		Speaker Session	Speaker Session

Explore **Osaka**

Situated on the Honshu Island in the region known as Kansai, Osaka lies on the mouth of the Yodo River on Osaka Bay; a inlet off the Pacific Ocean. Osaka is a leading commercial and industrialized centre with a huge amount of interesting and exciting attractions, sights and activities for the visitor. Today Osaka is a modern city with a rich historical past that gives it a unique and distinct style with its own traditional arts, cuisine and entertainment. This is a city that knows how to enjoy itself. Osaka is fairly easy to get around, the public transport system, like much of Japan is best in class. There is a very good train network, which includes a great subway network which is the second biggest in Japan that gets visitors to most places of interest around the city and the JR Osaka Loop line that circles the city. The Midosuji Subway Line is the main artery which links Shin Osaka, Umeda, Shinsaibashi, Namba and Tennoji.
