

8th International Conference on

Nursing Research and Evidence Based Practice

March 26-27, 2026 | Paris, France

INVITATION

ABOUT CONFERENCE

The 8th International Conference on Nursing Research and Evidence-Based Practice, scheduled for March 26–27, 2026, in Paris, France, is proudly hosted by Meetings International. This global platform is dedicated to advancing nursing science, education, and clinical practice through evidence-based approaches that enhance healthcare outcomes worldwide.

This prestigious event will bring together nursing professionals, researchers, academicians, practitioners, healthcare leaders, policymakers, and students from across the globe to share knowledge, innovations, and best practices in the field of nursing. The conference will feature keynote lectures, plenary sessions, interactive workshops, panel discussions, oral and poster presentations, and opportunities for networking and collaboration.

With a strong focus on evidence-based practice, the conference aims to bridge the gap between research and clinical application, empowering nursing professionals to improve patient care, influence health policies, and contribute to the global advancement of healthcare.

YOUNG RESEARCH FORUM:

We are announcing the Young Scientist Awards through the **8th International Conference on Nursing Research and Evidence Based Practice** which is scheduled on **March 26-27, 2026,** in **Paris, France**. This Nursing Research 2026 focuses on "Mental Health, Resilience & Wellbeing in Nursing" in Nursing. Nursing Research 2026 and upcoming conferences will recognize participants who have significantly added value to the scientific community of Medical science and provide them with outstanding Young Scientist Awards. The Young Scientist Award will provide a strong professional development opportunity for young researchers by meeting experts to exchange and share their experiences at our international conferences.

Past Event Report

Meetings International Conference successfully hosted its Seventh series on the "International Conference on Nursing virtually during March 17-18, 2025. The conference was organised with a theme focused on "Revitalizing Nursing Practice: Empowering Health for a Brighter Tomorrow," and it was a great success.

Eminent keynote speakers from various universities addressed the gathering.
The generous response and active participation of the organising committee members played a major role in the success of the conference.

On the other hand, we take
the opportunity to thank all the speakers, delegates, and participants for providing their valuable support and time for the conference.

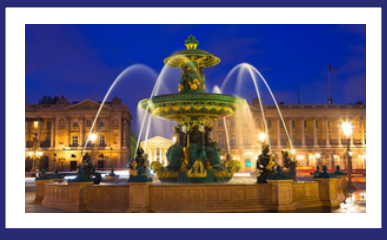

About Venue:

The 8th International Conference on Nursing Research and Evidence-Based Practice 2026 will be held in the enchanting city of Paris, France, a global center for culture, history, science, and innovation. Known as the "City of Light", Paris is home to iconic landmarks such as the Eiffel Tower, the Louvre Museum, Notre-Dame Cathedral, and the Champs-Élysées, offering delegates the perfect balance of academic enrichment and cultural discovery.

Paris is also recognized as a leading hub for healthcare and medical research, with world-class universities, research institutions, and hospitals that make it an ideal destination for nursing professionals to exchange knowledge and foster collaborations.

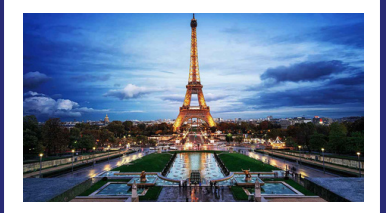

With its excellent connectivity, rich culinary heritage, and vibrant artistic scene, Paris offers an unforgettable experience for conference participants. Whether exploring the historic streets, enjoying a Seine River cruise, or networking over authentic French cuisine, attendees will find Paris the perfect backdrop for this international gathering.
