Dear Attendees,

Meetings International is glad to announce its upcoming **"23rd International Conference on Nanotechnology"** scheduled on **June 27-28, 2024** in **London** . The conference is organized with the theme: **"Nanotechnology Nexus: Where Science Meets Tomorrow"**.

Nano Technology Conference 2024 meeting gives the participants an extraordinary chance to share their groundbreaking thoughts and propelling innovations that can be utilized in the field of Nanotechnology and Nanomedicine. Nanotechnology 2024 is the most obvious opportunity to get the hands together with individuals from the Medical affiliations, Biotechnology Organizations, Nano Microbiology Societies, and Nanotechnology Academic Professionals worldwide for our upcoming to witness and participate in highly professional scientific discussions and sessions

Nanotechnology 2024 will have invited Talks/Keynote Talks, Scientific Sessions, Workshops,Poster Presentations, Exhibitions, B2B meetings, Networking Sessions, etc. As part of encouraging young researchers, we have a special session, Young Research Fellow. In this session, all the students pursuing a doctoral degree are eligible to participate and the best paper presenter will be awarded Young Research Fellow (YRF) Award.

Hope you all join and make the year's most exciting evNanotechnology successful.

We accept abstracts for oral presNanotechnologyations; therefore request you all submit the abstracts at the earliest before the early bird dates.

Sincerely,
Operating Committee

Young Research Forum:

Meetings International is announcing the Young Sci Nanotechnologyist Awards through the **2nd International Conference on Nanotechnology** which is scheduled in **London** during **27-28, 2024**. This Nanotechnology conference focuses on Nanotechnology Nexus: Where Science Meets Tomorrow.

Nanotechnology 2024 will recognize participants who have significantly added value to the sciNanotechnologyific community of Otolaryngology and provide them with outstanding Young SciNanotechnologyist Awards. The Young SciNanotechnologyist Award will provide a strong professional developmNanotechnology opportunity for young researchers by meeting experts to exchange and share their experiences at our international conferences.

Benefits:

The Young SciNanotechnologyist Feature is a platform to promote young researchers in their respective areas by giving them a chance to presNanotechnology their achievemNanotechnologys and future perspectives.
