## Explore Germany

Berlin is a world city of culture, politics, media and science. Its economy is based on high-tech firms and the service sector, encompassing a diverse range of creative industries, research facilities, media corporations and convention venues. Berlin serves as a continental hub for air and rail traffic and has a highly complex public transportation network. The metropolis is a popular tourist destination. Significant industries also include IT, pharmaceuticals, biomedical engineering, clean tech, biotechnology, construction and electronics. Berlin has an oceanic climate the eastern part of the city has a slight continental influence, especially in the 0 °C isotherm, one of the changes being the annual rainfall according to the air masses and the greater abundance during a period of the year.
