Occupational Health and Safety

Theme:

Achieving Vision Zero through Basic Occupational Health Services

EuroSciCon

Occupational Health

2019

Invitation

Welcome to Paris, the capital and most populous municipality of France, and experience Occupational Health and Safety illuminated as never before. EuroSciCon is proud to host the 6th Edition of International Conference on Occupational Health and Safety, August 12-13, 2019 in Paris, France. This year's theme focused on Achieving Vision Zero through Basic Occupational Health Services. Occupational health 2019 will provide an unprecedented opportunity for Occupational Health-care Professionals, Doctors of all stripes and colors to share their research and experience with colleagues along with discuss and debate the latest advances in the field. We invite Occupational Health Professionals, Doctors, Pharmacologists and Researchers in related disciplines to come together and inform each other in an environment conductive to education and interaction. Seasoned scientists, young researchers, mid-career and just starting out professionals are all welcome with a broad array of keynote presentations, panel discussions, workshops, and poster sessions. The Occupational Health 2019 Conference is the perfect venue not only to dive into your particular Occupational Health interests but also to expand the scope of your knowledge. The 14 tracks are being devoted to subjects like Occupational Health and Environmental Safety, Occupational Health and Industrial Hygiene, Occupational Health and Diseases, Occupational Health Ergonomics, Act of Occupational Safety and Health, Occupational Health and Quality Management, Occupational Health Rehabilitation, Occupational Public Health-care & Safety, Occupational Health and Toxicology, Epidemiology as well as Risk assessment,Climate Change and Occupational Health, Psychology, Physiotherapy, Mental Health, Modern Preventive Safety Measures and Regulatory area. The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we now need to convert the extensive program on paper to an active and vibrant Occupational Health forum in person is your active participation.

Best Regards,
Organizing Committee
Occupational Health 2019

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

2019

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Occupational health Specialists, Occupational Health Doctors and Pharmacologists accessing the website, Occupational Health 2019 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Occupational Health 2019 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

Occupational Health

2019

About Destination Paris

Paris, France's capital, is a major European city and a global center for art, fashion, gastronomy and culture. Its 19th-century cityscape is crisscrossed by wide boulevards and the River Seine. Beyond such landmarks as the Eiffel Tower and the 12th-century, Gothic Notre-Dame cathedral, the city is known for its cafe culture and designer boutiques along the Rue du Faubourg Saint-Honore. The City of Paris's administrative limits form an East-West oval centred on the island at its historical heart, the Île de la Cite; this island is near the top of an arc of the river Seine that divides the city into southern Rive Gauche (Left Bank) and northern Rive Droite regions. Paris is the core of a built-up area that extends well beyond its limits: commonly referred to as the agglomération Parisienne, and statistically as measure of urban area, the Paris agglomeration's 2013 population of 10,601,122 made it the largest urban area in the European Union.City-influenced commuter activity reaches well beyond even this in a statistical aire urbaine de Paris (a measure of metropolitan area), that had a 2013 population of 12,405,426, a number one-fifth the population of France, the largest metropolitan area in the Eurozone.
