Dear Colleagues,

Join us for the 14th World Nephrology Conference, on April 25-26, 2024, in the city of Rome, Italy. This conference promises to be an enriching experience for nephrologists, researchers, clinicians, and healthcare professionals from around the globe.

Nephrology 2024 offers a comprehensive program featuring keynote presentations, plenary sessions, panel discussions, and interactive workshops covering a broad spectrum of nephrology topics. From the latest breakthroughs in renal physiology and pathophysiology to innovative approaches in renal replacement therapy and dialysis, attendees will gain valuable insights into the most pressing issues facing the field today.

Engage with renowned experts and thought leaders, participate in stimulating debates and collaborate on groundbreaking research initiatives. Whether you're a seasoned practitioner, an early-career researcher, or a student eager to explore the world of nephrology, this conference provides a unique platform to expand your knowledge, network with peers, and advance your professional growth.

Set against the backdrop of Rome's rich history and cultural heritage, Nephrology 2024 offers a one-of-a-kind opportunity to immerse yourself in both academic discourse and the vibrant atmosphere of this iconic city. Don't miss your chance to be part of this transformative event shaping the future of nephrology.
