Invitation

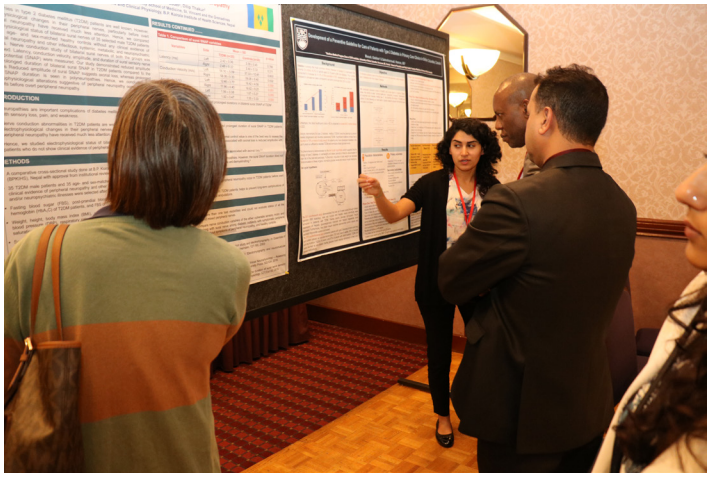

Meetings International (Meetings Int.) proudly announces the **International Conference on Neuroscience and Therapeutics** to be held during **September 24-25, 2018** at **Toronto, Canada**. The conference emphasizes the theme "structure a superior brain by brain storming Neuroscience and therapeutics".

Meetings International (Meetings Int.) is organizing 100+ Global events in this year is delight to welcome all the interested and enthusiastic participants across the globe to its prestigious Conference on Annual Congress of Neuroscience and Therapeutics. International Conference on Neuroscience and Therapeutics is an expedient platform for bringing together specialized academics, brain researchers, public health professionals, scientists, industry researchers and scholars around the world and celebrating their knowledge under one roof. This prestigious conference encourages new ideas for young researchers to enhance their skills and interact with the adepts of the sector. National seminars and workshops provide a dedicated platform for up gradation, execution and exchange of information about Neuroscience and its relevant aspects.

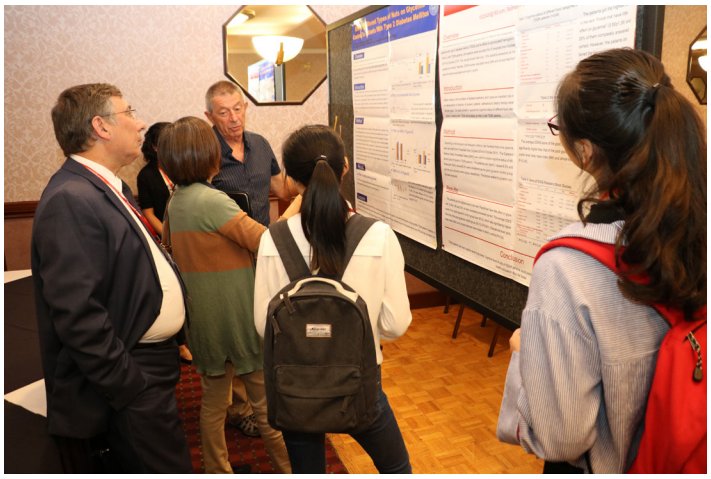

Sincerely,
Operating Committee
Neuroscience 2018
Meetings International

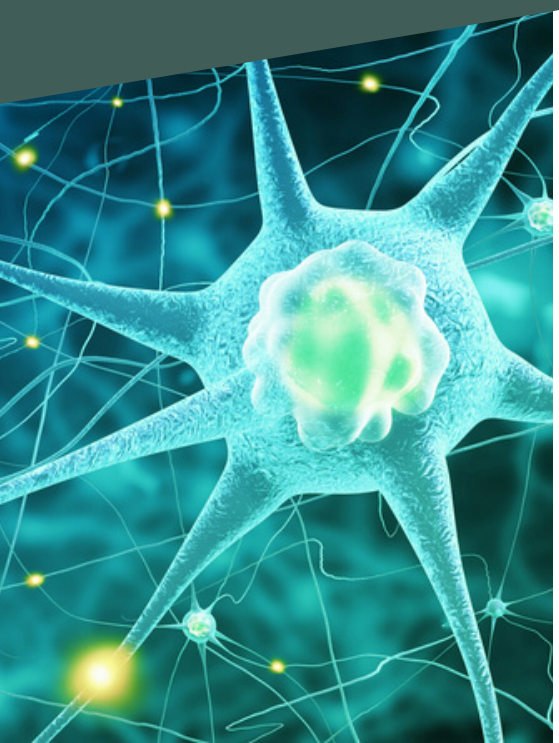

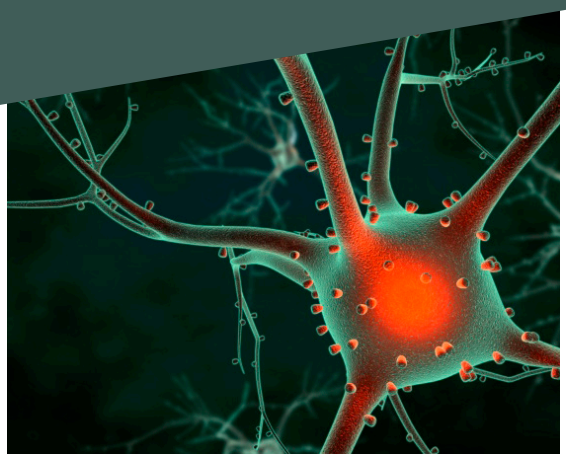

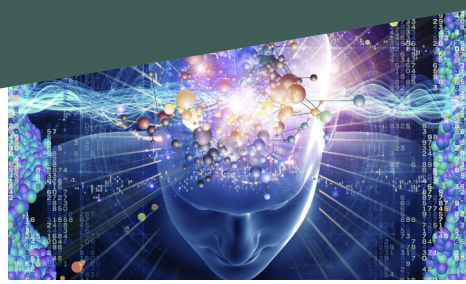

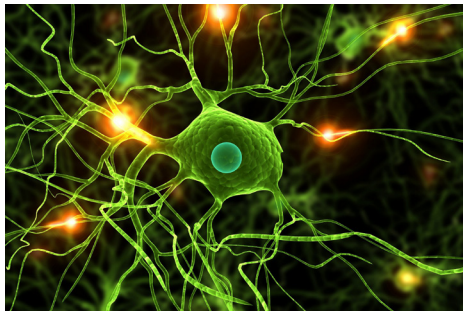

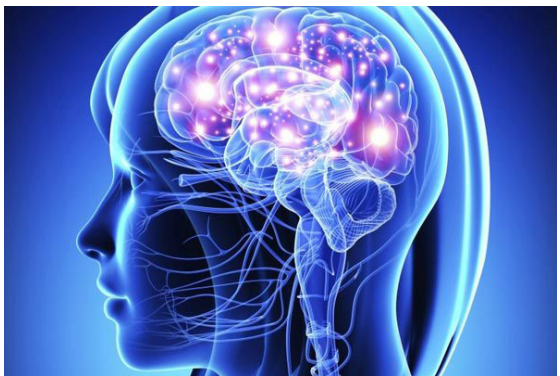

Conference Highlights
