International Conference on

Materials & Nanomaterials

June 14-15, 2021 | Osaka, Japan

https://www.meetingsint.com/conferences/nanomaterials

Invitation

Dear Attendees

Meetings International proudly announces the ***International conference on Materials & Nanomaterials*** scheduled during ***June 14-15, 2021 in Osaka, Japan***

The conference emphasizes the theme "***Start a day with New Business Strategy***".

The Nanomaterials 2021 gathering gives a mind-blowing opportunity to discuss the latest progressions inside the field. This conference brings together the innovations in Nanomaterials and brings the key opinion leaders and thought leaders in the field from around the world for two intensive days of scientific presentations, networking as well as engagement with companies developing innovations in tools and technologies in this space. The purpose of Nanomaterials 2021 is to provide an international technical forum to showcase recent advances in International conference on Materials & Nanomaterials conference operation committee is providing a platform for all the budding young researchers, young investigators to showcase their research and innovation.

Sincerely,

Operating Committee

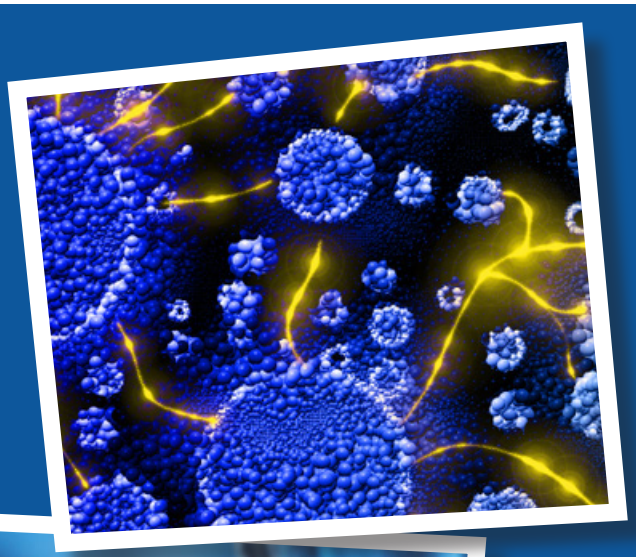

Nanomaterials 2021

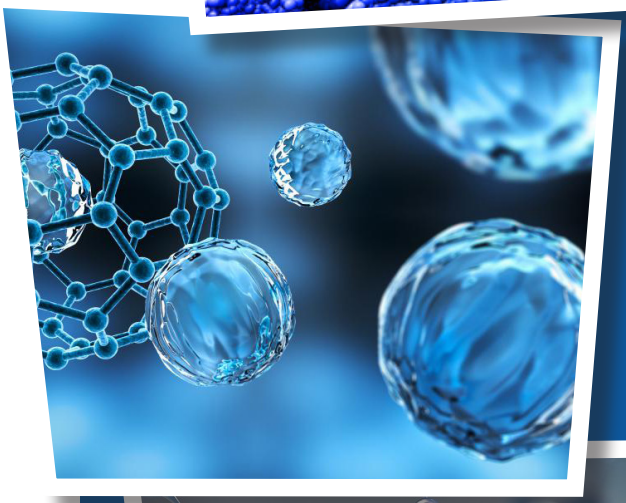

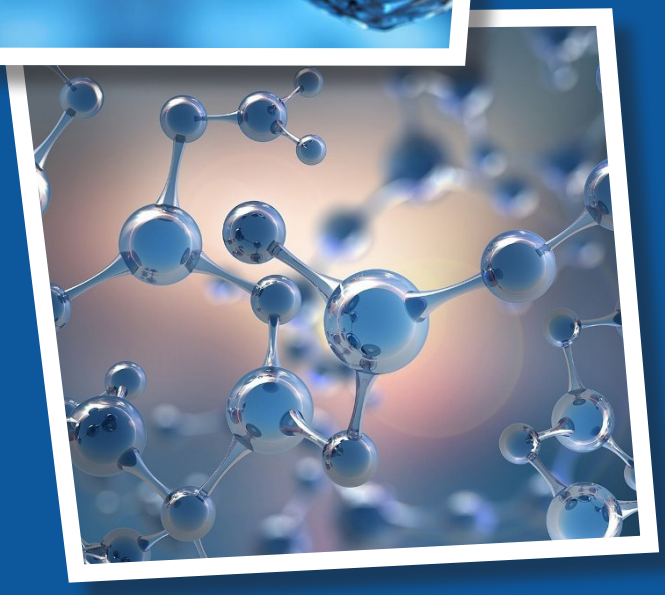

Conference Highlights

- Advanced Nanomaterials
- Synthesis and Characterization of Nanomaterials
- Composite materials
- Polymer Nanotechnology
- Biomaterials and Nano Biotechnology
- Nanotechnology for Energy and Environment
- Nano-Optics
- Nanomaterials in Food, Agriculture and Water
- Nanophysics
- Materials: Characterization and Testing

- To identify the future directions of research
- Peer review and high quality publication
- Quality research

Osaka Attractions

Explore Osaka

OSAKA (around 500 kilometers southwest of Tokyo) is the second greatest city in Japan and the thirteenth greatest city on earth, with a general population of about 10.5 million people. Masterminded on an ensured gulf, it is moreover the business, conveyance and mechanical focal point of western Japan, the second huge passage to Japan after Tokyo and the transportation and correspondence focus purpose of the Kansai area, with a favorable relationship with Kyoto, Nara, and Kobe, the Inland Sea district, and Shikoku, which are overall close by. Notwithstanding the way that Osaka is level as level can be its name means "huge incline." The alloted city of Osaka covers 222 square kilometers and has about 2.7 million people. The Metro zone has pretty much 20 million people.

Osaka has been a critical port and business city in Japan since the early Edo Period and before since Toyotomi Hideyoshi set up Osaka Castle in 1596. Osaka gave items, for instance, rice, reason, stoneware and extravagances from Kyoto to the capital in Edo (Tokyo) through sea.

Osaka, like Tokyo, is segregated into specific zones each with their own evident character: Nakanoshima is the social and administrative focal point of Osaka arranged on an island in the Yodogawa River, Den-Den Town (an equipment shopping zone in Daikokucho and Osaka's equivalent to Tokyo's Akihabara), Umeda, Shinsaibashi and Namba are the spots for shopping and nightlife.
