Invitation

Dear Attendees,

Meetings International presents the ***2nd International Conference on Oncology*** scheduled to be held from ***March 20-21, 2023 | Paris, France***. The conference will bring together leading scientists, early-career researchers to share their perspectives and gather specialists from these interdisciplinary fields to discuss necessary measures needed to develop a new generation of powerful tools for synergistic development in the field of sensors. Through a progression of encouraging plenary talks, inspiring keynote lectures, workshops, industry-sponsored symposia and exhibitions, the conference provides new information about the use of latest technologies and building new links between disciplines enables discussion and new collaborations. We assure our attendees return to their place with the selfbelief to improve their abilities and outfitted with certified approaches to work with us.

Sincerely,

Operating Committee

Paris is the capital and most populous city of France. Paris is one of the most beautiful cities in the world. It is known worldwide for the Louvre Museum, Notre-Dame cathedral, and the Eiffel tower.Paris, the capital of France, has a population of over two million people and is one of Europe's most-visited cities.

It is known worldwide for the Louvre Museum, Notre-Dame cathedral, and the Eiffel tower. It has a reputation of being a romantic and cultural city. The city is also known for its high-quality gastronomy and the terraces of its cafés.

Paris is monumental, both due to its size but also its wealth of architectural heritage! The symbol of the capital city, and doubtless its best-known monument, is the unique Eiffel Tower, the "Iron Lady" that offers visitors an unsurpassed view. Close by is the equally iconic Arc de Triomphe.
