Invitation

Dear Attendees

Meetings International proudly announces the ***8th International Conference on Microfluidics*** scheduled during ***June 15-16, 2022 in Vancouver, Canada.***

The conference emphasizes the theme "***Driving the future with Microfluidics & BioMEMS***".

The Microfluidics 2022 gathering gives a mind-blowing opportunity to discuss the latest progressions inside the field. This conference brings together the innovations in microfluidics and brings the key opinion leaders and thought leaders in the field from around the world for two intensive days of scientific presentations, networking as well as engagement with companies developing innovations in tools and technologies in this space. The purpose of Microfluidics 2022 is to provide an international technical forum to showcase recent advances in microfluidics, Bio-MEMS, and medical microsystems. Microfluidics conference operation committee is providing a platform for all the budding young researchers, young investigators to showcase their research and innovation.

Sincerely,

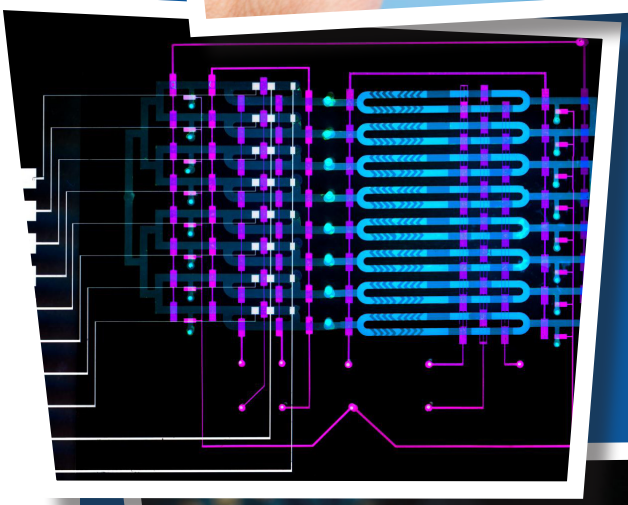

Operating Committee

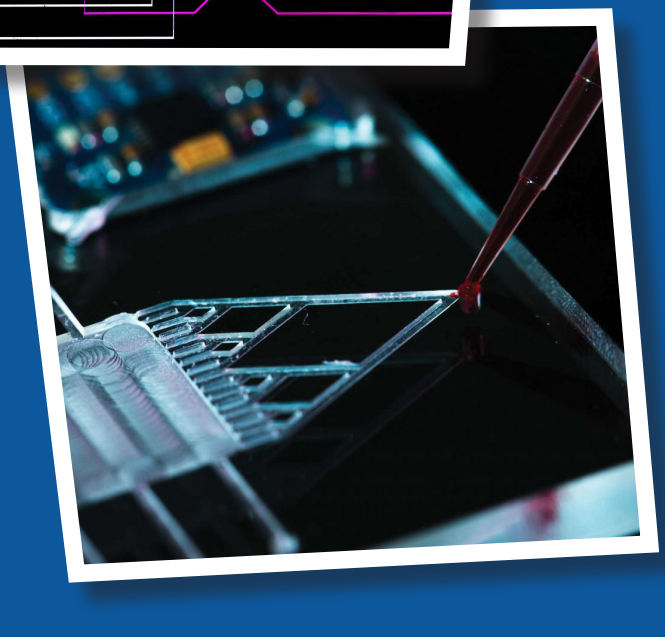

Microfluidics 2022

Conference Highlights

- Micro/Nanofluidics Research and Advances
- Lab-On-A-Chip Technology
- Organs-on-chips
- Bio-MEMS/NEMS and Chips
- Micro fabrication Technologies
- Electrochemistry and microfluidics
- Acoustic Droplet Ejection
- Bio-sensing Technologies
- Digital microfluidics

- To identify the future directions of research
- Peer review and high quality publication
- Quality research

Vancouver Attractions

Explore Vancouver

Vancouver is one of the most dramatically situated cities in the world. Surrounded by the Coastal Mountain range, including the ski-resorts of Grouse and Cypress, Vancouver is the destination of choice for ski junkies, mountain bikers and all outdoor enthusiasts.

It's no coincidence that the car registration plates in this province all say "Beautiful British Columbia."

It's got mountains, beaches, trendy little neighbourhoods, and it's only a 2-hour drive from Whistler – one of the world's top ski resorts....what's not to like?!

There is surfing too, but you need to go to the west coast of Vancouver Island for that.

Known also as Gastown, after one of its early neighbourhoods, Vancouver is definitely more laid back than Toronto.

Don't be expecting high fashion here as people are more likely to dress in gym gear than Gucci.

The city and its people are really welcoming.
