7th International Conference on

Neurology 2021

May 19-20,2021 | Singapore

https://www.meetingsint.com/conferences/neurology

Invitation

Dear Attendees,

Meetings International proudly announces the ***7th International Conference on Neurology 2021*** scheduled during ***May 19-20, 2021 in Singapore***

The conference emphasizes the theme "ADVANCED RESEARCH & FUTURE OF Neurology and Neuroscience - Education and Practice".

Neurology 2021 gathering gives a mind-blowing opportunity to discuss the latest progressions inside the field. This conference brings together the innovations in microfluidics and brings the key opinion leaders and thought leaders in the field from around the world for two intensive days of scientific presentations, networking as well as engagement with companies developing innovations in tools and technologies in this space. The purpose of Neurology is to provide an international technical forum to showcase recent advances in Neurology, and health care & medicine. Neurology conference operation committee is providing a platform for all the budding young researchers, young investigators to showcase their research and innovation.

Sincerely,

Operating Committee

Singapore Attractions

Explore singapore

Singapore has been described as a playground for the rich, and it's true that the small city-state does have a certain sheen of wealth. But Singapore offers more than just high-end shopping malls, luxury hotels, and fine dining (though it's worth indulging in those a bit if you can). There is also a vibrant history and diverse ethnic quarters to discover, along with many family-friendly attractions and lovely public spaces that make visiting this slightly futuristic city worthwhile.

The opulent Marina Bay Sands resort complex includes a high-end luxury hotel, a mall with a canal running through it, the ArtScience Museum, and the Marina Bay Sands Skypark Observation Deck
