Welcome Message

Meetings International in collaboration with EuroSciCon, welcomes you to attend International Meeting on Medicinal Plants and Natural Products Research to be held from September 04-05, Macau, HongKong

EuroSciCon, founded in 2001 is a UK based independent life science Events Company with predominantly business and academic client base. The key strategic objective of EuroSciCon is to communicate science and medical research between academia, clinical practice and the pharmaceutical industry. Most of its events are in Europe and London or live streamed. EuroSciCon expanded its operations to international in association with Meetings International, Singapore. All major meetings of EuroSciCon and Meetings International are accredited with Continued Professional Education (CPD), Continued Education (CE), and Continued Medical Education (CME) Credits.

Natural Products Meeting 2017 is a global annual event. The main aim of the conference is to showcase recent findings of natural products research in Hong Kong and other participating countries. To share recent development and advanced techniques and instrumentation employed for natural products research. And to discuss and learn about Natural Products, Phytochemicals as medicines and food conservatives, Novel analyses of bioactive compounds, Climate change and food plants, Medicinal Plants as Anti-Cancer Drugs, Natural Products Drug Discovery, Phytochemicals in relation to soil, Natural Products Chemistry, Plant-herbivore interactions, Volatile phytochemicals, Phytochemical responses to abiotic and biotic stress factors, Phytochemicals of lichens, Plant micro biome. Also to provide collaborative and networking platform for local and international scientist in natural products research

In addition to attending the conference, we invite you to experience Macau, the beautiful city in Hong Kong, which attracts people from around the world.

Sincerely,

Organizing Committee

Natural Products Meeting 2017

Meetings International Pvt Limited

www.meetingsint.com/pharma-conferences/naturalproducts

- Bronze Sponsor
- Exhibition

For any other and customized packages, write to Program Manager.

About Hong Kong

Hong Kong has a free trade economy, with an industrious work force and a modern, sophisticated commercial infrastructure. It also has one of the world's busiest container terminals and is a major transhipment centre for goods to and from China. It boasts an excellent telecommunications network that links it to the major cities of the world.

Hong Kong is providing a popular export destination, partly because there are no import tariffs, but also because the city's consumers are fashion-conscious and have high purchasing power. "Many brands would like to have targeted the Chinese market, but cannot do so because of tariffs and animal-testing methods, so they go for Hong Kong

Hong Kong has spare stream from claiming information, complex political system, strict licensed innovation legislation, Furthermore system from claiming the bicultural benefits of business professionals, would recently be a portion of the large portions motivations the reason many companies incline toward Hong Kong. Hong Kong is not just those immaculate build to organizations with the enter Chinese market, in any case its 'East meets West' benefits of the business society gives a Perfect stage for the Chinese ventures to extend under the universal group keeping.
