Rome Attractions

Explore Rome

Rome was called the "Eternal City" by the ancient Romans because they believed that no matter what happened in the rest of the world, the city of Rome would always remain standing. Exploring the city centre by foot surrounded by glorious monuments and colossal remains takes you back in time to the "glory that was Rome".

Rome today is one of the most important tourist destinations of the world, due to the incalculable immensity of its archaeological and artistic treasures, as well as for the charm of its unique traditions, the beauty of its panoramic views, and the majesty of its magnificent "villas" (parks). Among the most significant resources are the many museums – Musei Capitolini, the Vatican Museums and the Galleria Borghese and others dedicated to modern and contemporary art – aqueducts, fountains, churches, palaces, historical build-

the monuments and ruins of the Roman F
and the Catacombs.
