9TH ANNUAL CONGRESS ON

NEUROSCIENCE & THERAPEUTICS

JUNE 22-23, 2020 | OSAKA, JAPAN

Neuroscience 2020

Invitation

Dear Attendees,

Meetings International proudly announces the 9th Annual Congress on Neuroscience & Therapeutics scheduled during June 22-23, 2020 in Osaka, Japan. The conference emphasizes the theme "Explore and learn the recent trends in Neuroscience and Therapeutic Developments".

This conference aims at future advancements in the field of Neuroscience & Therapeutics. Neuroscience 2020 will centre around the most recent and energizing advancements in every regions of Neuroscience & Therapeutics examine. The current year's conference features the topic "Neuroscience & Therapeutics" which mirrors the advancement in Neuroscience research and Therapeutics. This Neuroscience conference incorporates neurology workshops, symposiums, special keynote sessions led by prominent and prestigious speakers who exceed expectations in the field of Neuroscience. It additionally supports the dynamic investment of youthful undergraduate researchers as we are facilitating Poster Walks and Young research Forums at the conference. This conference provides the best platform to the scientific community and industry to share their experiences and researches, wherein they can add to the society and get to know about the latest techniques of Neuroscience & Therapeutics which can help in their personal growth as well.

Sincerely,

Operating Committee

Neuroscience 2020

Conference Highlights

- Neuroscience
- Central Nervous System
- Behavioural Neuroscience & Neurophysiology
- Clinical Neuroscience & Neurosurgery
- Neuroplasticity & Neurorehabilitation
- Neuroimaging & Neuroinformatics
- Neurological disorder & Pediatric Neurology
- Neuropharmacology & Neuro-oncology
- Neurogenetics & Neurogastronomy
- Neurotherapeutics, Diagnostics and Case Studies

To identify the future directions of research

Peer review and high quality publication

Quality research

Head Management/CEO/Manager

Dean

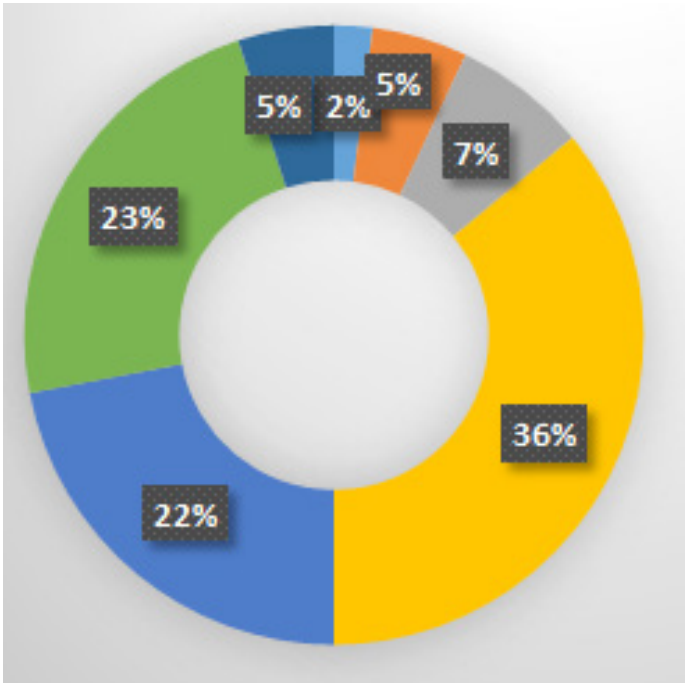

Director

Professor

Students
