Invitation

Dear Attendees,

We are glad to announce the Edition of 37th Edition of International Conference and Expo on Nanoscience and Nanotechnology During June 19-20 2019 Dubai, UAE organized by EuroSciCon, USA in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members. This Conference is a unique international platform that's a confluence of all stake holders of the ecosystem – Industry, Academia, Researchers.

Nanoscience studies will be available to discuss with you the latest issues and trends in Unveiling the emerging research for delivering effective concepts on scientific Nanoscience Research.

Theme: The ultimate goal is to promote the Research & development of Nanotechnology through collaboration & Innovation

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. Attend the 37th Edition International Conference and Expo on Nanoscience and Nanotechnology to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to personally welcoming you to USA this June.

Sincerely,

Teva Jones

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us:

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

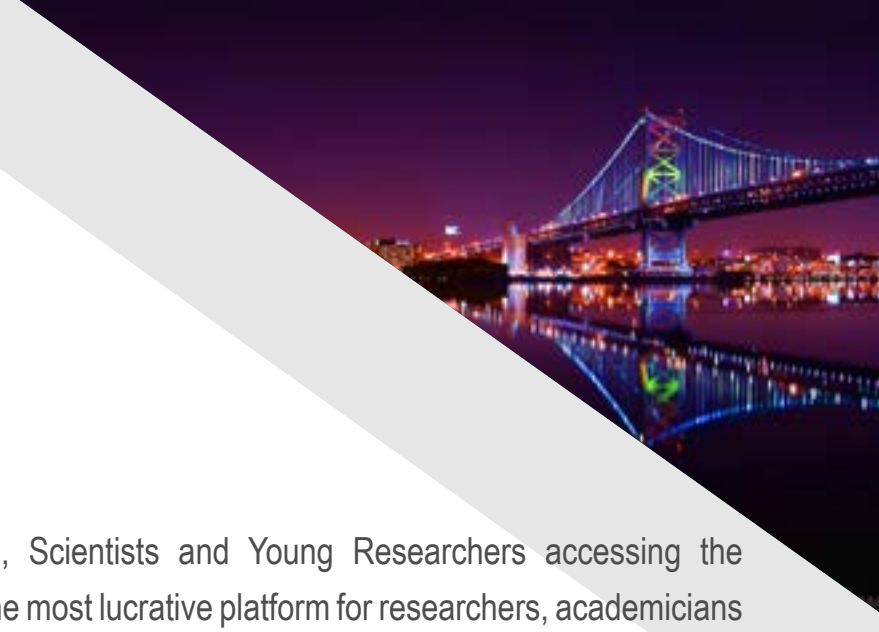

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manuscripts in our Open Access Journals

EuroSciCon

With over 25000+ Nanotechnolgists, Scientists and Young Researchers accessing the website, Nano Technology 2019 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Nanoscience 2019 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives

Nurture connexions

Agenda format which incorporates ample Q&A time

Partake in our revamped exhibitor expo sessions

Meet and listen to the relevant clients

Unprecedented growth creating an unparalleled market place

Who'd be attending?

EuroSciCon organizes the 37th Edition of International Conference and Expo on Nanoscience and Nanotechnology during June 19-20, 2019 Dubai, UAE with a theme "The ultimate goal is to promote the Research & development of Nanotechnology through collaboration & Innovation". Participating at Nanoscience2019 this pinnacle will bring together the senior level experts with a perfect blend for multidisciplinary collaboration between innovators, scientists, academicians from all over the world and discussed the latest innovations with keynotes and featured presentations in the field of Nano and Nanotechnology research.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 17 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society, Institute of Biomedical Science (IBMS) and British Society. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Nano Engineering
- Nano Technology
- Electronics And IT Applications
- Impact, Influence And Benefits For The Society
- Health And Biological Applications
- Life Cycle Of Nano Materials
- Properties For Nano Materials
- Nano Devices And Nano Sensors
- Nano Technology Robotics
- Integrated Nano Technology Microsystems
- Nano Technology In Energy Systems
- Nano Materials Properties
- Nano Material Fabrication, Characterization Tools
- Nano Technology In Auto Machine
- Nano Medicine
- Nano Photonics
- Carbon Nanotechnology
- Nanotechnology In Water Treatment
- Graphene And Its Applications
- Nano Fluidics
- Nano Biomaterials
- Nano Technology In Tissue Engineering
- Pharmaceutical NanoTechnology
- Nano Weapons
- Nano Chemistry

About Destination Dubai

Dubai is the capital city of the United Arab Emirates (UAE), and the largest of the seven emirates federation. Year-round sunshine, pristine beaches, spectacular sand dunes, and pulsating cosmopolitan lifestyle await every guest in Dubai. This emirate is known around the world for its massive oil reserves and majestic mosques with towering minarets. These, combined with the distinct Arabic hospitality and mystique - and world-class infrastructure - make Dubai an excellent destination both for the experienced and novice traveler. Dubai, Arabic Abu Zaby, city and capital of Abu Zaby emirate, one of the United Arab Emirates (formerly the Trucial States, or Trucial Oman), and the national capital of that federation. The city occupies most of a small triangular island of the same name, just off the Persian Gulf coast and connected to the mainland by a short bridge. Dubai was formerly an undeveloped town of only local importance, but the emirate's oil revenues enabled it to evolve into a modern city with a fully developed infrastructure
