Dear Colleagues,

Meetings International provides an international dais for scientists and experts to exchange ideas, knowledge and networking at its 100+ International Conferences.

Meetings International invites all the participants across the globe to attend the International Conference on Oncology and Radiology during December 03-04, 2018, Edinburgh, Scotland. The theme of the conference is "Advancements in Oncology and Radiology, different perspectives to cure cancer" and to encourage young minds and their research abilities by providing an opportunity to meet the experts in the field of Oncology and Radiology from all over the globe.

Oncology – The study of cancer, is a much known firm with emerging inventions patenting in order to cure as well as prevent people from the risk of cancer. Since now, more than 120 types of cancer have been reported. Apart from more common cancers, rare cancers like Ataxia-Telangiectasia, Familial GIST are also affecting peoples in various parts of the world.

Radiology is the use of radiations for imaging that are used to diagnose and in sometimes to treat diseases within human body. This was done by a trained physician, called as Radiologist. The simultaneous development of high energy treatment machines and softwares which are used for treatment planning has made radiotherapy as a therapeutic tool for various malignancies. Oncology and Radiology 2018 will fetch you a different aspect of looking these firms and promote developments in these areas.

Conference Highlights :

- Oncology and Radiology
- Life style and Cancer Risk
- Statistics of Oncology
- Progress in Oncology
- Medical Oncology
- Radiation Oncology
- Oncology diagnostics and therapeutics
- Functional Molecular Imaging
- Translational cancer biology
- Cancer Biotechnology
- Molecular Oncology
- Drugs for Cancer

Organizing Committee Members

Dr. Benoit Chenais
Le Mans University, France

Dr. Ridha Hambli
Orleans Univeristy, France

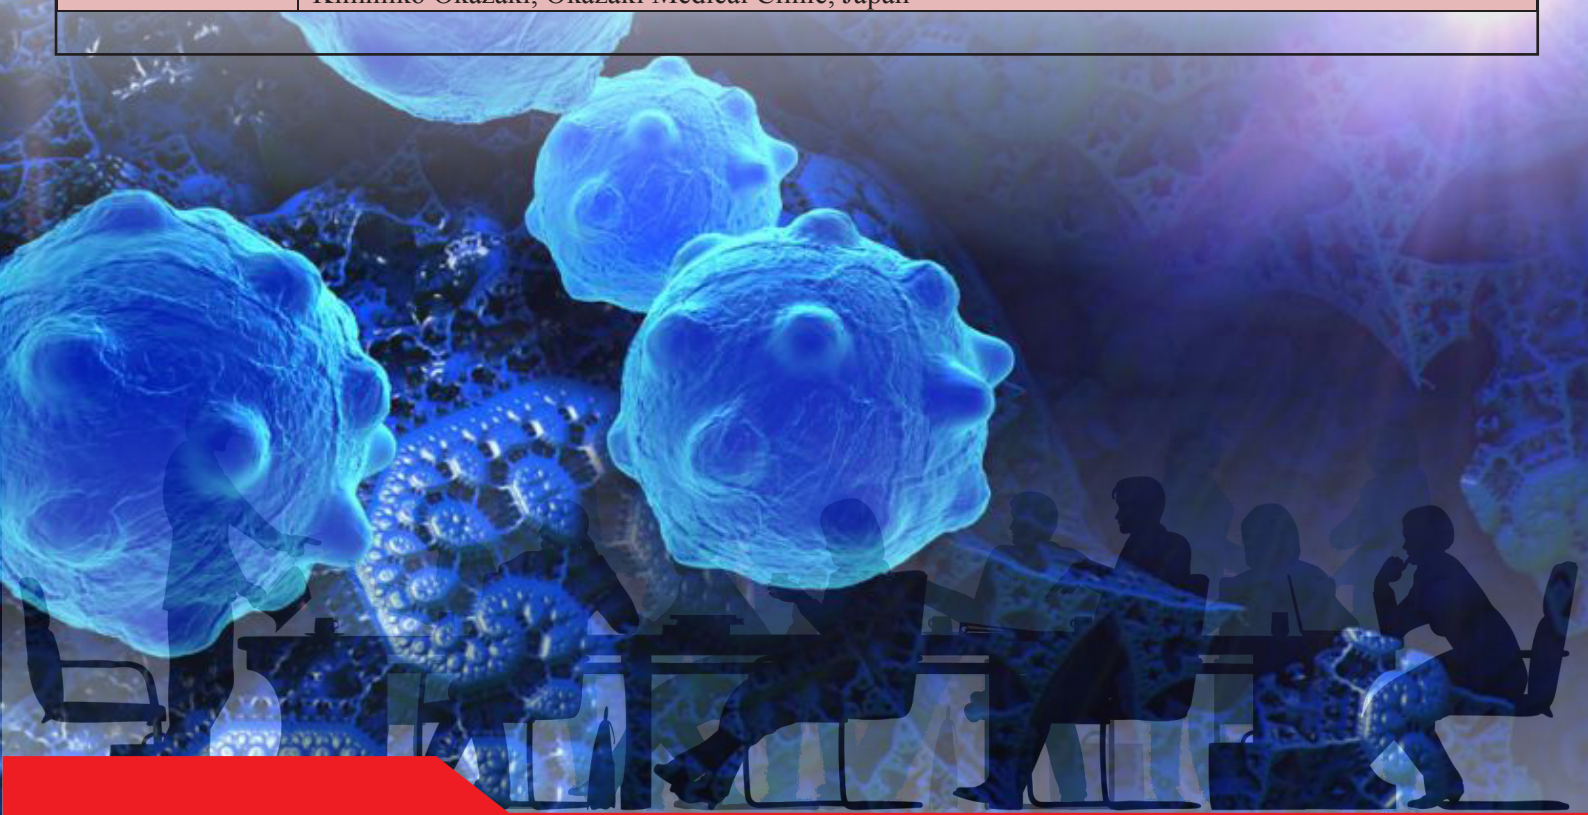

Dr. Viroj Wiwanitkit
Hainan Medical University, China

International Conference on

Oncology and Radiology

December 03-04, 2018 | Edinburgh, Scotland

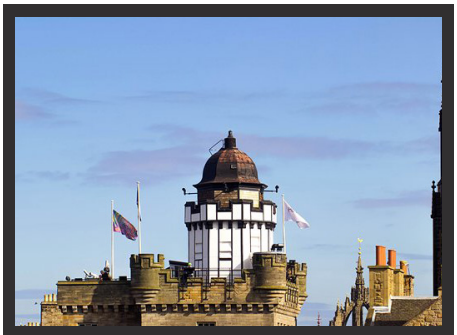

Oncology and Radiology 2018 Tentative Program	
Sessions	
Presentation 1	Title: Docosahexaenoic acid as an anti-proliferative and anti-invasive agent in breast cancer cells.
	Chenais B, Blanckaert V, Le Mans University, Le Mans, France
Presentation 2	Title: Radiologist Performance in the Detection of Lung Cancer using Computed Tomography
	Badera Al Mohammad, Stephen Hillis, Warren Reed, B. Maram Alakhras , Patrick Brennan, The University of Sydney, Australia
Presentation 3	Title: Determination of microbial contamination of mobile phone earpieces as a potential for causing ear infections a risk to brain cancer among IHSU students
	Emmanuel Kawalya, Mengo Hospital Kampala, Uganda
Presentation 4	Title: Hemolytic Uremic Syndrome with normal platelet count: The thrombocytopenia that wasn't.
	Hatti K, Kouides P, Rojas M Rochester General Hospital, New York.
Presentation 5	Title: An Extremely Reliable Prevention of Cancer
	Kimihiko Okazaki, Okazaki Medical Clinic, Japan

About Edinburgh

Venue:

Edinburgh, Scotland

Edinburgh, capital of Scotland is located in Lothian on the Firth of Forth's southern shore. Edinburgh is the second largest financial centre in United Kingdom and it has long been a centre of education especially in the fields of medicine, law, literature, engineering and so on. It had made the United Kingdom as the second most popular tourist destination because of the city's historical and cultural attractions. It is home to many national institutions such as National Museum of Scotland, National library of Scotland and Scottish National Gallery. Scotland is home to world's most significant inventions from adhesive stamp to penicillin. The universities in Scotland hold world's renowned professors, scholars and experts. The reputation is built on pioneering research and innovation. The University of Edinburgh ranks 23rd in QS World University Ranking. Edinburgh has a distinguished literary tradition. The city was declared as the first UNESCO City of literature. Today, the city is home of many publishing companies.
