Theme

Abridging the gap through wireless networking and mobile computing

Welcome Message

Meetings International proudly announces the 5th Asia Pacific Meeting on "International Meeting on Networking, Cyber security, Wireless Communication and Mobile Computing" scheduled on September 11-12,2018, Tokyo, Japan with a theme of "Abridging the gap through wireless networking and mobile computing".

Meetings International provides a Global Platform for Scientists, designers, practitioner's, architects, Researchers, Academicians, Researchers, Early Career Scholars, students along with business professionals, related companies and Industries to Exchange Ideas, Knowledge and Networking at its 100+ International Conferences.

Mobile Computing 2018 aims to discover advances in health practice, management and education in relation to Computer Science and Engineering, Information Technology, Electronics and correspondence Engineering, Computational Engineering and Communication.

Mobile Computing 2018 is an exciting opportunity to showcase the new technology. World-renowned speakers, the most recent techniques, tactics, and the newest updates in Wireless, Telecommunication ,Networking and mobile Computing fields are hallmarks of this conference.

Mobile Computing 2018 conference is to learn and share knowledge on Networking, Cyber Security, Wireless Communication and Mobile Computing . This Conference provides a forum for exchange of ideas and authoritative views by leading scientists as well as business leaders and investors in this exciting field. Outstanding keynote speakers and well known leading scientists and experts from across the globe will be expected to share their knowledge. We endeavour to bring individuals from various fields, and to make a setting in which they can collaborate synergistically, and ideally make new logical outcomes.

Meetings International Mobile Computing 2018 will offer you an unmatched attendee experience. In addition to the many scientific sessions and take-home case study examples, you will leave this event with many other evidence based practice from some of our workshops and symposiums. We hope you will join us in Tokyo, Japan on September 11th and 12th,2018.

Sincerely,

Operating Committee

CEO and Founder

Meetings International PTE LTD.

Who Should Attend?

- Wireless and Telecommunication engineers
- Software engineers
- Scientists
- Deans and Professors
- Engineering Departments Faculty
- Wireless and Telecommunication Associations and Societies
- Companies and Industries
- Test and measurement engineers
- Design and R&D engineers
- Presidents, VPs, CEOs, CTOs, MDs and GMs

Why Attend?

- 10+ Keynote Speaker Session
- 50+ speaker faculty over 2 full days sharing
- 5+ Workshops
- 13 Interactive sessions
- Sign-up to meet your preferred investigator
- Opportunities to meet with profoundly qualified companions to approve methodologies
- Leading industry speakers and illuminating presences

Conference Highlights

- Networking
- Networking Protocols and Wireless Networks
- Network Operations and Management
- Adhoc Sensors and Networks
- Cross Layer design and optimization
- Cyber Security
- Mobile and Wireless Network Security
- Telecommunication
- Wireless Communication
- Beyond 4G and 5G
- M2M and MTC Communication
- Cloud based IP Communication Services
- Recent Trends and Developments in Computer Networks
- Mobile Computing
- Green Communication
- Big Data

Event at a Glance

Day-01 Monday 31 July 2017	
Time	Session
08:30-09:30	Registrations
09:30-11:30	Keynote Forum
Group Photo	
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Networking | Networking Protocols and Wireless Networks
13:00-13:45	Lunch Break**
13:45-16:00	Network Operations and Management | Adhoc Sensors and Networks | Cross Layer design and optimization
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Cyber Security | Mobile and Wireless Network Security | Telecommunication
Day Concludes	
Day-02 Tuesday 01 August 2017	
08:30-09:30	Registrations
09:30-10:30	Keynote Forum
10:30-11:30	Wireless Communication | Beyond 4G and 5G | M2M and MTC Communication
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Cloud based IP Communication Services | Recent Trends and Developments in Computer Networks
13:00-13:45	Lunch Break**
13:45-16:00	Mobile Computing | Green Communication | Big Data
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Poster Presentations
Day Concludes	
Award Ceremony	
Conference Concludes	

Editorial Board Members

Minghui Li
University of Glasgow, UK

Yaochun Shen
The University of Liverpool, UK

Kazumi Nakamatsu
University of Hyogo, Japan

Qing Tan
Athabasca University, Canada

Kalyan Raman
Northwestern University Evanston, USA

Mostafa A Bassiouni
University of Central Florida, USA

Dr. Zhang Quan
Hunan University, China

Maryline Chetto
University of Nantes, France

Sid L. Huff
Victoria University of Wellington, New Zealand

Asim Banerjee
Dhirubhai Ambani Institute of Information & Communication Technology, India

Hongchang An
University of Technology Sydney, Australia

Jehad Al Dallal
Kuwait University, Kuwait

Sima Ajami
Isfahan University of Medical Sciences, Iran

Fang-Fang Chua
Multimedia University, Malaysia

Ravibabu Mulaveesala
PDPM-IIT Design and Manufacturing, India

Valentina E Balas
University Aurel Vlaicu Arad, Romania

Chi Chung Ko
National University of Singapore, Singapore

Journals

Selected contributions will be published in following supporting international Journals

International Journal of Sensor Networks and Data Communications

Sponsorship and Exhibiting Opportunities

Supporting our events as a sponsor is an excellent promotional tool for your company/organization and a fantastic way of achieving several marketing and sales goals all in the space of 2 valuable full days. Our attendees are actively seeking and researching solutions to their business problems, you can save yourself a lot of time and money throughout the year by simply being a sponsor and do more in those intense 2 days for your company than the whole year! Whether the goal is to increase brand awareness and credibility, generate new sales leads or maintain & expand existing relationships, we have the right sponsorship to broaden your competitive advantage in the market-place and attract your target market.

Want to find out some more about the sponsorship opportunities we have available?

Call Program Manager on 800-101-2526 (or)

email him at Mobilecomputing@conferencesworld.org,

Mobilecomputing@meetingint.org with "Sponsorship Enquiry" in the subject line. (* Please note that sponsorship opportunities are limited due to the educational-led focus of this event. Please enquire for availability).

Why Sponsor Our Event?

- Opportunity to meet new business partners enhance customer relationships
- International exposure through promotions
- Increase brand name by partnering
- Reevaluate market position as thought leader
- Ensure market presence with a speaking slot
- Raise your profile and shape your corporate image with logo placement
- Develop new client relationships and affirm existing ones
- Your product/services gets good recognition and remuneration in the world

Sponsorship Packages

- Diamond Sponsor
- Gold Sponsor
- Silver Sponsor
- Bronze Sponsor
- Exhibition

For any other and customized packages, write to Program Manager.

About Tokyo

Tokyo is the capital of Japan and one of its 47 prefectures. The Greater Tokyo Area is the most crowded metropolitan territory on the planet. It is the seat of the Emperor of Japan and the Japanese government. Tokyo is frequently alluded to as a city, however is formally referred to and administered as a "metropolitan prefecture", which contrasts from and joins components of a city and a prefecture, a trademark novel to Tokyo. The prefecture is a piece of the world's most crowded metropolitan region with upwards of 37.8 million individuals and the world's biggest urban agglomeration economy. The city has 51 of the Fortune Global 500 organizations, the most elevated number of any city on the planet. Tokyo positioned third in the International Financial Centers Development Index Edit. The city is likewise home to different telecom companies, for example, Fuji TV, Tokyo MX, TV Tokyo, TV Asahi, Nippon Television, NHK and the Tokyo Broadcasting System.Tokyo positioned first in the Global Economic Power Index and fourth in the Global Cities Index.

In 2015, Tokyo was named the Most Liveable City on the planet by the magazine Monocle. Tokyo positioned first on the planet in the Safe Cities Index. The 2016 release of QS Best Student Cities positioned Tokyo as the third best city on the planet to be a college understudy.
