

EuroSciCon

September 28-29, 2021

Dublin Ireland

28th Edition of European

Ophthalmology Congress

September 28-29, 2021 | Dublin Ireland

Theme: An eye on the update of ophthalmology

Invitation

Welcome to London, the City of Arts and Science, and experience the science of Ophthalmology illuminated as never before. EuroSciCon is proud to host the 28th Edition of European Ophthalmology Congress, September 28-29, 2021 in Dublin Ireland. This year's theme is Visualizing the Achieves and Global Enhancements in Ophthalmology. Ophthalmology 2021 will provide an unprecedented opportunity for Ophthalmologists of all stripes and colors to share their research with colleagues, and discuss and debate the latest advances in the field. We invite Ophthalmologists, Opticians, Ocularists, Orthoptists, Ophthalmic medical practitioner, Optometrist Popular Researchers and Scholars in related disciplines to come together and inform each other in an environment conducive to education and interaction. Seasoned scientists, young researchers, mid-career professionals and just starting out are all welcome.

With a broad array of keynote presentations, panel discussions, workshops, and poster sessions, the Ophthalmologists Conference is the perfect venue not only to dive into your particular ophthalmology interests but also to expand the scope of your knowledge. The tracks are devoted to subjects such as the Eye Anatomy/ Comprehensive Eye Care, Types of Ophthalmology, Ophthalmic research and Drug delivery, Instruments of Ophthalmology, Ophthalmology for the General practitioner, Ophthalmology Disorders, Eye Conditions and Treatments, Ocular Genetics, Ophthalmology Surgery, Vision Rehabilitation, Ocular Pharmacology - Ocular Pharmacotherapeutics, Ocular Microbiology - Ocular Immunology, Ophthalmic Vision Science, Ophthalmologists Career & Training, Ophthalmology Practice, Ophthalmic Case Studies, LENS, Opthalmology Technologies, Ophthalmology Softwares Ophthalmology Practice. The Organizing Committee has done its best to set up a framework that we think will allow for acreative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant Ophthalmological forum in person is your active participation.

EuroSciCon

A Transformational Learning Experience

1. Curated to address the concerns of today's scientific world
2. Be inspired by some of the world's most renowned figures
3. Stimulate new ways of thinking and provoke action.
4. Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

With over 26000+ Ophthalmologists accessing the website, Ophthalmologists 2021 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Ophthalmologists 2021 Salient Features:

In a world of information overload, we focus on the issues most relevant to today'stechnical trends enabling our patrons to Congregate with most senior executives Nurture connexions Agenda format which incorporates ample Q&A time Partake in our revamped exhibitor expo sessions Meet and listen to the relevant clients Unprecedented growth creating an unparalleled market place

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

Who'd be attending?

28th Edition of European Ophthalmology Congress plays host for the Multinational organizations, entrepreneurs across the globe, the researchers and academicians. Prominently Ophthalmology Consultants, Opticians, Ocularists, Orthoptists, Ophthalmic medical practitioner, Optometrist Popular Researchers and Scholars, Ophthalmology Associates and Societies, Business Entrepreneurs, Vision Research Labs Members, Software developing companies, Associations Manufacturing Medical Devices and others who stay plunged in learning and practice of the science of Ophthalmology.

About hosting organization

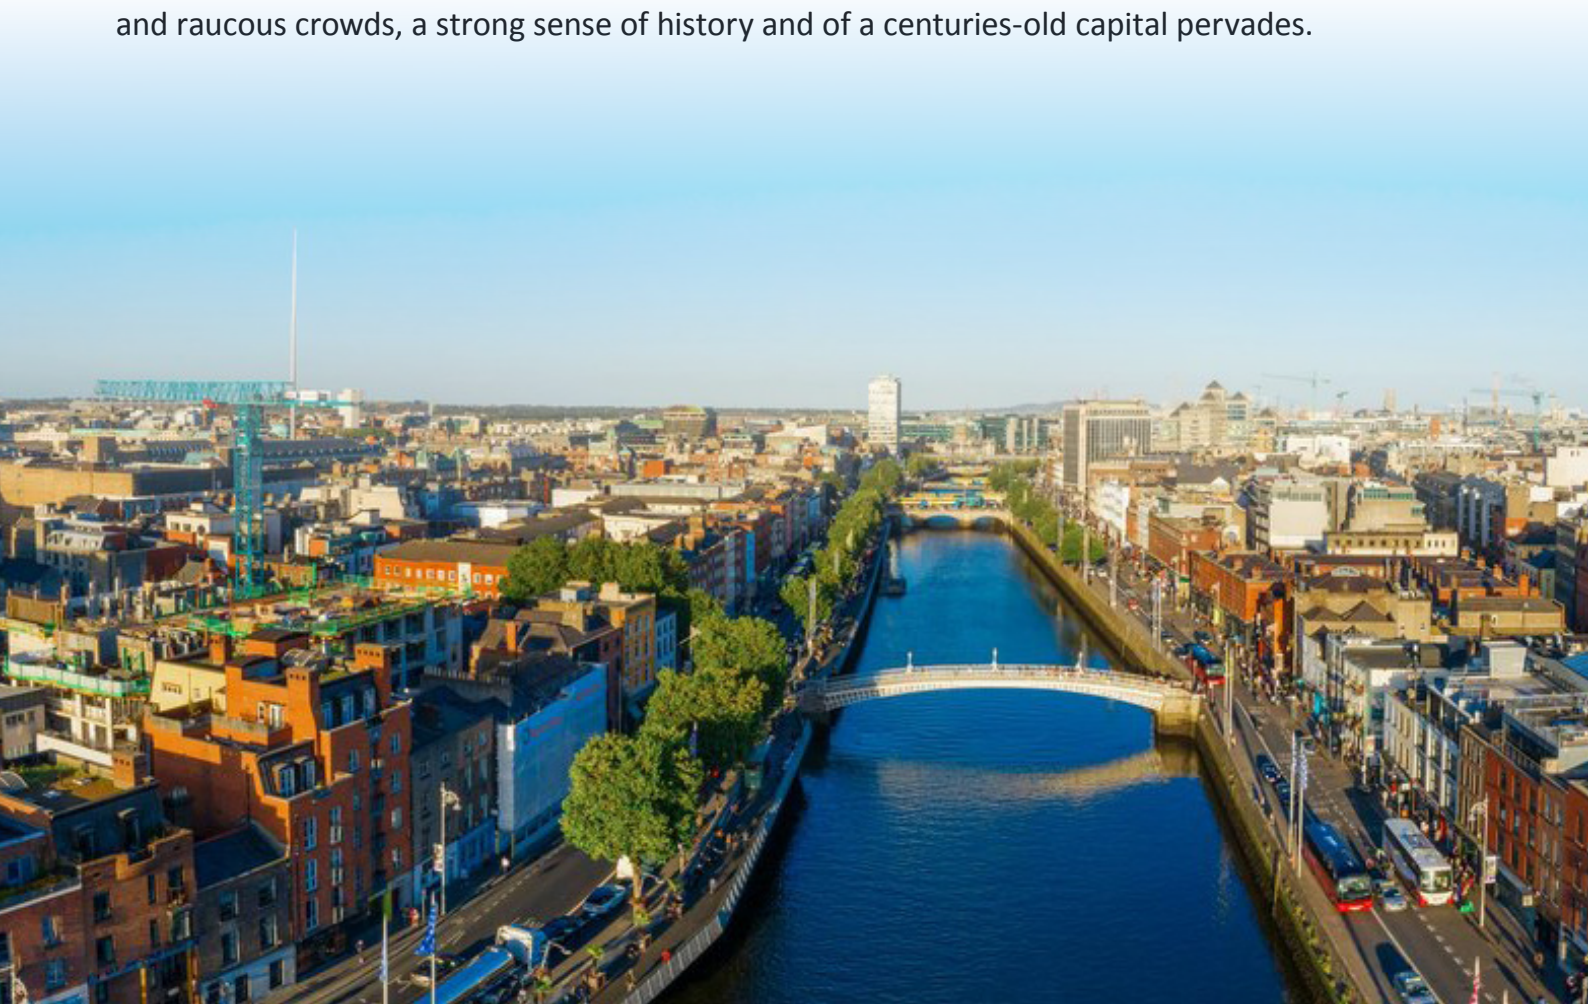

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Comprehensive Eye Care
- Smart phones And Eyestrain
- Latest Research In Ophthalmology And Vision
- Improvement
- Retina And Retinal Disorders
- Cornea And Corneal Diseases
- Glaucoma
- Cataract And Refractive Surgery
- Dry Eye & Uveitis
- Ocular Trauma
- Diabetic Retinopathy
- Oculoplastics And Orbit Surgery
- Ophthalmic Genetics
- Neuro-Ophthalmology
- Paediatric Ophthalmology
- Ocular Oncology And Ocular Pharmacology
- Ophthalmic Pathology
- Optometry
- Vision Science And Vision Therapy
- Ocular Inflammation And Immunology

About Destination Dublin

Dublin is a warm and welcoming city, known for the friendliness of its people and famous for its craic ("crack")—that mixture of repartee, humour, intelligence, and acerbic and deflating insight that has attracted writers, intellectuals, and visitors for centuries. It has faded grandeur and a comfortably worn sense. Some one-fourth of the residents of the Republic of Ireland live in the Greater Dublin urban area, providing a good deal of bustle. The city's heart is divided north-south by the River Liffey, with O'Connell's Bridge connecting the two parts. Pubs (where much of the city's social life is conducted), cafés, and restaurants abound, and Irish musicality rarely allows silence. On the north side, near the General Post Office, stand most of the remaining Georgian houses, built in the 18th century around squares, now side by side with glass and concrete offices and apartment blocks. Some of the finest monumental buildings stand on the north riverbank, as do the city's poorest parts, maintaining a curious juxtaposition between the echoes of the politics and economic life of the past—aristocratic and impoverished—and the manifestations of the prosperous city of the present. Ireland's national theatre, the Abbey, is just east of O'Connell Street, marked since 2002 by the Spire of Dublin, a 394-foot (120-metre) stainless steel landmark that proclaimed the street's transformation with a pedestrian plaza and tree-lined boulevard. Together with a rash of new high-rise buildings, the spire has changed the character of the city and of the north side. Though Dublin has undergone modernization, and some areas—such as the narrow and winding streets of the Temple Bar district west of Trinity College—regularly play host to rowdy and raucous crowds, a strong sense of history and of a centuries-old capital pervades.
