Invitation

Hear Explore and learn the latest research. Present before distinguished Informatics audience. Collaborate, build partnerships and experience Tokyo. Join the Nano Medicine & Drug delivery conference

We are pleased to invite you all to the "4th International Conference on Nano Medicine and Drug delivery" which will take place on November 27-28, 2019 in Tokyo, Japan hosted by Euroscicon.

The conference will bring together Researchers and Scientists from more than 40 nations to share their knowledge, experience, and expertise through a series of Key Notes, Plenary Talks, Workshops, Symposiums, and Exhibitions. The theme of this Nano delivery conference is "Evaluating latest ideas in Nano Medicine & Drug delivery" and the audience is expected from wide disciplines which include but not limited to Nano Medicine, Drug delivery, Personalized Nano medicine, Pharmaceutical Nanotechnology, Nano Materials for Drug delivery, Design of Nano drugs, Cancer and Nano technology, Drug delivery Research, Smart Drug delivery technology, Regenerative Medicine and Tissue Engineering and other experts working in the related area of Nano Medicine & Drug delivery to share their experience at this global platform.

Tokyo a gorgeous city with many hidden secrets poses one of the world's most promising destinations to visit and experience the special tourist attractions. Attending and contributing to the conference will definitely enhance your cultural and scientific experience and open further opportunities for you and your career.

We look forward to welcoming you to Tokyo, Japan

With Best Wishes,

Organizing Committee

4th International Conference on Nano Medicine and Drug delivery

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges

November 27-28, 2019
Tokyo, Japan

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure

Our International Scientific Conferences:

Moreover you get to meet the industry's high priests who come from all over the orb You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions

B2B Meetings with enriching interaction help building better businesses, people and world

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ professionals and Educators accessing the website, Health Economics Summit 2019 is the most lucrative platform for Material Science Doctors, Professors, Researchers, Academicians and Industry professionals pursuing their work in the field In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile

Nanodelivery 2019 Sailent Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

November 27-28, 2019
Tokyo, Japan

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 300+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Nanodelivery

2019

Who'd be attending?

The conference will bring together Directors, Doctors, Director of Laboratories, Universities, Industries, Professors, Delegates, Research specialists, Post-Doctoral Fellows, Researchers and Students, Research companies, and Consulting Firms and all the interested participants willing to enhance and update the knowledge on Nanomedicine & Drug delivery

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks With over 18 years of Engineering Communication it focuses on to Spearheading the Transformation of Research into Knowledge through Scientific Gatherings and Networking Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity

Scientific Sessions:

- Nano medicine
- Cancer and nanotechnology
- Nanotechnology and biomedical applications
- Personalized nano medicine
- Regenerative medicine and tissue engineering
- Regulatory aspects towards approval of nano medicine
- Pharmaceutical nanotechnology
- Nano materials for drug delivery
- Design of nano drugs
- Drug targeting and design
- Drug delivery research
- Drug delivery equipment and machinery
- Smart drug delivery technology
- Novel drug delivery systems
- Routes of drug administration
- Vaccine design and delivery technology
- Recent advances in drug delivery
- Nano pharmaceutical industry and market
- Drug delivery and device development
- Major challenges in drug delivery
- Drug delivery companies and market
