Welcome Message:

Meetings international invites all the participants across the world to attend for its upcoming "International Meetings on advanced Nanomaterials and Nanotechnology" which is scheduled during November 07-08, 2017 in Singapore which includes prompt keynote presentations, Oral talks, Poster presentations and Exhibitions.

Nanotechnology is the manipulation of matter on an atomic, molecular, and supra molecular scale. Nanomaterials can be created with various modulation dimensionalities. It can be individual nanostructure such as atomic clusters, quantum dots, nanocrystals, nanowires, and nanotubes, while collection of nanostructures involves arrays, assemblies, and super lattices of individual nanostructure. The physical and chemical properties of nanomaterials can significantly differ from atomic-molecular or the bulk materials of the same composition. Uniqueness of structural characteristics, response, dynamics, chemistry, and energetics of nanostructures constitutes the basis of nanoscience. There are several areas of concern in the nanomaterials market which are projected to be explored in the coming years, for instance, nanoparticles or nanocrystals of metals and semiconductors, nanotubes, nanowires, and nano biological systems. Nanomaterials Meetings 2017, prepares a ground for seeding new ideas and nurturing knowledge through discussions and analysis on advancements in Nanotechnology and Nanomaterials.

Sincerely,
Organizing Committee
Nanomaterials Meetings 2017

Event at a Glance

Day-01 Tuesday 07, November 2017	
Time	Session
08:30-09:30	Registrations
09:30-11:30	Keynote Forum
Group Photo	
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Nano biomaterials | Advanced Nanomaterials | Nano Particles and Structures
13:00-13:45	Lunch Break**
13:45-16:00	Nano Chemistry | Nano Photonics | Nano Biotechnology
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Nano Composites | Nano Sensors
Day Concludes	
Day-02 Wednesday 08, November 2017	
08:30-09:30	Registrations
09:30-10:30	Keynote Forum
10:30-11:30	Carbon Nano tubes | Nano Electronics | Nano Tribology
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Nano pollution and Nano Toxicology | Nano Applications | Nano Ethics
13:00-13:45	Lunch Break**
13:45-16:00	Nano Ethics | Nano Market
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Poster Presentations
Award Ceremony	
Closing Ceremony	

Editorial Board Members

Andrij Holian
The University of Montana
USA

Xuping S
Chinese Academy of Sciences
China

Haruo Sugi
Teikyo University
Japan

Dennis W. Smith Jr.
The University of Texas at Dallas,
USA

Dr Azam Ali
University of Otago
New Zealand

Zhirui Wang
University of Toronto
Canada

Sergei L Dudarev
University of Oxford
United Kingdom

Claudio Zannoni
University of Bologna
Italy

Aibing Yu
University of New South Wales
Australia

Soliman Mahmoud
King Abdulaziz University
Saudi Arabia

Journals

Selected contributions will be published in following supporting international Journals

Journals of nanotechnology and Nanomaterials:
Journal of Nanomedicine & Nanotechnology
Journal of Nanomaterials & Molecular Nanotechnology
Journal of Material Sciences & Engineering

Who Should Attend?

Nanomaterials Meetings 2017 aims at multi-disciplined audience with diverse commercial, technical, corporate, operations, planning sectors of the upstream Nanomaterials engineering services. Meet Your Target Market with members from around the world focused on learning and sharing about Upstream Scientists/Engineers. This is your single best opportunity to reach the largest assemblage of participants from the Nanotechnology and Nanomaterials industry. World-renowned speakers, the most recent techniques, tactics, and the newest breakthroughs in the upstream sector of Nanotechnology and Nanomaterials engineering are the hallmarks of this meeting.

- Nanotechnology and Nanomaterials engineers
- Scientists, Researchers & Technical Staff from Nanotechnology field
- Professors, Students & Delegates from Nanotechnology Department
- Nano medicine engineers
- Nanotechnology Industrialists
- Environmental Engineers
- Exploration & Production department
- Directors/Senior Directors/Executive Directors and Vice Presidents/Senior Vice Presidents/Executive Vice Presidents and Heads/Leaders/ of
- reputed universities, Companies, Societies and Associations.

Why Attend?

With members from around the world focused on learning about Nanomaterials & Nanotechnology, this is your single best opportunity to reach the largest assemblage of participants from all over the globe. Conduct demonstrations, distribute information, meet with the current and potential customers, make a splash with a new product line, and receive name recognition at this two days event.

Conference Highlights:

- Nano biomaterials
- Advanced Nanomaterials
- Nano Particles and Structures
- Nano Chemistry
- Nano Photonics
- Nano Biotechnology
- Nano Composites
- Nano Sensors
- Carbon Nano tubes
- Nano Electronics
- Nano Tribology
- Nano pollution and Nano Toxicology
- Nano Applications
- Nano Ethics
- Nano Market

Sponsorship and Exhibiting Opportunities:

Supporting our events as a sponsor is an excellent promotional tool for your company/organization and a fantastic way of achieving several marketing and sales goals all in the space of 3 valuable full days. Our attendees are actively seeking and researching solutions to their business problems, you can save yourself a lot of time and money throughout the year by simply being a sponsor and do more in those intense 3 days for your company than the whole year! Whether the goal is to increase brand aware-ness and credibility, getnerate new sales leads or maintain & expand existing relationships, we have the right sponsorship to broaden your competitive advantage in the market-place and attract your target market.

Want to find out some more about the sponsorship opportunities we have available?

Call us on +1 302 231 6756 or email us at separationtechniques@chemistrymeetings.org with "Sponsorship Enquiry" in the subject line. (* Please note that sponsorship opportunities are limited due to the educational-led focus of this event. Please enquire for availability.

Why Sponsor Our Event?

- Opportunity to meet new business partners enhance customer relationships
- International exposure through promotions
- Increase brand name by partnering
- Reevaluate market position as thought leader
- Ensure market presence with a speaking slot
- Raise your profile and shape your corporate image with logo placement
- Develop new client relationships and affirm existing ones
- Your product/services gets good recognition and remuneration in the world

Sponsorship Packages

- Diamond Sponsor - 8500
- Gold Sponsor - 7500
- Silver Sponsor - 5000
- Bronze Sponsor - 3500
- Exhibition - 2500
- 1 Page Ad - 500

For any other and customized packages, write to Program Manager.

About Singapore

Singapore officially the Republic of Singapore, and often referred to as the Lion City or the Little Red Dot, is a sovereign city-state in Southeast Asia, and the world's only island city-state. Singapore is a global commerce, finance and transport hub. Its standings include: the most "technology-ready" nation (WEF), top International-meetings city (UIA), city with "best investment potential" (BERI), second-most competitive country, third-largest foreign exchange market, third-largest financial centre, third-largest oil refining and trading centre, and the second-busiest container port. Singapore is a major international transport hub, prospered as an important point for land and water transportation as well as a commercial city.

Singapore's territory consists of a diamond-shaped main island along with 62 other islets and its greening policy has covered the densely populated island with tropical flora, parks and gardens. Singapore consists of 63 islands, including the main island, Pulau Ujong. There are two man-made connections to Johor, Malaysia: the Johor–Singapore Causeway in the north and the Tuas Second Link in the west. Jurong Island, Pulau Tekong, Pulau Ubin and Sentosa are the largest of Singapore's smaller islands.

Gardens by the Bay is a surreal green oasis in the heart of Singapore. It brings plants to life in a way you've never seen before. There you are surrounded by nature whilst feeling like you have stepped into the Avatar movie. This huge, colourful, futuristic park is famous for its high-tech Super tree Grove – a collection of magical giant trees – as well as Cloud Forest and Flower Dome.

One of the attractions at Marina Bay Sands, the Art Science Museum is the world's first Art Science museum, opened on 17 February 2011. This unique building is shaped like a lotus flower in bloom, and is anchored by a round base in the middle, with ten extensions referred to as "fingers", designed to be a symbolic gesture of welcome to guests from across the globe.

Registration/Sponsorship Application Form
