Invitation

Invitation to attend the ***8th International Conference on Molecular Biology & Biochemistry*** scheduled during ***September 19-20, 2022 in Dubai, UAE.***

The conference emphasizes the theme " ***Examine the Exploration & Impending Movements of Molecular Biology and Biochemistry*** ".

The Molecular Biology-Biochemistry-2022 gathering gives a mind-blowing opportunity to discuss the latest progressions inside the field. This conference brings together the innovations in Molecular Biology and Biochemistry and brings the key opinion leaders and thought leaders in the field from around the world for two intensive days of scientific presentations, networking as well as engagement with companies developing innovations in tools and technologies in this space. The purpose of Molecular Biology-Biochemistry-2022 is to provide an international technical forum to showcase recent advances in Molecular Biology and Biochemistry conference operation committee is providing a platform for all the budding young researchers, young investigators to showcase their research and innovation.

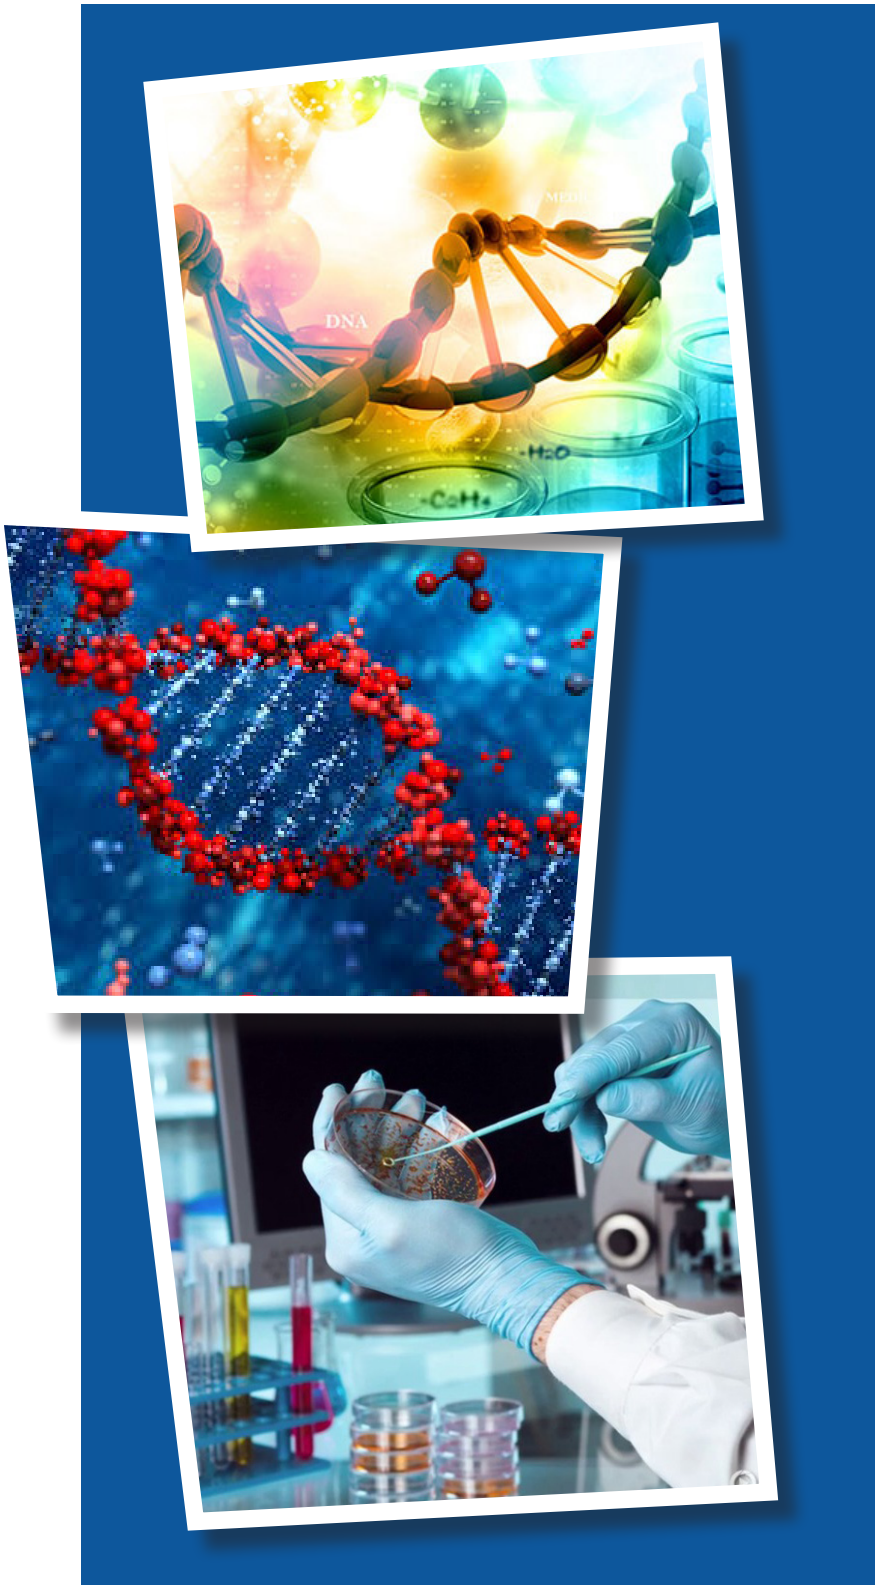

Sincerely,

Operating Committee

Molecular Biology-Biochemistry-2022

Conference Highlights

- Next Generation DNA Sequencing
- Molecular Biology
- Techniques of Molecular Biology
- Cellular and Molecular Biology
- Structural and Molecular Biochemistry
- Clinical and Nutritional Biochemistry
- Medicinal and Pharmaceutical Biochemistry
- Protein and Analytical Biochemistry
- Proteomics in Biochemistry and Molecular Biology
- Enzymology & Biochemistry
- Enzymology in Molecular Biology
- Proteomics in Biochemistry and Molecular Biology

- To identify the future directions of research
- Peer review and high quality publication
- Quality research

Explore Dubai

Dubai is the most crowded city in the United Arab Emirates (UAE) and the capital of the Emirate of Dubai. Located on the southeast shore of the Persian Gulf, Dubai is a worldwide city and the business center point of the Middle East. It is likewise a significant worldwide vehicle center for travelers and freight. Oil income quickened the advancement of the city, which was at that point a significant trade center point. Today, under 5% of the emirate's income originates from oil. An inside for territorial and worldwide exchange since the mid twentieth century, Dubai's economy depends on incomes from exchange, the travel industry, flight, land, and monetary assistance. Dubai is thought to have been set up as an angling town in the mid eighteenth century and was, by 1822, a town of some 700–800 individuals from the Bani Yas clan and subject to the standard of Sheik Tahnun container Shakhbut of Abu Dhabi. In 1833, after ancestral fighting, individuals from the Al Bu Falasah clan withdrew from Abu Dhabi and built up themselves in Dubai. The departure from Abu Dhabi was driven by Obeid receptacle Saeed and Maktoum container Butti, who became joint pioneers of Dubai until Ubaid kicked the bucket in 1836, leaving Maktum to set up the Maktoum dynasty.Dubai marked the General Maritime Treaty of 1820 alongside other Trucial States, following the British correctional campaign against Ras Al Khaimah of 1819, which likewise prompted the assault of the beach front networks of the Persian Gulf. This prompted the 1853 Perpetual Maritime Truce.
