About Singapore

Oil & Gas 2022

Singapore is an island city-state located in Southeast Asia and is officially known as the Republic of Singapore. It lies in the southern tip of Malay of Peninsula. Singapore is characterized by a hot and humid climate. The island does not have clear-cut seasons like summer, spring, autumn and winter. It is located just 1degree north of the equator. Rainfall is almost an everyday phenomenon. Singapore is a global hub for education, entertainment, finance, healthcare, human capital, innovation, logistics, manufacturing, technology, tourism, trade and transport. The education system in Singapore has been noted to be one of the best in the world. Singapore promotes itself as a medical tourism hub, with about 200,000 foreigners seeking medical care there each year. .
