

EuroSciCon

13th Edition of International Conference on

Oceanography & Marine Biology

December 05-06, 2019
DUBAI, UAE

Theme:
Mastering The Marine Science Through Technology

Invitation

Welcome to DUBAI, the City of Natural History, and experience the science of Oceanography illuminated as never before. EuroSciCon is proud to host the 13th Edition of International Conference on Oceangraphy & Marine Biology, December 05-06, 2019 in DUBAI, UAE. This year's theme is Mastering The Marine Science Through Technology. Oceanography 2019 will provide an unprecedented opportunity for Marine Biologists of all stripes and colors to share their research with colleagues, and discuss and debate the latest advances in the field. We invite Oceanographers, Marine Biologists and scientists in related disciplines to come together and inform each other in an environment conducive to education and interaction. Seasoned scientists, young researchers, mid-career professionals and just starting out are all welcome.

With a broad array of keynote presentations, panel discussions, workshops, and poster sessions, the Oceanography Conference is the perfect venue not only to dive into your particular Marine Biological interests but also to expand the scope of your knowledge. About 30 tracks are devoted to subjects such as the Physical significance of Oceanography, Marine Geology, various technology in Marine Science, Marine Biotechnology, Oceanography and the regulatory arena.

The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant Oceanographic forum in person is your active participation.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

EuroSciCon

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 19 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

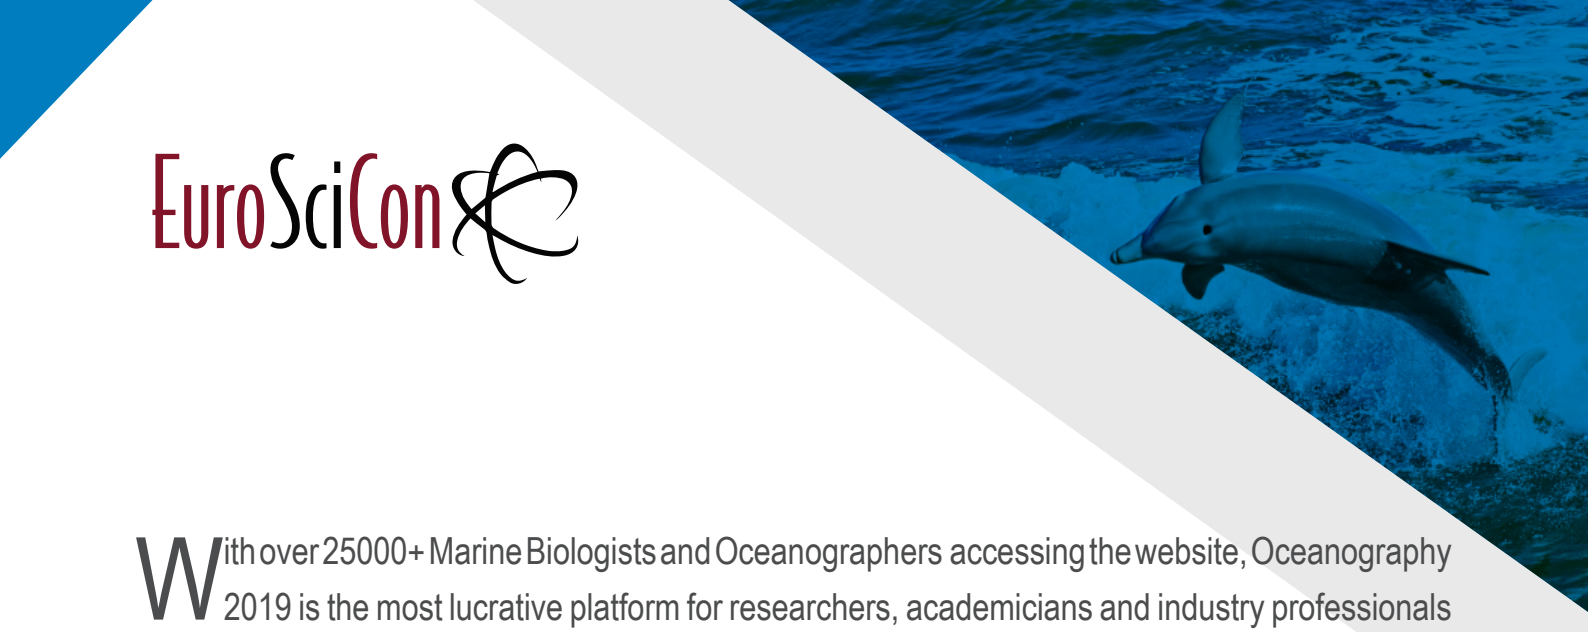

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Marine Biologists and Oceanographers accessing the website, Oceanography 2019 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Oceanography 2019 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

December 05-06, 2019
DUBAI, UAE

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

2019

Who'd be attending?

13th Edition of International Conference on Oceangraphy & Marine Biology plays host for the Multinational organizations, entrepreneurs across the globe, the researchers and academicians. Prominently Oceanographers, Investigative Marine Biologists and Geologists, Regulatory Professionals, Oceanology Professionals, Researchers, Scientists and Marine Ecologists and others who stay plunged in learning and practice of the science of Oceanography & Marine Biology.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Oceanography
- Marine Biology
- Physical Oceanography
- Aquaculture
- Climate Change
- Satellite Oceanography
- Marine Technology
- Human Impact on the Sea
- Marine Ecology
- Hydrology
- Coastal Oceanography
- Marine Geology
- Marine Pharmacognosy
- Coral Reefs
- Marine Genomics
- Fish Pathology
- Marine Ecotoxicology
- Marine Pollution
- Ocean Biogeochemistry
- Marine Biotechnology
- Ocean Engineering And Marine Energy
- Deep-Sea Discoveries
- Marine Chemistry
- Coastal Benthic Environments
- Microplastics
- Atmospheric and Ocean Science
- Coastal Hazards
- Marine Pharmacology
- Fisheries Science
- Aquatic Plants

2019

About Destination Dubai

Dubai is the largest and most populous city in the United Arab Emirates (UAE). On the southeast coast of the Persian Gulf, it is the capital of the Emirate of Dubai one of the seven emirates that make up the country. Dubai is a global city and business hub of the Middle East. It is also a major global transport hub for passengers and cargo. Oil revenue helped accelerate the early development of the city, but its reserves are limited, and production levels are low: today, less than 5% of the emirate's revenue comes from oil. Dubai's economy now relies on revenues from tourism, aviation, real estate, and financial services. Dubai has attracted world attention through large construction projects and sports events, in particular the world's tallest building, the Burj Khalifa. The emirate of Dubai shares borders with Abu Dhabi in the south, Sharjah in the northeast, and the Sultanate of Oman in the southeast. Hatta, a minor exclave of the emirate, is surrounded on three sides by Oman and by the emirates of Ajman (in the west) and Ras Al Khaimah (in the north). The Persian Gulf borders the western coast of the emirate. Dubai covers an area of 1,588 sq. mi (4,110 km2), which represents a significant expansion beyond its initial 1,500 sq. mi (3,900 km2) designation due to land reclamation from thesea. As of 2012, Dubai was the most expensive city in the Middle East. In 2014, Dubai's hotel rooms were rated as the second most expensive in the world
