Meetings International

6th International Conference On

NANO TECHNOLOGY AND NANO ENGINEERING

Nanotechnology 2019

July 24-25, 2019 | Vancouver, Canada

INVITATION

Meetings International proudly announces the **6th International Conference On Nano Technology and Nano Engineering** scheduled during **July 24-25, 2019** in **Vancouver, Canada**. The conference emphasizes the theme "**Nanotechnology: The Emerging World of Science**".

Meetings International provides an international dais for scientists and Chemistry professionals to Exchange Ideas, Knowledge and Networking at its 100+ International Conferences. To supply a forum for international researchers from varied areas of Nanotechnology by providing a platform for appraisal of recent data, and to share latest cutting-edge analysis findings and results regarding all aspects of chemistry of the world.

Sincerely,
Operating Committee
CEO and Founder
Meetings International PTE LTD

Important Dates

Early Bird: **January 31, 2018**

Registration Open: **August 24, 2018**

Abstract Submission Open: **August 24, 2018**

On Spot Registration: **July 24, 2019**

Vancouver, Canada

CONFERENCE HIGHLIGHTS

- Nanofabrication
- Nanotoxicity
- Nanomedicine
- Nanoengineering
- Nanobiotechnology
- Materials science
- Molecular Engineering
- Graphenes
- Nanophotonics
- Cosmetics
- Defense and Security
- Recent Innovations and Others

Meetings Int. offers

An unique platform for top level research and innovation

Vancouver, Canada

Nanotechnology 2019

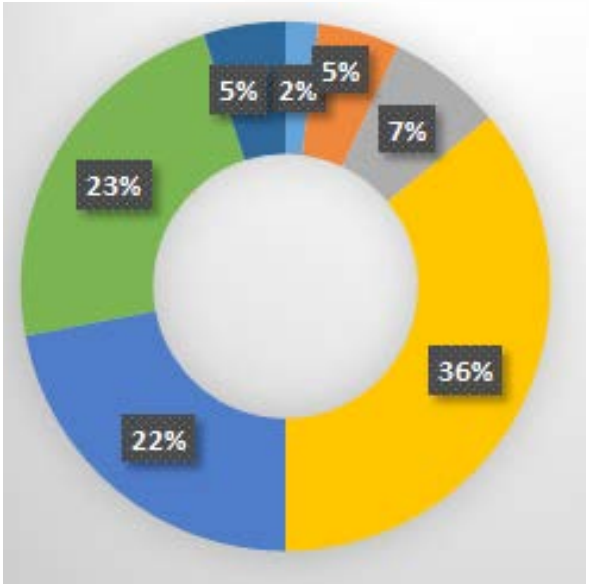

WE VALUE

Quality research

To identify the future directions of research

Peer review and high quality publication

- Head Management/CEO/Manager
- Dean
- Director
- Professor
- Students
- Research Scolars
- Business Enterprenures

ABOUT VANCOUVER

Vancouver locally is a seaside seaport city in Canada, situated in the Lower Mainland area of British Columbia. As the most crowded city in the area, the 2016 registration recorded 631,486 individuals in the city, up from 603,502 of every 2011. The Greater Vancouver zone had a populace of 2,463,431 of every 2016, making it the third-biggest metropolitan range in Canada. Vancouver is Famous for Its Beauty. One of the most famous things about Vancouver is its physical beauty. Surrounded by snow-capped mountains and deep blue sea, Vancouver is gorgeous; when the sun is shining, it's truly a sight to behold.

GLIMPSES OF NANOTECHNOLOGY 2018

What people say about Nanotechnology 2018

Thank you for your friendly mail. I enjoyed the conference with interesting speakers. I did not know anybody at the beginning but I found good companions during the conference.The hotel was good but it was located somewhat outside of Paris. Nevertheless, we had a good time. Anyway, thank you again for your invitation.

NIKOLAUS STOLTERFOHT

Emeritus Professor, Hahn-Meitner-Institut Berlin, Germany

The conference sessions proceeded successfuly in a hot and friendly atmosphere. I observed during the conference every delegate and speaker interacted with each other and made friend. I am sure that the conference has become a scientific platform to exchange knowledge among the scientists from all over the world, and they will conduct a new collaborations. During the conference, onsite organizers spent a great effort. I believe that the level and quality and reputation will increase year to year. Unexpected and unavoidable circumstances can occur at everywhere and every activation, and they can be solved easily. Hope to meet you and your team in another conference.

OSMAN ADIGUZEL

Professor, Firat University, Turkey

I also really appreciated all the scientific contact I made within all these participants - Think that in the future if you might request some help for that renewal activity, I might be helping your team of course (I have some suggestions for making better sort / type of presentation activities for invited speakers of course according to my experience in the field).

JEAN-PAUL LELLOUCHE

Professor, Bar-Ilan University, Israel
