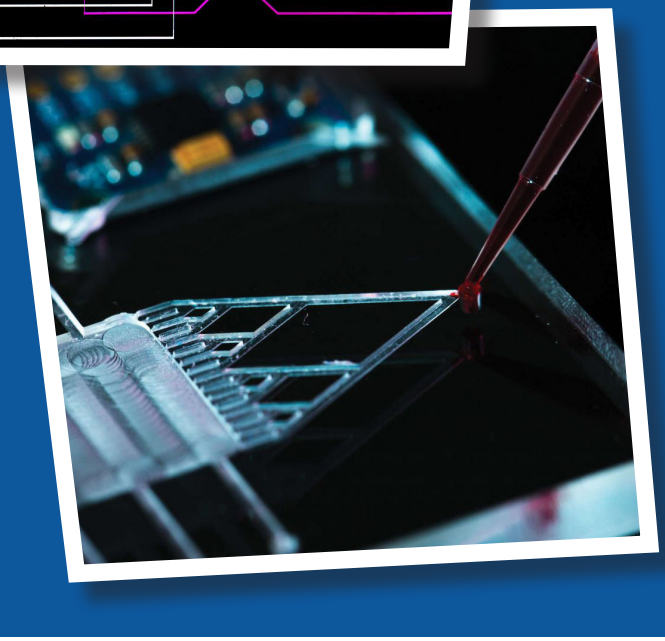

Microfluidics 2021

Conference Highlights

- Micro/Nanofluidics Research and Advances
- Lab-On-A-Chip Technology
- Organs-on-chips
- Bio-MEMS/NEMS and Chips
- Micro fabrication Technologies
- Electrochemistry and microfluidics
- Acoustic Droplet Ejection
- Bio-sensing Technologies
- Digital microfluidics

- To identify the future directions of research
- Peer review and high quality publication
- Quality research

Las Vegas Attractions

Explore Las Vegas

The major attractions in Las Vegas are the casinos and the hotels, although in recent years other new attractions have begun to emerge. Most casinos in the downtown area are located on Fremont Street, with The Stratosphere being one of the exceptions. Fremont East, adjacent to the Fremont Street Experience, was granted variances to allow bars to be closer together, like the Gas lamp Quarter of San Diego, the goal being to attract a different demographic than the Strip attracts.

The centre of the gambling and entertainment industry, however, is located on the Las Vegas Strip, outside the city limits in the surrounding unincorporated communities of Paradise and Winchester in Clark County. The largest and most notable casinos and buildings are located there.

Its main street and focal point is the Strip, just over 4 miles long. This boulevard is home to themed hotels with elaborate displays such as fountains synchronized to music as well as replicas of an Egyptian Pyramid, the Venetian Grand Canal.
