Optics 2018

INTERNATIONAL CONFERENCE ON

LASERS AND OPTICS

July 23-24 , 2018 | *Osaka, Japan*

Theme: ***Integrating the Advances of Lasers and Optics in Modern life***

http://www.meetingsint.com/conferences/optics

Invitation

Meetings International proudly announces the ***International Conference on Lasers and Optics*** scheduled during ***July 23-24, 2018*** in ***Osaka, Japan***. The conference emphasizes the theme "***Integrating the Advances of Lasers and Optics in Modern life***".

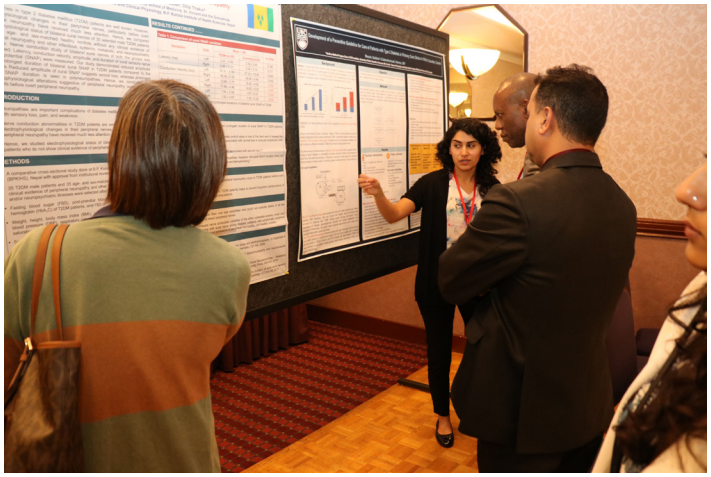

Meetings International provides an international dais for scientists, designers, practitioner's, architects and understudies to Exchange Ideas, Knowledge and Networking at its **100+ International Conferences**. The essential goal of this gathering is to advance research and formative exercises in Lasers, Optics and Photonics. It is a perfect stage for individuals to share their perspectives and encounters in the related ranges.

Sincerely,
Operating Committee
CEO and Founder
Meetings International PTE LTD.

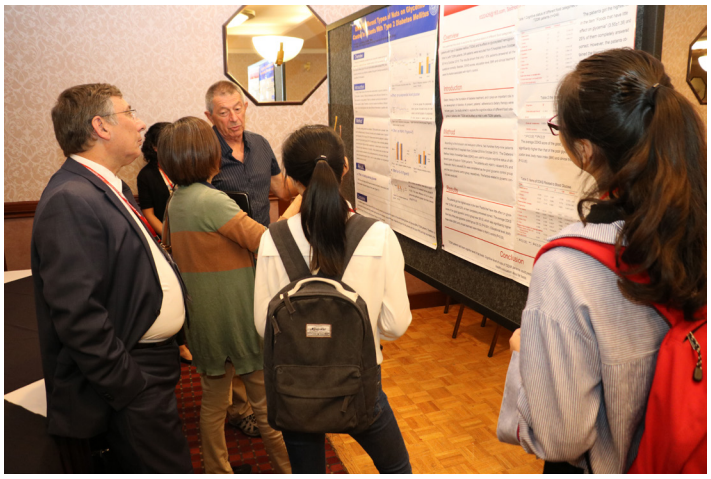

Optics 2018

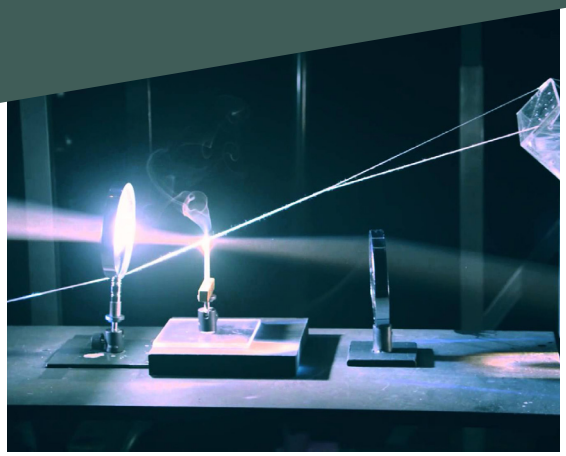

Conference Highlights

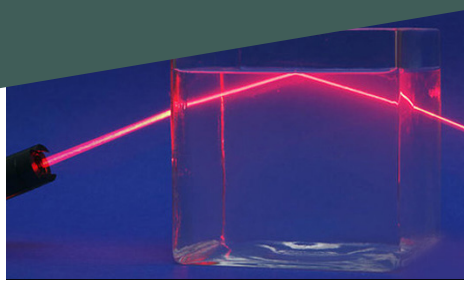

- Optics and biomechanics
- Modern Optics
- Interferometry
- SDM and beyond
- Optical Metrology
- Machine Learning-Assisted Software-Defined Optical Networks
- Optical Imaging Systems and Machine Vision
- Optical Computing
- Micro-Opto-Electro-Mechanical Systems (MOEMS)
- Optical Methods for Process Control
- Microscopy and Adaptive Optics
- Lasers in Medicine and Biology
- Engineering Applications of Spectroscopy
- Optoelectronic Devices, Photonics, Nanophotonics and Biophotonic
- Organic Optoelectronics and Integrated Photonics
- Optical Communications, Switching and Networks
- High-speed Opto-electronic Networking
- Applications and Trends in Optics

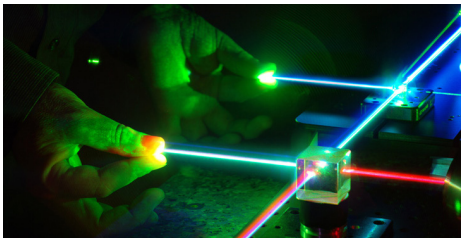

Meetings Int. offers

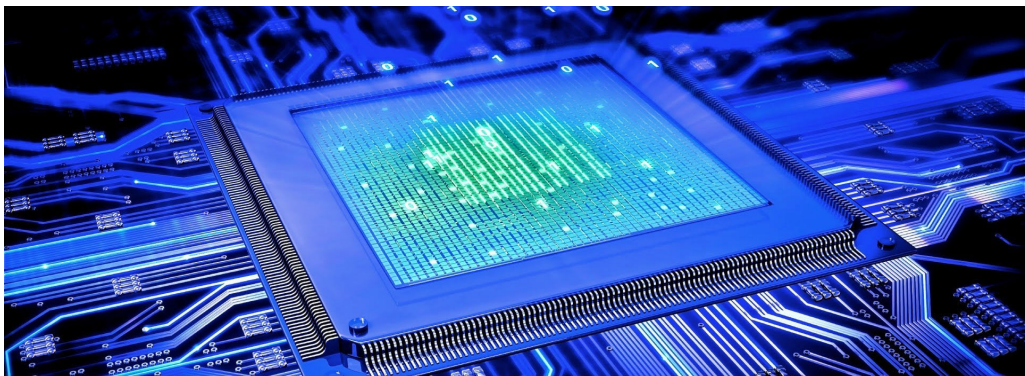

An unique platform for top level research and innovation

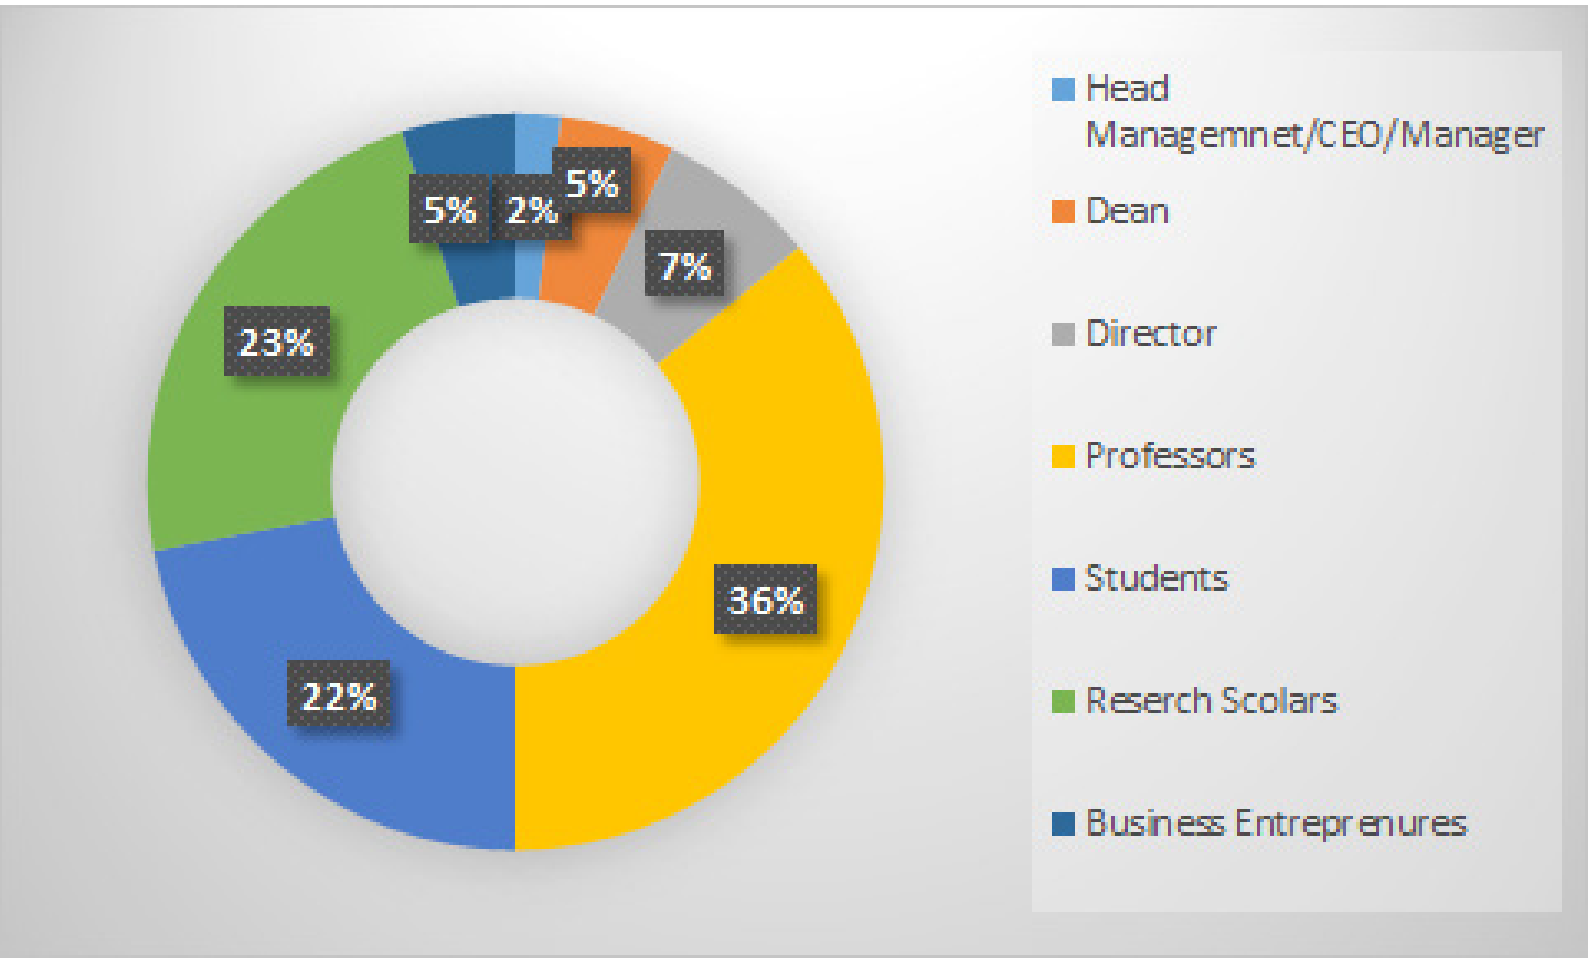

WE VALUE

To identify the future directions of research

Peer review and high quality publication

Quality research

Explore **Osaka**

Osaka is a designated city in the Kansai area of Japan. It is the capital city of Osaka Prefecture and the biggest part of the Keihanshin Metropolitan Area, the second biggest metropolitan territory in Japan and among the biggest on the planet with more than 19 million tenants. Situated at the mouth of the Yodo River on Osaka Bay, Osaka is the second biggest city in Japan by daytime population after Tokyo's 23 wards and the third biggest city filling in as a noteworthy financial center point for the nation. The GDP in the greater Osaka area is $341 billion. Osaka positions nineteenth among the world's driving urban communities and assumes a critical part in the worldwide economy.
