

EuroSciCon

EuroSciCon Conference on

Nanomaterials &Nnaotechnology

February 21-22, 2020

Amsterdam, Netherlands

Theme:

Invention and innovation of new concepts in the field of material & nanotechnology

EuroSciCon

Nanomaterials

2020

Invitation

EuroSciCon warmly welcomes to all the experts in the field of Materials Science and Nanotechnology to attend its upcoming conference on Nanomaterials, to be held during February 21-22, 2020 in Amsterdam, Netherlands. The Conference is based on the Theme: Invention and innovation of new concepts in the field of material & nanotechnology. Nanomaterials 2020 Conference will make the perfect platform for global networking as it brings all together speakers, renowned speakers, business persons , CEO's , across the globe to most exciting and memorable event ,with interactive sessions, poster presentation, world class exhibition. Advances in the field of Materials Science and Nanotechnology are one of the crucial factors in the economic powers of the developed countries and developing countries

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

February 21-22, 2020

Amsterdam, Netherlands

EuroSciCon

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us:

Our EuroSciCon Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our EuroSciCon Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Materials Science and Nanotechnology professionals accessing the website, Nanomaterials 2020 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Nanomaterials 2020 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives

Nurture connexions

Agenda format which incorporates ample Q&A time

Partake in our revamped exhibitor expo sessions

Meet and listen to the relevant clients

Unprecedented growth creating an unparalleled market place

February 21-22, 2020

Amsterdam, Netherlands

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience

It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries

Over 25 Million+ Visitors and 20000+ Unique Visitors per conference

World's leading industries and companies attend

Career guidance for early career researchers and students

Provides insights you need to take your research to the next level

A huge conclave of high tech and science priests

EuroSciCon

Why to attend???

International Conference on Nanomaterials 2020 which is going to be the biggest conference dedicated to Nanomaterials and Nanotechnology professionals providing a premier technical forum for reporting and learning about the latest new generation technologies developed during the course of time along with discussing their applications. Events include hot topics presentations from all over the world and professional networking with industries, leading working groups and panels.

Meet Your Objective Business sector with individuals from and around the globe concentrated on finding out about Materials Science and Nanotechnology, this is the best chance to achieve the biggest collection of members from everywhere throughout the World. Conduct shows, disperse data, meet with current, make a sprinkle with another product offering, and get name acknowledgment at this occasion. Widely acclaimed speakers, the latest methods, strategies, and the most up to date overhauls in Materials Science and Nanotechnology are signs of this meeting.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Nano Materials And Nanotechnology
- Advanced Materials Science
- Nano Electronic Devices
- Nano Medical Devices
- Biomedical Nanomaterials
- Nanobiotechnology
- Advanced Nanomaterials
- Characterization And Synthesis Of Nanomaterials
- Nano Robotics
- Nanodevices And Nanosensors
- Carbon Nanomaterials:Devices And Technologies
- Graphene Nanostructures And 2D Materials
- Nuclear Materials And Radiation
- Nano-Coatings
- Advanced Materials And Devices
- Nanotechnology For Clean Energy And Environment
- Electronic, Optical And Magnetic Materials
- Applications Of Nanomaterials
- Nanomaterials Safety And Regulations
- Scope Of Nanomaterials
- Nanomaterials Manufacturing Technologies
- Future Of Nanotechnology And Nanomaterials

February 21-22, 2020

Amsterdam, Netherlands

About Destination Amsterdam

Amsterdam, formerly a 13th-century fishing village to 21st century's most busy and happening cultural and business hub, has a culturally diversified and rich history. The name, Amsterdam derives from Amstelredamme- a bridge over the river Amstel. Being ranked as the second best city to live in and 12th global rank on quality living for environment and infrastructure, Amsterdam has achieved huge milestones in a short period. The Amsterdam seaport is the fifth largest seaport in Europe.Amsterdam, also a canal-side port city has more than 100 kilometers of canals with three main canals being, Prinsengracht, Herengracht, and Keizersgracht with Singel, a moat forming the innermost ring in the city, thereby giving the city center a horseshoe shape. The city is demarcated into 90 islands linked by 1,500 bridges.
