Invitation

Dear Attendees,

Meetings International proudly announces the **10th International Congress on Nephrology and Urology** scheduled during **March 22-23, 2023 at Paris, France.**

The conference emphasizes the theme "Exploring Latest Innovations in diagnosis and treatment of kidney diseases".

The Nephrology Congress 2023 gathering gives a mind-blowing opportunity to discuss the latest progressions inside the field. This conference brings together the innovations in microfluidics and brings the key opinion leaders and thought leaders in the field from around the world for two intensive days of scientific presentations, networking as well as engagement with companies developing innovations in tools and technologies in this space. The purpose of Nephrology Congress 2023 is to provide an international technical forum to showcase recent advances in Nephrology and Urology. Nephrology Congress 2023 conference operation committee is providing a platform for all the budding young researchers, young investigators to showcase their research and innovation.

Sincerely,

Operating Committee

France Attractions

Explore Paris

Paris is the capital city of France. The French historic, political and economic capital, with a population of only 2.5 million is located in the northern part of France. One of the most beautiful cities in the world. Home to historical monuments such as Notre Dame, the Eiffel Tower (320m) astille, Louvre and many more. Much of the city was re-designed by Haussmann in the 19th century. The river Seine divides the city into the Rive Gauche on the south and the Rive Droite on the north banks of the river. The arch is built on the Place Charles de Gaulle, which was formally known as the Place de etoile, 12 roads meet at the arch forming a huge roundabout, including the Avenue des Champs-Elysees which arrives at La Place de la Concorde.
