6th Euroscicon conferences on

Nano-Technology

June 22-23, 2020
Rome, Italy

Theme:

An insight into Research and Inventions in Nano science

THE CPD ACCREDITATION GROUP

ACCREDITED: CONFERENCE #1001848
12 CPD CREDITS

EuroSciCon

Nano Technology

2020

Invitation

Euroscicon invites globally all the leading academic scientists, researchers and research scholars from the Nano Technologyand technology to attend **6th Euroscicon conference on Nano-Technology** is scheduled from June 22-23, 2020 at Rome, Italy. EuroSciCon is the UK based independent life science Events Company with predominantly business and academic client base. The 2020 meeting is going to be dynamic and informative as it provides the premier interdisciplinary forum for researchers, practitioners, and educators to present and discuss the most recent innovations, trends, and concerns, practical challenges encountered and the solutions adopted in the field of Nano Technology. The theme of the conference is about “An insight into Research and Inventions in Nano science!!!” This is a 2-days event. During the conference you can participate in General Sessions, Poster Presentations, and Workshops/Symposium, Meet-the-Professor Sessions, Oral Presentations and other interactive and informal exchanges.International symposiums, Panel Discussion and B2B meetings are organized based on the specific topics related to Nano Technology. Topics discussed will be the forthcoming use of Nano technology in healthcare, electronics Nano materials, Nano Technology tools, Robotics, Computational Techniques and many more and other areas most recent techniques, developments, and the newest updates in Nano Technology& Nano technology. We trust you will discover the Meeting beneficial, enlightening and agreeable. We want to personally thank the speakers, moderators, and other volunteers who are participating in the planning of this conference. Everyone’s energy is endless and everyone’s positive attitudes have amazed us throughout the year.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

October 07-08, 2020
Osaka, Japan

EuroSciCon

Nano Technology

2020

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us:

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Nanotechnolgists, Scientists and Young Researchers accessing the website, Nano Technology 2020 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

October 07-08, 2020
Osaka, Japan

Nano 2020 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives

Nurture connexions

Agenda format which incorporates ample Q&A time

Partake in our revamped exhibitor expo sessions

Meet and listen to the relevant clients

Unprecedented growth creating an unparalleled market place

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience

It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries

Over 25 Million+ Visitors and 20000+ Unique Visitors per conference

World's leading industries and companies attend

Career guidance for early career researchers and students

Provides insights you need to take your research to the next level

A huge conclave of high tech and science priests

EuroSciCon

Who'd be attending?

6th Euroscicon Conference Nano Technology plays host for Nano Technology and Nano Technology Students, Scientists Nano Technology and Nano Technology Researchers, Nano Technologyand Nano Technology Faculty, Nano Technology and Nano Technology Colleges, Nano and Nano Technology Associations and Societies, Business Entrepreneurs , Manufacturing Medical Devices Companies

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 18 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Carbon Nanotechnology
- Nano Photonics
- Nano Material Fabrication, Characterization Tools
- Nanotechnology In Water Treatment
- Nano Technology In Tissue Engineering
- Nano Optics
- Advance Nano Materials
- Nano Drug Delivery
- Green Nanotechnology
- Polymer Nanotechnology
- Pharmaceutical Nanotechnology
- Nano Technology Robotics
- Properties For Nano Materials
- Health And Biological Applications
- Nano Fluidics
- Nano 3D Printing
- Nano Technology In Energy Systems
- Nano Weapons
- Future Of Nanotechnology
- Functional Nanomaterials
- Nano Engineering
- Nano Chemistry
- Nano Composites
- Graphene And Its Applications
- Nanobiotechnology
- Nano Medicine

Nano Technology

2020

About Destination Rome

Rome is the capital of Italy and an wonderful comune (named Comune di Roma Capitale). Rome, additionally the capital of the Lazio area. There are 2,873,874 inhabitants in 1,285 km2 (496.1 sq mi) and it is moreover the nation's most populated collective. Rome is the fourth-most crowded metropolis in the European Union. Rome is located in the focal western bit of the Italian Peninsula, inner Lazio (Latium), alongside the shores of the Tiber. Vatican City is a free nation inside the metropolis limits of Rome, the fundamental current case of a country internal a city. Therefore, Rome has been typically characterised as the capital of two states. The language verbally expressed here is Latin. Rome is a noteworthy worldwide area for superior schooling containing a number institutes, schools, and colleges. Rome located as 62nd on the planet and pinnacle in Italy in its World University Ranking. Rome has the reputation of a worldwide city. In 2016, Rome positioned as the fourteenth most-visited town on the planet, 1/3 most visited in the European Union and the most time-honored holiday spot in Italy. It has a developing load of modern and present-day workmanship and engineering. Rome is a indispensable area for music, and it has an exceptional melodic scene, such as a few esteemed song facilities and theaters. Rome is at the focal factor of the spiral device of streets that typically pursue the traces of the old Roman streets which started at the Capitoline Hill and associated Rome with its domain. Rome is served by means of three air terminals.

There are a number of inclinations there like Arch of Constantine, Pantheon, Palazzo del Quirinale, Castel Sant Angelo, Roman Forum, Gardens of Villa Borghese, Trevi Fountains
