About Bangkok

Bangkok is the capital and most populous city of Thailand. It is an international hub for transport and health care, and has emerged as a regional center for the arts, fashion and entertainment. The city is well known for its vibrant street life and cultural landmarks.Bangkok's multi-faceted sights, attractions and city life appeal to diverse groups of tourists. Royal palaces and temples as well as several museums constitute its major historical and cultural tourist attractions. Shopping and dining experiences offer a wide range of choices and prices. The city is also famous for its dynamic nightlife. The historic Grand Palace and Buddhist temples including Wat Arun and Wat Pho stand in contrast with other tourist attractions such as the nightlife scenes of Khaosan Road and Patpong. The Giant Swing and Erawan Shrine demonstrate Hinduism's deep-rooted influence in Thai culture. Vimanmek Mansion in Dusit Palace is famous as the world's largest teak building, while the Jim Thompson House provides an example of traditional Thai architecture. Other major museums include the Bangkok National Museum and the Royal Barge National Museum. Cruises and boat trips on the Chao Phraya and Thonburi's canals offer views of some of the city's traditional architecture and ways of life on the waterfront. Shopping venues, many of which are popular with both tourists and locals, range from the shopping centres and department stores concentrated in Siam and Ratchaprasong to the sprawling Chatuchak Weekend Market. Taling Chan Floating Market is among the few such markets in Bangkok. Yaowarat is known for its shops as well as street-side food stalls and restaurants, which are also found throughout the city. Khao San Road has long been famous as a backpackers' destination, with its budget accommodation, shops and bars attracting visitors from all over the world. Bangkok is among the world's top tourist destinations. It is named the most visited city in MasterCard's Global Destination Cities Index, and was named "World's Best City" for four consecutive years by Travel + Leisure magazine. Like most of Thailand, Bangkok has a tropical savanna climate under the Köppen climate classification and is under the influence of the South Asian monsoon system.
