About Venue:

Dubai!!! And there you are at the "shopping capital of the Middle East". Dubai has always attracted the world attention through large construction projects and sports events, in particular the world's tallest building, the Burj Khalifa. As of 2012, Dubai was the most expensive city in the Middle East.

Dubai alone has more than 70 shopping centres, including the world's largest shopping centre, Dubai Mall. Dubai is also known for the historical souk districts located on either side of its creek. Traditionally, dhows from East Asia, China, Sri Lanka, and India would discharge their cargo and the goods would be bargained over in the souks adjacent to the docks. Dubai Creek played a vital role in sustaining the life of the community in the city and was the resource which originally drove the economic boom in Dubai. As of September 2013, Dubai creek has been proposed as a UNESCO World Heritage Site. Many boutiques and jewellery stores are also found in the city. Dubai is also referred to as "the City of Gold" as the Gold Souk in Deira houses nearly 250 gold retail shops.

Dubai has a wide range of parks like Safa park, Mushrif park, Hamriya park etc. Each park is uniquely distinct from the other. Mushrif park showcases different houses around the world.

Some of the most popular beaches in Dubai are Umm Suqeim Beach, Al Mamzar Beach Park, JBR Open Beach, Kite Beach, Black Palace Beach and Royal Island Beach Club.

Dubai is definitely one of the places to be visted!!!
